SECURITIES NOTE

(incorporated with limited liability under the laws of the Republic of Austria)

€ 40,000,000,000

EURO MEDIUM TERM NOTE PROGRAMME FOR THE ISSUE OF INSTRUMENTS INCLUDING COVERED BONDS DUE FROM ONE MONTH TO 40 YEARS FROM THE DATE OF ISSUE

UniCredit Bank Austria AG ("**Bank Austria**" or the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue instruments in bearer form (the "**Instruments**") including: (i) ordinary senior notes (the "**Senior Notes**"); (ii) ordinary senior eligible preferred notes (the "**Senior Preferred Notes**"); senior non-preferred eligible notes (the "**Senior Non-Preferred Notes**") and subordinated eligible notes (the "**Subordinated Eligible Notes**") (together the "**Eligible Notes**"); and (iii) subordinated notes (the "**Subordinated Notes**") (together, the "**Notes**"); as well as (iv) covered bonds (*gedeckte Schuldverschreibungen*) (the "**Covered Bonds**") denominated in such currencies as may be agreed with the Purchaser(s) (as defined below). The Instruments will have maturities from one month to 40 years from the date of issue (except as set out herein) and, subject as set out herein, the maximum aggregate nominal amount of all Instruments from time to time outstanding will not exceed € 40,000,000,000 (or its equivalent in other currencies at the time of agreement to issue, subject as further set out herein).

The Instruments may be issued on a continuing basis to one or more of the Dealers (each, a "**Dealer**" and together, the "**Dealers**", which expressions shall include any additional Dealer appointed under this € 40,000,000,000 Euro Medium Term Note Programme (the "**Programme**") from time to time). Instruments may also be issued directly by the Issuer to persons other than Dealers. Dealers and such other persons are referred to as "**Purchasers**".

Application has been made to the *Commission de Surveillance du Secteur Financier* (the "**CSSF**") of the Grand Duchy of Luxembourg in its capacity as competent authority under the Prospectus Regulation and the Luxembourg act relating to prospectuses for securities dated 16 July 2019 (*Loi du 16 juillet 2019 relative aux prospectus pour valeurs mobilières et portant mise en oeuvre du règlement (UE) 2017/1129*, the "**Luxembourg Law**").

This document contains the securities note (the "**Securities Note**") for the purpose of Article 8(1) in conjunction with Article 8(6) of the Regulation (EU) 2017/1129 (as amended) (the "**Prospectus Regulation**") and has been approved by the CSSF. This Securities Note, together with the registration document dated 27 March 2024, as supplemented or updated from time to time (the "**Registration Document**") constitutes a base prospectus (as supplemented, the "**Base Prospectus**") in accordance with Article 8(6) of the Prospectus Regulation. The CSSF only approves this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the quality of the Instruments that are the subject of the Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Instruments.

Application has been made to the Luxembourg Stock Exchange for Instruments issued under the Programme during the period of 12 months from the date of this Securities Note to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the official list of the Luxembourg Stock Exchange. Further, Instruments may be admitted to trading on the Official Market (*Amtlicher Handel*) of the Vienna Stock Exchange or other regulated or non-regulated markets within the European Economic Area or elsewhere or may be unlisted, as specified in the final terms (the "**Final Terms**"). No assurance can be given that the Instruments will be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange or any other regulated or non-regulated market.

References in this Securities Note to Instruments being "listed" in Luxembourg (and all related references) shall, for the purposes of the Prospectus Regulation, mean that such Instruments have been admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and have been listed on the official list of the Luxembourg Stock Exchange. The Regulated Market of the Luxembourg Stock Exchange is a regulated market for the purposes of Directive 2014/65/EU (as amended) ("**MiFID II**").

Notice of the aggregate nominal amount or principal amount of, the interest (if any) payable in respect of, the issue price of, and any other matters not contained herein which are applicable to Instruments of the same series (each a "**Tranche**") will be set out in the Final Terms which, with respect to Instruments to be listed on the official list of the Luxembourg Stock Exchange, will be delivered to the relevant authorities in Luxembourg. Each Final Terms will contain the final terms of each Tranche of Instruments for the purposes of Article 8(2) of the Prospectus Regulation.

Instruments may, after notification in accordance with Article 25 of the Prospectus Regulation, be admitted to trading on the regulated markets of and/or admitted to listing on the stock exchanges of one or more member states of the European Economic Area and/or publicly offered within the European Economic Area. The Issuer has requested the CSSF to provide each of the Austrian Financial Market Authority (*Finanzmarktaufsichtsbehörde* – "**FMA**") being the competent authority

in the Republic of Austria as well as the competent authority in Germany (*Bundesanstalt für Finanzdienstleistungsaufsicht* – "**BaFin**") with a certificate of approval attesting that the Base Prospectus of which this Securities Note forms part has been drawn up in accordance with the Prospectus Regulation. The Issuer may request the CSSF to provide certificates of approval to competent authorities in additional states of the European Economic Area. Instruments may also be issued by the Issuer under other base prospectuses according to national laws and the Prospectus Regulation. In such case the maximum aggregate nominal amount of all Instruments issued under all base prospectuses of the Issuer will still not exceed € 40,000,000,000.

This Securities Note is valid for a period of 12 months after its approval.

The validity ends upon expiration on 27 March 2025. There is no obligation to supplement the Base Prospectus (comprising this Securities Note and the Registration Document) in the event of significant new factors, material mistakes or material inaccuracies when the Base Prospectus (comprising this Securities Note and the Registration Document) is no longer valid.

Subject as set out herein, this Securities Note and any supplement hereto will only be valid for listing Instruments if the aggregate of the principal amount of those Instruments and all Instruments outstanding as at the date of issue of those Instruments did not exceed € 40,000,000,000 (or its equivalent in the other currencies specified herein) outstanding at any one time, calculated by reference to the relevant exchange rate prevailing at the date of the respective subscription agreement (the "**Agreement Date**").

Tranches of Instruments may be rated or unrated. Where a Tranche of Instruments is rated, such rating will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Whether or not each credit rating applied for in relation to a relevant Tranche of Instruments will be issued by a credit rating agency established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended) will be disclosed clearly and prominently in the Final Terms.

This Securities Note has been approved by and filed with the CSSF and has been published on 27 March 2024 in electronic form on the website of the Luxembourg Stock Exchange (www.luxse.com) and on the website of the Issuer (https://www.bankaustria.at/en/about-us-issues-under-base-prospectuses-base-prospectuses.jsp).

Potential investors should be aware that any website referred to in this Securities Note does not form part of this Securities Note, except websites related to the documents incorporated by reference, and has not been scrutinised or approved by the CSSF.

THERE ARE CERTAIN RISKS RELATED TO AN INVESTMENT IN THE INSTRUMENTS WHICH INVESTORS SHOULD ENSURE THEY FULLY UNDERSTAND (SEE "RISK FACTORS" BELOW). THIS SECURITIES NOTE DOES NOT DESCRIBE ALL OF THE RISKS OF AN INVESTMENT IN THE INSTRUMENTS.

IMPORTANT NOTICE

The purpose of this Securities Note is to give information with regard to the Instruments.

This Securities Note is to be read in conjunction with any supplement to this Securities Note, the relevant Final Terms (as defined below) in relation to any tranche of Instruments, the Registration Document and with all the documents which are incorporated herein by reference (see "*Documents Incorporated by Reference*" below). This Securities Note shall be read and construed on the basis that such documents are so incorporated by reference and form part of this Securities Note.

The Dealers have not separately verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility is accepted by the Dealers (other than the Issuer) as to the accuracy or completeness of the financial or other information contained in or incorporated by reference into the Base Prospectus, or any other financial statements or any further information supplied in connection with the Programme or the Instruments or their distribution. The statements made in this paragraph are without prejudice to the responsibility of the Issuer under the Programme.

No person is or has been authorised to give any information or to make any representation not contained in or not consistent with the Base Prospectus or any other financial statements or further information supplied in connection with the Programme or the Instruments and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or by any of the Dealers.

Neither this Securities Note nor the Registration Document nor any other financial statements nor any further information supplied in connection with the Programme or the Instruments are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Securities Note or the Registration Document or any other financial statements or any further information supplied in connection with the Programme or the Instruments should purchase any of the Instruments. Each investor contemplating purchasing Instruments should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. None of this Securities Note nor the Registration Document nor any other financial statements or any further information supplied in connection with the Programme or the Instruments constitutes an offer or invitation by or on behalf of the Issuer, the Dealers or any of them to any person to subscribe for or to purchase any of the Instruments.

Neither the delivery of this Securities Note nor the Registration Document nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer since the date hereof or that there has been no adverse change in the financial position of the Issuer since the date hereof or the date upon which the Base Prospectus (comprising this Securities Note and the Registration Document) has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer or any of its subsidiaries during the life of the Programme. Investors should review, *inter alia*, the most recent financial statements of the Issuer when deciding whether or not to purchase any of the Instruments.

The Issuer has undertaken to supplement this Securities Note and the Registration Document or publish a new securities note or registration document if and when the information herein should become materially inaccurate or incomplete, and has further agreed to furnish a supplement to this Securities Note or the Registration Document in the event of any significant new factor, material mistake or material inaccuracy relating to the information included in this Securities Note or the Registration Document which is capable of affecting the assessment of the Instruments and which arises or is noted between the time when this Securities Note or the Registration Document has been approved and the final closing of any Tranche of Instruments offered to the public or, as the case may be, when trading of any Tranche of Instruments on a regulated market begins, whichever occurs later, in respect of Instruments issued on the basis of this Securities Note or the Registration Document.

Prospective investors should inform themselves as to the legal requirements and tax consequences within their country of residence for the acquisition, holding or disposition of Instruments.

The Issuer and the Dealers do not represent that this document may be lawfully distributed, or that the Instruments may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available hereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, save as specified in the Base Prospectus, no action has been taken by the Issuer or the Dealers which would permit a public offering of the Instruments or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, the Instruments may not be offered or sold, directly or indirectly, and neither the Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms.

The distribution of the Base Prospectus and the offer or sale of the Instruments may be restricted by law in certain jurisdictions. Persons into whose possession the Base Prospectus or any Instruments come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of the Base Prospectus and/or the offer or sale of the Instruments in the United States, the United Kingdom, the European Economic Area, Japan, South Africa, and Hong Kong (see "*Selling Restrictions*" below).

The Instruments have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and include Instruments in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, the Instruments may not be offered, sold or delivered within the United States or to US persons (as defined in Regulation S under the Securities Act ("**Regulation S**")). For a more complete description of restrictions on offers and sales and applicable US tax law requirements, see "*Selling Restrictions*" below.

None of the Dealers (also in their capacity as green or ESG (as defined below) structuring agent), any of their affiliates or any other person mentioned in this Securities Note makes any representation as to the suitability of the Instruments to fulfil environmental and sustainability criteria required by any prospective investors. The Dealers have not undertaken, nor are responsible for, any assessment of any sustainability bond framework or any eligible sustainable projects (including the Sustainability Bond Framework (as defined below)), any verification of whether such eligible sustainable projects meet the criteria set out in such sustainability bond framework or the monitoring of the use of proceeds.

For further information on ESG related aspects, including on UniCredit Group's Sustainability Bond Framework (each as defined below), reference is made to the section "*USE OF PROCEEDS*" of this Securities Note.

Reference is also made to the risk factors as disclosed in this Securities Note, in particular to the risk factors "*3.4 Green Instruments, Social Instruments, Sustainability Instruments: Use of Net Proceeds may not meet investors' sustainable investment criteria*" and "*3.5 Sustainability evaluations*".

In this Securities Note, references to "**euro**", "**€**", "**EUR**" are to euro, references to "**$**", "**U.S.$**" and "**U.S. dollars**" are to United States dollars, references to "**£**" and "**Sterling**" are to pounds sterling.

References in this Securities Note to Instruments include (other than as may otherwise be specified or the context otherwise requires and other than in the Terms and Conditions of Instruments or Terms and Conditions of Covered Bonds) Covered Bonds.

Each potential investor in the Instruments must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

(i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Instruments, the merits and risks of investing in the relevant Instruments and the information contained or incorporated by reference into this Securities Note or any supplement hereto;

(ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Instruments and the impact the Instruments will have on its overall investment portfolio;

(iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Instruments, including where the currency for principal or interest payments is different from the potential investor's currency;

(iv) understand thoroughly the terms of the relevant Instruments and be familiar with the behaviour of financial markets;

(v) be aware that it may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Instruments are transferred or other jurisdictions;

(vi) ask for its own tax adviser's advice on its individual taxation with respect to the acquisition, sale and redemption of the Instruments; and

(vii) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Alternative Performance Measures

Certain financial measures presented in the Base Prospectus (comprising this Securities Note and the Registration Document) and in the documents incorporated by reference are not recognised financial measures under International Financial Reporting Standards as adopted by the European Union ("**IFRS**") ("**Alternative Performance Measures**") and may therefore not be considered as an alternative to the financial measures defined in the accounting standards in accordance with generally accepted accounting principles. The Alternative Performance Measures are intended to supplement investors' understanding of the Issuer's financial information by providing measures which investors, financial analysts and management use to help evaluate the Issuer's financial leverage and operating performance. Special items which the Issuer does not believe to be indicative of ongoing business performance are excluded from these calculations so that investors can better evaluate and analyse historical and future business trends on a consistent basis. Definitions of these Alternative Performance Measures may not be comparable to similar definitions used by other companies and are not a substitute for similar measures according to IFRS.

PRIIPS Regulation / Prohibition of Sales to EEA Retail Investors

If the Final Terms in respect of any Instruments include a legend entitled "**Prohibition of Sales to EEA Retail Investors**", the Instruments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (as amended) (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. In such instance, no key information document required by Regulation (EU) No 1286/2014 (as amended) (the "**PRIIPs Regulation**") for offering or selling the Instruments or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Instruments or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

UK Retail Investors

If the Final Terms in respect of any Instruments include a legend entitled "**Prohibition of sales to UK Retail Investors**", the Instruments are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Instruments or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Instruments or otherwise making them available to any retail investor or in the UK may be unlawful under the UK PRIIPs Regulation.

MiFID II Product Governance / Target Market

The Final Terms in respect of any Instruments may include a legend entitled "**MiFID II Product Governance**" which will outline the target market assessment in respect of the Instruments and which channels for distribution of the Instruments are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593, as amended (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR Product Governance / Target Market

The Final Terms in respect of any Instruments may include a legend entitled "**UK MiFIR Product Governance**" which will outline the target market assessment in respect of the Instruments and which channels for distribution of the Instruments are appropriate. Any person subsequently offering, selling or recommending the Instruments (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Instruments (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Instruments is a manufacturer in respect of such Instruments, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

Benchmark Register

Amounts payable under the Instruments may be calculated by reference to, *inter alia*, the Constant Maturity Swap ("**CMS**"), which is currently provided by ICE Benchmark Administration Limited ("**IBA**"); the Euro Interbank Offered Rate ("**EURIBOR**"), which is currently provided by the European Money Markets Institute ("**EMMI**"); the Sterling Overnight Index Average ("**SONIA**"), which is currently provided by the Bank of England; the Secured Overnight Financing Rate ("**SOFR**"), which is currently provided by the Federal Reserve Bank of New York; the Euro-Short Term Rate ("**€STR**"), which is published by the European Central Bank since 2 October 2019 or to other indices which are deemed "benchmarks" for the purposes of Regulation (EU) 2016/1011, as amended (the "**Benchmarks Regulation**"). As far as the Issuer is aware, as at the date of this Securities Note, SONIA, SOFR and €STR are not required to be registered by virtue of Article 2 of the Benchmarks Regulation. As at the date of this Securities Note, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of the Benchmarks Regulation (the "**Benchmark Register**"), while IBA does not appear on such register.

ESG Ratings

The Issuer's exposure to Environmental, Social and Governance ("**ESG**") risks and the related management arrangements established to mitigate those risks has been or may be assessed by several agencies, among others, through Environmental, Social and Governance ratings ("**ESG ratings**").

ESG ratings may vary amongst ESG ratings agencies as the methodologies used to determine ESG ratings may differ. The ESG ratings are not necessarily indicative of the Issuer's current or future operating or financial performance, or any future ability to service the Instruments and are only current as of the dates on which they were initially issued. Prospective investors must determine for themselves the relevance of any such ESG ratings information contained in this Securities Note or elsewhere in making an investment decision. Furthermore, ESG ratings shall not be deemed to be a recommendation by the Issuer or any other person to buy, sell or hold the Instruments. Currently, the providers of such ESG ratings are not subject to any regulatory or other similar

oversight in respect of their determination and award of ESG ratings. For more information regarding the assessment methodologies used to determine ESG ratings, please refer to the relevant ratings agency's website (which website does not form a part of, nor is incorporated by reference in, this Securities Note).

None of the Dealers, any of their affiliates or any other person mentioned in this Securities Note has verified any ESG ratings and makes no representation as to any ESG rating comprised or referred to in this Securities Note.

Stabilisation

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF INSTRUMENTS, THE DEALER OR DEALERS (IF ANY) NAMED AS STABILISATION MANAGER(S) IN THE APPLICABLE FINAL TERMS (OR PERSONS ACTING ON BEHALF OF A STABILISATION MANAGER) MAY OVER-ALLOT INSTRUMENTS OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE INSTRUMENTS AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF INSTRUMENTS IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF INSTRUMENTS AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF INSTRUMENTS. ANY STABILISATION ACTION OR OVER-ALLOTMENT SHALL BE CONDUCTED IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES BY THE RELEVANT STABILISATION MANAGERS.

ANY LOSS RESULTING FROM OVER-ALLOTMENT AND STABILISATION SHALL BE BORNE, AND ANY NET PROFIT ARISING THEREFROM SHALL BE RETAINED, AS AGAINST THE ISSUER, BY ANY STABILISATION MANAGER FOR ITS OWN ACCOUNT.

Investing in the Instruments issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its respective obligations under the Instruments are discussed under "Risk Factors" below.

Reference is made in the Terms and Conditions of Notes, Terms and Conditions of Covered Bonds to the 2021 ISDA definitions ("**ISDA 2021**") as published by the International Swaps and Derivatives Association, Inc. (or any successor thereto) ("**ISDA**"). Investors should consult the Issuer should they require specific information regarding particular definitions.

For the avoidance of doubt, the content of websites referred to in this Securities Note, other than documents specifically incorporated by reference herein, do not form part of this Securities Note.

DESCRIPTION OF THE PROGRAMME

General

The Programme is a continuously offered Euro Medium Term Note Programme of the Issuer in an aggregate amount of up to € 40,000,000,000 (or its equivalent in other currencies) outstanding at any one time.

Under the Programme, the Issuer may issue Instruments in U.S. dollars, euros, Australian dollars, Canadian dollars, Danish kroner, South African rand, Sterling, Swedish kronor and Swiss francs and such other currency or currencies, subject to compliance with relevant laws, as may be agreed between the Issuer and any relevant Purchaser. Instruments may have a maturity of between one month and 40 years and be issued in such denomination, in each case with a minimum denomination of € 1,000 (or the respective equivalent in other currencies), as may be agreed with the relevant Purchaser. No money market instruments having a maturity at issue of less than 12 months will be offered to the public or admitted to trading on a regulated market under this Securities Note.

The specific terms and conditions of a given series of Instruments, which will govern the relationship between the Issuer and the holders of such Instruments (the "**Noteholders**"), will be attached to the relevant global note(s) and form an integral part of such global note(s). The forms of the separate terms and conditions relating to the Notes and Covered Bonds issued under the Programme are set out in the sections "*Part A - Terms and Conditions of the Notes*" or "*Part B - Terms and Conditions of the Covered Bonds*" of this Securities Note, respectively.

Instruments may be either interest bearing at fixed or variable rates or non-interest bearing, with principal repayment at a fixed amount. Instruments (other than Covered Bonds) may be subordinated or senior. Instruments will be redeemed at least at their respective nominal amount.

The Notes, as to form and content, and all rights and obligations of the Issuer and the Noteholders shall be governed by the laws of the Federal Republic of Germany (main statute). The provisions in § 2 (Status) shall be governed by, and shall be construed exclusively in accordance with, Austrian law.

The Covered Bonds and any non-contractual obligations arising out of or in connection with the Covered Bonds are governed by, and shall be construed in accordance with, Austrian law except for its conflict of law rules as far as such rules would lead to the application of foreign law.

Instruments may be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange, the Official Market (*Amtlicher Handel*) of the Vienna Stock Exchange, other regulated or non-regulated markets within the European Economic Area or elsewhere or may be unlisted. To the knowledge of the Issuer, as of the date of this Securities Note, (i) securities of the same class as Senior Notes are already trading on the Regulated Market of the Luxembourg Stock Exchange and the Official Market (*Amtlicher Handel*) of the Vienna Stock Exchange, (ii) securities of the same class as Subordinated Notes are already trading on the Regulated Market of the Luxembourg Stock Exchange and (iii) securities of the same class as Covered Bonds are already trading on the Regulated Market of the Luxembourg Stock Exchange and the Official Market (*Amtlicher Handel*) of the Vienna Stock Exchange.

Instruments may be distributed by way of an exempt or non-exempt offer to the public and in each case on a non-syndicated or a syndicated basis. The method of distribution of each Tranche will be stated in the relevant Final Terms. With respect to the categories of potential investors (investor categories), the Instruments are not subject to any restrictions except for the selling restrictions mentioned in "*Selling Restrictions*"; the Instruments can be issued to qualified investors, eligible counterparties and/or retail investors.

The applicable terms of any Instruments will be as set out in the Terms and Conditions of those Instruments as completed by the applicable Final Terms, as agreed with the relevant Purchaser prior to the issue of such Instruments. The yield on Fixed Rate Instruments is determined by the Issuer and relevant Dealers prior to the relevant issuance and stated in the relevant Final Terms. The method used to calculate the yield is the ICMA method or another method to be selected by the Issuer and the relevant Dealers and will be specified in the relevant Final Terms. The ICMA method determines the effective interest rate of fixed rate Instruments taking into account accrued interest on a daily basis.

General information regarding the return on Instruments and the calculation of such return

Any return on Instruments will be dependent on the basis of interest paid on such Instruments. Particular reference values are used to calculate the applicable interest rate. Thus, for the purpose of calculating the interest rate, the Final Terms will specify the underlying reference value, along with any other variables that factor into the calculation of the interest rate.

Since the interest calculations depend on the underlying reference value and such reference value can fluctuate over time, the return on such Instruments can similarly fluctuate. Depending on the other variables, such fluctuations of the return on the Instruments may be stronger or weaker than the fluctuations of the underlying reference rate.

RISK FACTORS RELATING TO THE INSTRUMENTS

*Before deciding to purchase Instruments of Bank Austria, investors should carefully review and consider the following risk factors (the "**Risk Factors**") and the other information contained in this Securities Note (including any document incorporated by reference) or any supplement to this Securities Note. If any of these risks materialise, the market value of the Instruments and the likelihood that the Issuer will be in a position to fulfil its respective payment obligations under the Instruments may decrease, in which case the Noteholders could lose all or part of their investments.*

The risk factors are presented in a limited number of categories depending on their nature. In each category the most material risk factor is mentioned first according to the assessment of the Issuer. The Issuer assessed the materiality of the risk factors based on the probability of their occurrence and the expected magnitude of their negative impact.

1. Risks resulting from the regulatory classification of the Instruments

1.1 Senior Notes of the Issuer

Noteholders of the Senior Notes are exposed to the risk of statutory loss absorption.

The Single Resolution Mechanism shall provide the relevant resolution authorities with uniform and effective resolution tools and resolution powers in order to achieve the resolution objectives.

The main resolution tool is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence (also called "loss absorbing cascade"): (i) Common Equity Tier 1 ("**CET 1**") items; (ii) Additional Tier 1 ("**AT 1**") instruments; (iii) Tier 2 instruments; (iv) subordinated debt that is not AT 1 or Tier 2 capital; (v) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) of the Austrian Recovery and Resolution Act (as amended) (*Sanierungs- und Abwicklungsgesetz* – "**BaSAG**") (so-called "senior non-preferred debt instruments"); and (vi) the rest of bail-inable liabilities (such as the Senior Notes) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for deposits in § 131 BaSAG, to the extent required.

If the bail-in tool is applied to the Issuer, the principal amount of the Senior Notes may be fully or partially written down or converted into instruments of ownership. In the case of Senior Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (as applicable), please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below.

In case of an insolvency of the Issuer, certain deposits and certain other claims have a higher ranking than claims resulting from the Senior Notes.

According to § 131 BaSAG, in bankruptcy proceedings opened over the Issuer's assets, the following insolvency hierarchy applies to deposits and senior unsecured claims:

(a) (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;

(b) (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the covered deposits; and (ii) deposits that would be eligible deposits from natural persons, micro, small and medium-sized enterprises if they had not been made through branches (located outside the EU) of institutions established within the EU;

(c) the liquidity reserve within a liquidity association (*Liquiditätsverbund*) pursuant to § 27a of the Austrian Banking Act (*Bankwesengesetz* – "**BWG**") and within a credit institution association (*Kreditinstitute-Verbund*) pursuant to § 30a BWG, in each case, to the extent required by § 27a BWG;

(d) ordinary unsecured claims (such as claims resulting from the Senior Notes); and

(e) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments"), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; (iii) the relevant contractual documentation and, where

applicable, the prospectus related to the issuance explicitly refer to the lower ranking under § 131(3) BaSAG.

Therefore, in case of bankruptcy proceedings and any comparable proceedings (such as resolution proceedings) opened in relation to the Issuer, any claims resulting from the Senior Notes are junior to the claims listed in points (a) to (c). For this reason, any payments on claims resulting from the Senior Notes would only be made, if and to the extent any senior ranking claims have been fully satisfied.

1.2 Covered Bonds of the Issuer

To the extent claims of Noteholders under the Covered Bonds are not covered by the assets of the cover pool they are exposed to the risk of statutory loss absorption.

The Single Resolution Mechanism shall provide the relevant resolution authorities with uniform and effective resolution tools and resolution powers in order to achieve the resolution objectives.

The main resolution tool is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence (also called "loss absorbing cascade"): (i) CET 1 items; (ii) AT 1 instruments; (iii) Tier 2 instruments; (iv) subordinated debt that is not AT 1 or Tier 2 capital; (v) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(1) to (3) BaSAG (so-called "senior non-preferred debt instruments"); and (vi) the rest of bail-inable liabilities (such as any liabilities under the Covered Bonds which are not covered by the assets of the cover pool) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for deposits in § 131 BaSAG, to the extent required.

To the extent claims of Noteholders under the Covered Bonds are not covered by the assets of the cover pool, these claims may be subject to the bail-in tool and thus be fully or partially written down or converted into instruments of ownership. For the avoidance of doubt, the aforesaid applies also to claims under Covered Bonds which are not covered by the assets of the relevant cover pool issued as Green Instruments, Social Instruments or Sustainability Instruments (please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below).

In case of an insolvency of the Issuer, certain deposits and certain other claims have a higher ranking than claims resulting from the Covered Bonds if and to the extent their claims are not covered by the assets of the cover pool.

According to § 131 BaSAG, in bankruptcy proceedings opened over the Issuer's assets, the following insolvency hierarchy applies to deposits and senior unsecured claims:

(a) (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;

(b) (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the covered deposits; and (ii) deposits that would be eligible deposits from natural persons, micro, small and medium-sized enterprises if they had not been made through branches (located outside the EU) of institutions established within the EU;

(c) the liquidity reserve within a liquidity association pursuant to § 27a BWG and within a credit institution association pursuant to § 30a BWG, in each case, to the extent required by § 27a BWG;

(d) ordinary unsecured claims (such as any claims resulting from the Covered Bonds which are not covered by the assets of the cover pool); and

(e) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments"), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; and (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under § 131(3) BaSAG.

Therefore, in case of bankruptcy proceedings and any comparable proceedings (such as resolution proceedings) opened in relation to the Issuer, any claims resulting from the Covered Bonds which are not covered by the assets of the cover pool are junior to the claims listed in points (a) to (c). For this reason, any

payments on any claims resulting from the Covered Bonds which are not covered by the assets of the cover pool would only be made, if and to the extent any senior ranking claims have been fully satisfied.

If the relevant Final Terms provide for conditions for a maturity extension Covered Bonds may be redeemed after their Maturity Date and in case a maturity extension for a specific series of Covered Bonds is triggered, Noteholders of other series of Covered Bonds whose maturity date would fall within the period of the maturity extension of a specific series of Covered Bonds might not receive their principal amount as expected on the relevant maturity date.

The relevant Final Terms may provide that upon the occurrence of the objective trigger event (as set out in the Terms and Conditions of the Covered Bonds) the maturity of the Covered Bonds will be postponed once by up to 12 months to the Extended Maturity Date. In the event of a maturity extension, repayment of the outstanding aggregate principal amount will be postponed and, notwithstanding the statutory regime on acceleration and liquidation of the cover asset pool, shall become due and payable on the Extended Maturity Date, together with accrued interest, if any, to, but excluding, the Extended Maturity Date.

In such case, interest will continue to accrue on the outstanding aggregate principal amount of the Covered Bonds during the period from, and including, the (original) Maturity Date to, but excluding, the Extended Maturity Date at the relevant rate of interest set out in the relevant Final Terms and will be payable by the Issuer on each Interest Payment Date from, and excluding, the (original) Maturity Date to, and including, the Extended Maturity Date (each as set out in the relevant Final Terms) in accordance with the relevant Terms and Conditions of the Covered Bonds. However, such extension of maturity will not constitute an event of default and Noteholders will not receive any compensation for such extension (other than that interest will accrue).

The Noteholders shall not be entitled to any further interest payments as from the Extended Maturity Date. Thus, Noteholders must not expect repayment of the outstanding aggregate principal amount on the (original) Maturity Date and are not entitled to terminate the Covered Bonds if the term of the Covered Bonds is extended. Furthermore, Noteholders may receive lower interest payments during such extended period as the relevant applicable rate of interest may be lower than the (respective) rate of interest which applied in the preceding interest periods.

Furthermore, a maturity extension must not change the sequence of the original maturity schedule of the covered bond programme. Consequently, if a maturity extension by up to 12 months for a specific series of Covered Bonds is triggered, the maturity of other series of Covered Bonds within a covered bond programme shall be deemed postponed (regardless of whether they provide for maturity extension structures or not; but for the avoidance of doubt, not comprising any covered bonds issued before 8 July 2022), in each case, for so long as necessary to maintain the sequence of the original maturity schedule. As a result, Noteholders of such other series of Covered Bonds whose maturity date would fall within the period of the maturity extension by up to 12 months of a specific series of Covered Bonds bear the risk that they do not receive their principal amount as expected on the relevant maturity date. Such Noteholders will receive their principal amount on a later date once all payments under the specific series of Covered Bonds for which the maturity extension was triggered have been serviced in full on the Extended Maturity Date determined for such series of Covered Bonds. Such payment deferral for the other series of Covered Bonds does not constitute an event of default of the Issuer for any purpose and does not give the Noteholders of such other series of Covered Bonds any right to accelerate or terminate the Covered Bonds. Noteholders should also be aware that the repayment of another series of Covered Bonds after a maturity extension by up to 12 months of such series of Covered Bonds might result in the available assets of the cover pool being reduced or depleted, thereby causing the necessity of a maturity extension of the Covered Bonds of the respective Holders.

Finally, as a maturity extension will be initiated by a special administrator, and the Extended Maturity Date will be set by such special administrator without the Issuer having any discretion in it, Noteholders should be aware that they have no right to request such maturity extension, and it therefore might occur that no maturity extension will be made and cover pool assets might be liquidated at a time of market disruptions and/or low prices, resulting in the liquidation proceeds being less than if the maturity had been extended by the special administrator.

The cover assets or the liquidity buffer for the Covered Bonds may not at all times be sufficient to cover the Issuer's obligations under the Covered Bonds or replacement assets may not be added in due time to the cover pool.

The Covered Bonds are covered (*gedeckt*) by assets (*Vermögenswerte*) which meet the requirements set out in the Austrian Covered Bond Act, Federal Law Gazette I No. 199/2021 (*Pfandbriefgesetz* – "**PfandBG**"). Payment claims of Noteholders of the Covered Bonds are collateralized by a cover pool of cover assets for Covered Bonds (*Deckungsstock für gedeckte Schuldverschreibungen*). In the event of insolvency, resolution or enforcement proceedings regarding the Issuer or its assets, the relevant cover assets are separated from the Issuer's other assets and may not be used to satisfy claims of creditors of the Issuer other than the Noteholders of Covered Bonds which are covered by these cover assets.

The cover assets of the cover pool relevant for the respective Covered Bonds may not at all times be sufficient to cover the obligations under the respective Covered Bonds or replacement assets may not be added in due time to the cover pool. Furthermore, loan receivables may only be entered in the cover register as cover assets with the consent of the borrower. Without the legally required consent, an entry is not deemed to have been made, and in such case loan receivables entered in the cover register would cease to be cover assets and thus other cover assets or replacement assets which an Issuer might not necessarily have available at all times would need to be added to the cover pool.

There is also the risk that the liquidity buffer within the meaning of § 21 PfandBG is insufficient to cover the net liquidity outflow of the covered bond programme for the Covered Bonds. Also, even if such liquidity buffer can be built up, it may not at all times be sufficient to cover the net liquidity outflow of the covered bond programme.

1.3 Eligible Notes of the Issuer

Noteholders of the Eligible Notes are exposed to the risk of statutory loss absorption.

The Single Resolution Mechanism shall provide the relevant resolution authorities with uniform and effective resolution tools and resolution powers in order to achieve the resolution objectives.

The main resolution tool is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence (also called "loss absorbing cascade"): (i) CET 1 items; (ii) AT 1 instruments; (iii) Tier 2 instruments; (iv) subordinated debt that is not AT 1 or Tier 2 capital (such as the Subordinated Eligible Notes, noting that the Subordinated Eligible Notes rank junior to other subordinated liabilities, e.g., claims resulting from former own funds items); (v) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments", such as the Senior Non-Preferred Notes); and (vi) the rest of bail-inable liabilities (such as the Senior Preferred Notes) in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for deposits in § 131 BaSAG, to the extent required.

Furthermore, where the Issuer meets the conditions for resolution and the resolution authority decides to apply a resolution tool to the Issuer, the resolution authority shall exercise the write down or conversion power in relation to relevant capital instruments (i.e. CET 1, AT 1 and Tier 2 instruments) and certain eligible liabilities before applying any resolution tool (other than the bail-in tool).

If the power of write-down or conversion of relevant capital instruments and eligible liabilities or bail-in tool is applied to the Issuer, the principal amount of the Eligible Notes may be fully or partially written down or converted into instruments of ownership, although claims of other creditors of the Issuer might not be affected.

In the case of Eligible Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (as applicable), please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below.

In case of an insolvency of the Issuer, certain deposits and certain other claims and potentially also senior unsecured claims have a higher ranking than claims resulting from the Eligible Notes.

According to § 131 BaSAG, in bankruptcy proceedings opened over the Issuer's assets, the following insolvency hierarchy applies to deposits and senior unsecured claims:

(a) (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;

(b) (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the covered deposits; and (ii) deposits that would be eligible deposits from natural persons, micro, small and medium-sized enterprises if they had not been made through branches (located outside the EU) of institutions established within the EU;

(c) the liquidity reserve within a liquidity association pursuant to § 27a BWG and within a credit institution association pursuant to § 30a BWG, in each case, to the extent required by § 27a BWG;

(d) ordinary unsecured claims (such as claims resulting from the Senior Preferred Notes); and

(e) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments", such as the Senior Non-Preferred Notes), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; and (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under § 131(3) BaSAG.

Therefore, in case of bankruptcy proceedings and any comparable proceedings (such as resolution proceedings) opened in relation to the Issuer, any claims resulting from the Senior Preferred Notes are junior to the claims listed in points (a) to (c), any claims resulting from the Senior Non-Preferred Notes are junior to the claims listed in points (a) to (d) and any claims resulting from the Subordinated Eligible Notes are junior to the claims listed in points (a) to (e) (as well as certain other subordinated liabilities, e.g. claims resulting former own fund items). For this reason, any payments on claims resulting from the Eligible Notes would only be made, if and to the extent any senior ranking claims have been fully satisfied.

Noteholders of the Senior Non-Preferred Notes and the Subordinated Eligible Notes are exposed to the risk that the Issuer may issue further (senior) debt instruments or incur further (senior) liabilities.

There are no restrictions (contractual or otherwise) on the amount of ordinary unsecured or unsubordinated debt or other liabilities that the Issuer may (or may have to) issue, borrow and/or incur, ranking senior to the Senior Non-Preferred Notes or the Subordinated Eligible Notes.

Any issue of such instruments and/or any incurring such liabilities may reduce the amount recoverable by Noteholders of the Senior Non-Preferred Notes or the Subordinated Eligible Notes upon the Issuer's insolvency. For the avoidance of doubt, the aforesaid applies also to Senior Non-Preferred Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below).

The Eligible Notes may be redeemed at any time for reasons of taxation or regulatory reasons, always subject to the prior permission of the Resolution Authority.

If the Terms and Conditions provide for such right, the Issuer may at its sole discretion, early redeem the Eligible Notes before their stated maturity, at any time for reasons of taxation (as further set out in the Terms and Conditions).

In any case, the Issuer may at its sole discretion, early redeem the Eligible Notes before their stated maturity, at any time for regulatory reasons.

Therefore, it may be that the Eligible Notes will be early redeemed and thus, investors will not be able to hold the Eligible Notes until the stated maturity and accordingly, might not achieve the expected yield.

Any early redemption of the Eligible Notes is subject to the prior permission of the Resolution Authority. Under the CRR, the Resolution Authority may only permit institutions to early redeem or repurchase eligible liabilities instruments (such as the Eligible Notes) if certain conditions are met. These conditions, as well as a number of other technical rules and standards relating to regulatory capital requirements applicable to the Issuer, will be taken into account by the Resolution Authority in its assessment of whether or not to permit any early redemption. It is uncertain how the Resolution Authority will apply these criteria in practice and such rules and standards may change during the term of the Eligible Notes. It is therefore not possible to assess whether, and if so, on what terms, the Resolution Authority will grant its prior permission for any early redemption of the Eligible Notes.

The Issuer may early redeem or repurchase the Eligible Notes, always subject to the prior permission of the Resolution Authority.

If the Terms and Conditions provide for such right, the Issuer may at its sole discretion redeem the Eligible Notes before their stated maturity on a specified call redemption date. In addition, Eligible Notes may contain a call option of the Issuer due to the outstanding aggregate principal amount of the Eligible Notes being reduced under a certain threshold.

Any early redemption and any repurchase of the Eligible Notes are subject to the prior permission of the Resolution Authority. Under the CRR, the Resolution Authority may only permit institutions to early redeem or repurchase eligible liabilities instruments (such as the Eligible Notes) if certain conditions are met. These conditions, as well as a number of other technical rules and standards relating to regulatory capital requirements applicable to the Issuer, should be taken into account by the Resolution Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Resolution Authority will apply these criteria in practice and such rules and standards may change during the term of the Eligible Notes. It is therefore not possible to assess whether, and if so, on what terms, the Resolution Authority will grant its prior permission for any early redemption or repurchase of the Eligible Notes.

Furthermore, even if the Issuer would be granted the prior permission of the Resolution Authority, any decision by the Issuer as to whether it will early redeem the Eligible Notes will be made at the sole discretion of the Issuer with regard to external factors (such as the economic and market impact of exercising an early redemption right, regulatory capital requirements and prevailing market conditions). Therefore, there is the risk that the Issuer will not exercise any early redemption right in relation to the Eligible Notes and that the Noteholders will stay invested in the Eligible Notes until their maturity date.

The Eligible Notes do not give the Noteholders the right to terminate the Eligible Notes or otherwise accelerate the redemption of the Eligible Notes, contain no negative pledge provision, and also may not be subject to set-off or any guarantee.

The Terms and Conditions of the Eligible Notes do not provide for any events of default and the Noteholders of the Eligible Notes do not have the right to terminate the Eligible Notes or otherwise accelerate the redemption of their Eligible Notes. In addition, the conditions of such Notes will not contain negative pledge provisions.

For the avoidance of doubt, the aforesaid applies also to Eligible Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below).

Furthermore, the Eligible Notes are not subject to any set off or netting arrangements that would undermine their capacity to absorb losses in resolution and are neither secured nor subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Eligible Notes.

1.4 Subordinated Notes of the Issuer

Noteholders of the Subordinated Notes are exposed to the risk of statutory loss absorption.

The Single Resolution Mechanism shall provide the relevant resolution authorities with uniform and effective resolution tools and resolution powers in order to achieve the resolution objectives.

The main resolution tool is the bail-in tool. When applying the bail-in tool, the resolution authority shall exercise the write-down and conversion powers in accordance with the following sequence (also called "loss absorbing cascade"): (i) CET 1 items; (ii) AT 1 instruments; (iii) Tier 2 instruments (such as the Subordinated Notes); (iv) subordinated debt that is not AT 1 or Tier 2 capital; and (v) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments"); and (vi) the rest of bail-inable liabilities in accordance with the hierarchy of claims in normal insolvency proceedings, including the ranking provided for deposits in § 131 BaSAG, to the extent required.

Furthermore, where the Issuer meets the conditions for resolution and the resolution authority decides to apply a resolution tool to the Issuer, the resolution authority shall exercise the write down or conversion power in relation to relevant capital instruments (i.e. CET 1, AT 1 and Tier 2 instruments) and certain eligible liabilities before applying any resolution tool (other than the bail-in tool).

If the power of write-down or conversion of relevant capital instruments or the bail-in tool is applied to the Issuer, the principal amount of the Subordinated Notes may be fully or partially written down or converted into instruments of ownership, although claims of other creditors of the Issuer might not be affected.

In the case of Subordinated Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (as applicable), please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below.

In case of an insolvency of the Issuer, certain deposits, certain other claims and senior unsecured claims have a higher ranking than claims resulting from the Subordinated Notes.

According to § 131 BaSAG, in bankruptcy proceedings opened over the Issuer's assets, the following insolvency hierarchy applies to deposits and senior unsecured claims:

(a) (i) covered deposits; and (ii) deposit guarantee schemes subrogating to the rights and obligations of covered depositors in insolvency;

(b) (i) that part of eligible deposits from natural persons and micro, small and medium-sized enterprises which exceeds the covered deposits; and (ii) deposits that would be eligible deposits from natural persons, micro, small and medium-sized enterprises if they had not been made through branches (located outside the EU) of institutions established within the EU;

(c) the liquidity reserve within a liquidity association pursuant to § 27a BWG and within a credit institution association pursuant to § 30a BWG, in each case, to the extent required by § 27a BWG;

(d) ordinary unsecured claims; and

(e) unsecured claims resulting from debt instruments which meet the conditions pursuant to § 131(3)(1) to (3) BaSAG (so-called "senior non-preferred debt instruments"), i.e. debt instruments that meet the following conditions: (i) the original contractual maturity of the debt instruments is of at least one year; (ii) the debt instruments contain no embedded derivatives and are not derivatives themselves; (iii) the relevant contractual documentation and, where applicable, the prospectus related to the issuance explicitly refer to the lower ranking under § 131(3) BaSAG.

Furthermore, pursuant to § 90(3) BaSAG which implements Article 48(7) of Directive 2014/59/EU, as amended, in Austria, all claims resulting from own funds items (such as the Subordinated Notes and to the extent the Subordinated Notes qualify as own funds items) have, in normal insolvency proceedings, a lower priority ranking than any claim that does not result from an own funds item. If an instrument is only partly recognised as an own funds item, the whole instrument shall be treated as a claim resulting from an own funds item and shall rank lower than any claim that does not result from an own funds item.

Therefore, in case of bankruptcy proceedings and any comparable proceedings (such as resolution proceedings) opened in relation to the Issuer, any claims resulting from the Subordinated Notes are junior to the claims listed in points (a) to (e). For this reason, any payments on claims resulting from the Subordinated Notes would only be made, if and to the extent any senior ranking claims have been fully satisfied.

Noteholders of the Subordinated Notes are exposed to the risk that the Issuer may issue further debt instruments or incur further liabilities.

There are no restrictions (contractual or otherwise) on the amount of (ordinary unsecured or subordinated) debt or other liabilities that the Issuer may (or may have to) issue, borrow and/or incur, ranking *pari passu* with or senior to the Subordinated Notes.

Any issue of such instruments and/or any incurring such liabilities may reduce the amount recoverable by Noteholders of the Subordinated Notes upon the Issuer's insolvency.

For the avoidance of doubt, the aforesaid applies also to Subordinated Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below).

Subordinated Notes do not give the Noteholders the right to terminate the Subordinated Notes or otherwise accelerate the redemption of the Subordinated Notes, and also may not be subject to set-off or any guarantee.

The Terms and Conditions of the Subordinated Notes do not give the Noteholder the right to terminate the Subordinated Notes or otherwise accelerate the redemption of their Subordinated Notes.

For the avoidance of doubt, the aforesaid applies also to Subordinated Notes issued as Green Instruments, Social Instruments or Sustainability Instruments (please also see the risk factor "*Green Instruments, Social Instruments, Sustainability Instruments: Use of Proceeds may not meet investors' sustainable investment criteria*" below).

Furthermore, the Subordinated Notes are not subject to any set off or netting arrangements that would undermine their capacity to absorb losses in resolution and are neither secured nor subject to a guarantee or any other arrangement that enhances the seniority of the claims under the Subordinated Notes.

The Subordinated Notes may not be redeemed at the option of the Noteholders.

Noteholders of the Subordinated Notes will have no rights to call for the early redemption of their Subordinated Notes.

Therefore, Noteholders of the Subordinated Notes may be required to bear the financial risks of an investment in the Subordinated Notes until their final maturity.

The Subordinated Notes may be redeemed at any time for reasons of taxation or regulatory reasons, always subject to the prior permission of the Competent Authority.

The Issuer may at its sole discretion, early redeem the Subordinated Notes before their stated maturity (also before five years after the date of their issuance), at any time for reasons of taxation (as further set out in the Terms and Conditions).

Similarly, the Issuer may at its sole discretion, early redeem the Subordinated Notes before their stated maturity (also before five years after the date of their issuance), at any time for regulatory reasons.

Therefore, it may be that Subordinated Notes will be early redeemed and thus, investors will not be able to hold the Subordinated Notes until the stated maturity and accordingly, might not achieve the expected yield.

Any early redemption of the Subordinated Notes is subject to the prior permission of the Competent Authority. Under the CRR, the Competent Authority may only permit institutions to early redeem Tier 2 instruments (such as the Subordinated Notes) if certain conditions are met. These conditions, as well as a number of other technical rules and standards relating to regulatory capital requirements applicable to the Issuer, should be taken into account by the Competent Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Competent Authority will apply these criteria in practice and such rules and standards may change during the term of the Subordinated Notes. It is therefore not possible to assess whether, and if so, on what terms, the Competent Authority will grant its prior permission for any early redemption of the Subordinated Notes.

The Issuer may early redeem or repurchase the Subordinated Notes, always subject to the prior permission of the Competent Authority.

If the Terms and Conditions provide for such right, the Issuer may at its sole discretion redeem the Subordinated Notes before their stated maturity, but not before five years after the date of their issuance, on a specified Call Redemption Date at the applicable Call Redemption Amount plus accrued interest. In addition, Subordinated Notes may contain a call option of the Issuer due to the outstanding aggregate principal amount of the Subordinated Notes being reduced under a certain threshold.

Any early redemption and any repurchase of the Subordinated Notes are subject to the prior permission of the Competent Authority. Under the CRR, the Competent Authority may only permit institutions to early redeem or repurchase Tier 2 instruments (such as the Subordinated Notes) if certain conditions are met. These conditions, as well as a number of other technical rules and standards relating to regulatory capital requirements applicable to the Issuer, should be taken into account by the Competent Authority in its assessment of whether or not to permit any early redemption or repurchase. It is uncertain how the Competent Authority will apply these criteria in practice and such rules and standards may change during the term of the Subordinated Notes. It is therefore not possible to assess whether, and if so, on what terms, the Competent Authority will grant its prior permission for any early redemption or repurchase of the Subordinated Notes.

Furthermore, even if the Issuer would be granted the prior permission of the Competent Authority, any decision by the Issuer as to whether it will early redeem the Subordinated Notes will be made at the sole discretion of the Issuer with regard to external factors such as the economic and market impact of exercising

an early redemption right, regulatory capital requirements and prevailing market conditions. Therefore, there is the risk that the Issuer will not exercise any early redemption right in relation to the Subordinated Notes and that the Noteholders will stay invested in the Subordinated Notes until their maturity date.

Notwithstanding if the Issuer exercises an early redemption right in relation to Subordinated Notes with the prior permission of the Competent Authority, Noteholders of Subordinated Notes are exposed to the risk that due to such early redemption their investments may have a different than expected yield and maturity.

Noteholders of the Subordinated Notes should therefore be aware that they may be required to bear the financial risks of an investment in the Subordinated Notes until their final maturity.

Specific risks in relation to the secondary market of Subordinated Notes

Market making for the Issuer's own Subordinated Notes requires the prior permission of the Competent Authority and is subject to certain conditions and thresholds.

Subordinated Notes may be only repurchased subject to regulatory conditions, such as in particular the prior permission of the Competent Authority. These restrictions impair the Issuer's market making capacities. Where the Competent Authority does not grant the prior permission for market making, such restrictions may have a negative impact on the liquidity of the Subordinated Notes and may lead to inadequate or delayed market prices for the Subordinated Notes.

2. Risks arising from the Terms and Conditions of the Instruments

2.1 Fixed Rate Instruments

A Noteholder with a fixed rate of interest (the "**Fixed Rate Instruments**") is exposed to the risk that the price of such Instrument falls as a result of changes in the market interest rate. While the nominal interest rate of a Fixed Rate Instrument as specified in the applicable Final Terms is fixed during the life of such Instrument, the current interest rate on capital markets ("market interest rate") typically changes on a daily basis. As the market interest rate changes, the price of a Fixed Rate Instrument also changes, but in the opposite direction. If the market interest rate increases, the price of a Fixed Rate Instrument typically falls, until the yield of such Instrument is approximately equal to the market interest rate. If the market interest rate falls, the price of a Fixed Rate Instrument typically increases, until the yield of such Instrument is approximately equal to the market interest rate. If the Noteholder of a Fixed Rate Instrument holds such Instrument until maturity, changes in the market interest rate are without relevance to such Noteholder as the Instrument will be redeemed at a specified redemption amount, usually the principal amount of such Instrument.

2.2 Risks associated with the reform of Euribor, and other interest rate benchmarks

A Noteholder of Instruments with a floating rate of interest (the "**Floating Rate Instruments**") is exposed to the risk of fluctuating constant maturity rates ("**CMS**") rates (in case of Floating Rate Instruments linked to a CMS rate) or fluctuating reference rate levels (in case of Floating Rate Instruments linked to reference rates such as the Euro Interbank Offered Rate ("**Euribor**") or other reference rates) and uncertain interest income. Fluctuating CMS rate levels or reference rate levels make it impossible to determine the yield of Floating Rate Instruments in advance.

The Euribor and other interest rate indices which are deemed to be "benchmarks" (each a "**Benchmark**" and together, the "**Benchmarks**") have become the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such Benchmarks to perform differently than in the past, or to disappear entirely, or have other consequences which may have a material adverse effect on any Instruments linked to such a Benchmark.

International proposals for reform of Benchmarks include the Benchmarks Regulation. In addition, there are numerous other proposals, initiatives and investigations which may impact Benchmarks. The Benchmarks Regulation applies to 'contributors', 'administrators' and 'users' of Benchmarks in the EU, and (i) requires, among other things, Benchmark administrators to be authorised (or, if non-EU-based, to have satisfied certain 'equivalence' conditions in its local jurisdiction, to be 'recognised' by the authorities of a Member State pending an equivalence decision or to be 'endorsed' for such purpose by an EU competent authority) and to comply with requirements in relation to the administration of Benchmarks and (ii) ban the use of Benchmarks of unauthorised administrators. The scope of the Benchmarks Regulation is wide and, in addition to so-called 'critical Benchmark' indices such as Euribor, will apply to many other interest rate indices. Given that the

Benchmarks Regulation does not apply to central banks and that the Sterling Overnight Index Average ("**SONIA®**"), the Secured Overnight Financing Rate ("**SOFR®**") and the euro short-term rate ("**€STR®**") are administered by the Bank of England, the Federal Reserve Bank of New York and the European Central Bank ("**ECB**"), respectively, SONIA®, SOFR® and €STR® do not fall within the scope of the Benchmarks Regulation as at the date of this Securities Note. In case the administrator of any of these reference rates changes in the future, such reference rate might fall within the scope of the Benchmarks Regulation.

The Benchmarks Regulation could have a material impact on Instruments linked to a Benchmark rate, including in any of the following circumstances:

- a rate which is a Benchmark could not be used as such if its administrator does not obtain authorisation, its authorisation is withdrawn or suspended, or is based in a non-EU jurisdiction which (subject to applicable transitional provisions) does not satisfy the 'equivalence' conditions, is not 'recognised' pending such a decision and is not 'endorsed' for such purpose. In such event, depending on the particular Benchmark and the applicable terms of the Instruments, the Instruments could be delisted, adjusted, redeemed prior to maturity or otherwise impacted; and
- the methodology or other terms of the Benchmark' could be changed in order to comply with the terms of the Benchmarks Regulation, and such changes could have the effect of reducing or increasing the rate or level or affecting the volatility of the published rate or level, and could lead to adjustments to the terms of the Instruments, including Issuer determination of the rate or level in its discretion.

Any changes to a Benchmark as a result of the Benchmarks Regulation or other initiatives, could have a material adverse effect on the costs of refinancing a Benchmark or the costs and risks of administering or otherwise participating in the setting of a Benchmark and complying with any such regulations or requirements. Such factors may have the effect of discouraging market participants from continuing to administer or participate in certain Benchmarks, trigger changes in the rules or methodologies used in certain Benchmarks or lead to the disappearance of certain Benchmarks. In this context, it should be noted that also the Euribor is subject to constant review and revision. It is currently not foreseeable whether the Euribor will be discontinued from 2025. Although it is uncertain whether or to what extent any of the abovementioned changes and/or any further changes in the administration or method of determining a Benchmark could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be, and/or could have an effect on the value of any Instruments whose interest or principal return is linked to the relevant Benchmark, investors should be aware that they face the risk that any changes to the relevant Benchmark may have a material adverse effect on the value of and the amount payable under the Instruments. Benchmarks could also be discontinued entirely. If a Benchmark were to be discontinued or otherwise unavailable, the rate of interest for floating rate Instruments which are linked to such Benchmark will be determined for the relevant period by the fallback provisions applicable to such Instruments, which in the end could result in the same rate being applied until maturity of the floating rate Instruments, effectively turning the floating rate of interest into a fixed rate of interest (or resulting in a redemption right of the Issuer). Any of the foregoing could have a material adverse effect on the value or liquidity of, and the amounts payable on floating rate Instruments whose rate of interest is linked to a discontinued Benchmark.

Under the terms of the Benchmarks Regulation, the European Commission has also been granted powers to designate a replacement for certain critical benchmarks contained in contracts governed by the laws of an EU Member State, where that contract does not already contain a suitable fallback. It is currently unclear whether the fallback provisions of the Instruments would be considered suitable, and there is therefore a risk that if the consent to solicitation is not successful the Instruments would be required to transition to a replacement benchmark rate selected by the European Commission. There is no certainty at this stage what any such replacement benchmark would be.

2.3 Risks associated with new reference rates such as SONIA®, SOFR® and €STR®

Interest rates of Floating Rate Instruments may be linked to SONIA®, SOFR® and €STR®. SONIA® is based on actual transactions and reflects the average of the interest rates that banks pay to borrow sterling overnight from other financial institutions. Investors should be aware that the market continues to develop in relation to the SONIA® as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. The market or a significant part thereof may adopt an application of SONIA® that differs significantly from that set out in the Terms and Conditions. It may be difficult for investors in Instruments which reference a SONIA® rate to reliably estimate the amount of interest which will be payable on such Instruments. Further, if the Instruments become due and payable, the rate of interest payable shall be determined on the date the

Instruments became due and payable. Investors should consider these matters when making their investment decision with respect to any such Instruments.

On 22 June 2017, the Alternative Reference Rates Committee ("**ARRC**") convened by the Board of Governors of the Federal Reserve System and the Federal Reserve Bank of New York identified the SOFR® as the rate that represented best practice for use in certain new U.S. dollar derivatives and other financial contracts. The Federal Reserve Bank of New York notes that use of the SOFR® is subject to important limitations and disclaimers. SOFR® is published based on data received from other sources. There can be no guarantee that the SOFR® will not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in the respective Instruments. If the manner in which the SOFR® is calculated is changed, that change may result in a reduction of the amount of interest payable on the Instruments and the trading prices of the Instruments. SOFR® has been published by the Federal Reserve Bank of New York since April 2018. Investors should not rely on any historical changes or trends in the SOFR® as an indicator of future changes in the SOFR®. Also, since the SOFR® is a relatively new interest rate index, the Instruments might not yet have an established trading market when issued. Trading prices of the Instruments may be lower than those of later-issued interest rate indexed debt securities as a result. Similarly, if the SOFR® does not prove to be widely used in securities like the Instruments, the trading price of the Instruments may be lower than those of debt securities linked to interest rate indices that are more widely used. Investors in the Instruments may not be able to sell the Instruments at all or may not be able to sell the Instruments at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. Investors should consider these matters when making their investment decision with respect to any such Instruments.

In light of these developments and similar to the approaches in the United States and the United Kingdom, the Governing Council of the European Central Bank ("**ECB**") has decided to develop a euro short-term rate ("**€STR®**") based on data already available to the eurosystem. €STR® reflects the wholesale euro unsecured overnight borrowing costs of euro area banks, complements existing benchmark rates provided by the private sector and is published on each TARGET Banking Day (whereby "**TARGET Banking Day**" means a day (other than a Saturday or Sunday) on which T2 is open for settlements in euro and "**T2**" means the real time gross settlement system operated by the Eurosystem, or any successor system) since 2 October 2019. Given that it cannot be excluded that further changes will be implemented and, in particular, that there is no historical data or trends that investors could rely on and that the transition from (previously) existing reference rates to €STR® could result in further uncertainties and limitations, investors in the Instruments should consider all these factors when making their investment decision with respect to any such Instruments.

2.4 Instruments with a Cap

Floating Rate Instruments may be equipped with a cap with respect to the interest payment. In that case, the amount of interest will never rise above and beyond the predetermined cap, so that the Noteholder will not be able to benefit from any actual favourable development beyond the cap. The yield of these Instruments could therefore be lower than that of similarly structured Instruments without a cap. The market value of such Instruments may decrease or fluctuate over their term to a higher extent than comparable interest structured Instruments without a cap.

2.5 Risk of early redemption

Instruments that contain a call option of the Issuer (the "**Call-Option**") may be redeemed by the Issuer on certain call dates (the "**Call Dates**"), by giving notice to the Noteholders (subject to restrictions in applicable laws and regulations, such as the prior permission of the Resolution Authority (in case of Eligible Notes) or of the Competent Authority (in case of Subordinated Notes)). In addition, Notes may contain a call option of the Issuer due to the outstanding aggregate principal amount of the Notes being reduced under a certain threshold.

Senior Notes, Eligible Notes and Subordinated Notes may contain the right of the Issuer to redeem such Notes, if, as a result of any change in, or amendment to, the laws or regulations prevailing in Austria or pursuant to any agreement between the Issuer and the United States of America or any authority thereof or as a result of any change in the application or official interpretation of such laws or regulations, which change becomes effective on or after the issue date of such Notes, withholding taxes are or will be capable of being levied on payments of principal or interest on such Notes or will be borne by the Issuer (whereby, in the case

of Eligible Notes and Subordinated Notes, only payments of interest on such Notes will be borne by the Issuer).

If the Issuer redeems any such Notes prior to maturity or if such Instruments are subject to an early redemption due to a tax or regulatory event (as further specified in the Terms and Conditions), a Noteholder is exposed to the risk that due to early redemption his investment may have a lower than expected yield. The Issuer might exercise its optional call right if the yield on comparable Instruments in the capital market falls which means that the investor may only be able to reinvest the redemption proceeds in Instruments with a lower yield.

For further specific risk aspects in connection with an early redemption of Eligible Notes and Subordinated Notes see also the risk factors: "*1.3 Eligible Notes of the Issuer - The Eligible Notes may be redeemed at any time for reasons of taxation or regulatory reasons, always subject to the prior permission of the Resolution Authority.", "1.3 Eligible Notes of the Issuer - The Issuer may early redeem or repurchase the Eligible Notes, always subject to the prior permission of the Resolution Authority.", "1.4 Subordinated Notes of the Issuer - The Subordinated Notes may be redeemed at any time for reasons of taxation or regulatory reasons, always subject to the prior permission of the Competent Authority.", "1.4 Subordinated Notes of the Issuer - The Issuer may early redeem or repurchase the Subordinated Notes, always subject to the prior permission of the Competent Authority.*" in the section Risk Factors.

2.6 Amendments to terms and conditions pursuant to the German Bond Act

Noteholders are subject to the risk of losing rights *vis-à-vis* the Issuer against their will in the event the other Noteholders agree pursuant to the Final Terms with the Issuer to make certain amendments to the terms and conditions by majority vote according to the German Bond Act (*Schuldverschreibungsgesetz*) and the particular Noteholder is supporting a dissenting view on a matter. In the case of an appointment of a common representative for all Noteholders, a particular Noteholder may lose, in whole or in part, the possibility to enforce his rights against the Issuer regardless of other Noteholders.

2.7 An Austrian court could appoint a trustee for the Instruments to exercise the rights and represent the interests of Noteholders on their behalf in which case the ability of Noteholders to pursue their rights under the Instruments individually may be limited

Pursuant to the Austrian Notes Trustee Act (*Kuratorengesetz*) and the Austrian Notes Trustee Supplementation Act (*Kuratorenergänzungsgesetz*), a trustee (*Kurator*) could be appointed by an Austrian court upon the request of any interested party (e.g. the Issuer or a Noteholder) or upon the initiative of a competent court, for the purposes of representing the common interests of the Noteholders in matters concerning their collective rights under the Notes to the extent such rights are endangered due to a lack of joint representation. In particular, this may occur if insolvency proceedings are initiated against the Issuer, in connection with any amendments to the Terms and Conditions of the Notes or changes relating to the Issuer, or under other similar circumstances.

If a trustee is appointed, it will exercise the collective rights and represent the interests of the Noteholders and will be entitled to make statements on their behalf which shall be binding on all Noteholders. Noteholders will not be able to exercise any rights constituting collective rights on their own or to direct the trustee in the exercise of collective rights. Where a trustee represents the interests of and exercises the rights of Noteholders, this may conflict with or otherwise adversely affect the interests of individual or all Noteholders.

The role of an appointed trustee may also conflict with provisions of the Terms and Conditions of the Instruments related to majority resolutions of the Noteholders pursuant to the Terms and Conditions of the Instruments. It is not clear whether and to which extent a court would give effect to such majority resolutions, both in the context of a trustee having been appointed or without appointment of a trustee, and investors should not rely on the enforceability or protection afforded by these provisions.

2.8 Zero Coupon Instruments

Zero coupon instruments do not pay current interest (the "**Zero Coupon Instruments**") but are issued at a discount from their nominal value (discounted Zero Coupon Instruments) or at their nominal value (compounded Zero Coupon Instruments). Instead of periodical interest payments, the difference between the redemption price and the issue price constitutes interest income until maturity and reflects the market interest rate. A Noteholder of a Zero Coupon Instruments is exposed to the risk that the price of such Instruments falls as a result of changes in the market interest rate. Prices of Zero Coupon Instruments are more volatile than prices of Fixed Rate Instruments and are likely to respond to a greater degree to market interest rate changes than interest bearing Notes with a similar maturity.

2.9 Change of law

The Terms and Conditions of the Instruments (except for the status provisions of the Instruments as well as the Terms and Conditions of the Covered Bonds which are governed by Austrian law) are based on German law in effect as at the date of this Securities Note. No assurance can be given as to the impact of any possible judicial or administrative decision or changes to German and/or Austrian law after the date of this Securities Note.

3. Risks related to the nature of the Instruments

3.1 Risks relating to market value of the Instruments

The market value (or the market price) of the Instruments will be affected by a number of factors such as prevailing interest and yield rates, the market for similar securities, general economic conditions or, as the case may be, the remaining term of the Notes. If the Instruments are traded after their initial issuance, these factors may lead to a market value of the Instruments being substantially below their Issue Price. The market value, at which a Noteholder will be able to sell the Instruments, may be substantially below the Issue Price. The Issuer does not guarantee that the spread between purchase and selling prices lies within a certain range or remains constant. If the Noteholder sells the Instruments at a time where the market value of the Instruments is below the Issue Price the Noteholder will suffer a loss.

3.2 Interest rate risk

The interest rate risk is one of the central risks of interest-bearing Instruments. The interest rate level on the money and capital markets may fluctuate on a daily basis and cause the value of the Instruments to change on a daily basis. The interest rate risk is a result of the uncertainty with respect to future changes of the market interest rate level. Noteholders of floating rate Instruments may receive a lower interest amount than they have initially expected. Noteholders of fixed rate Instruments are exposed to an interest rate risk that could result in a diminution in value of the Instruments if the market interest rate level increases. In general, the effects of this risk increase as the market interest rates increase.

3.3 Currency risk with respect to the Instruments

The Instruments may be denominated in a currency other than the currency of the jurisdiction where the investor is domiciled or where the investor seeks to receive funds. Exchange rates between currencies (the "**Currency Exchange Rates**") are determined by factors of supply and demand in the international currency markets, which are affected by macro-economic factors, speculations and intervention by the central banks and governments (including the imposition of currency controls and restrictions). Fluctuations in Currency Exchange Rates may have a negative impact on the value of the Instruments and may result in a loss.

3.4 Green Instruments, Social Instruments, Sustainability Instruments: Use of Net Proceeds may not meet investors' sustainable investment criteria

The Final Terms relating to any specific Tranche of Instruments may provide that it will be the Issuer's intention to apply an amount equivalent to the net proceeds from an offer of those Instruments specifically for projects and activities that promote social and environmental purposes (the "**Eligible Green Projects**" and/or the "**Eligible Social Projects**", as applicable). UniCredit Group, including the Issuer, has established a "**Sustainability Bond Framework**" which further specifies the eligibility criteria for such Eligible Green Projects and Eligible Social Projects based on the recommendations included in the voluntary process guidelines for issuing green, social and sustainability bonds published by the International Capital Market Association ("**ICMA**") (the ICMA Green Bond Principles, the ICMA Social Bond Principles, the ICMA Sustainability Bond Guidelines and together, the "**ICMA Sustainable Bond Principles**"). The Sustainability Bond Framework can be accessed on the website of UniCredit Group (https://www.unicreditgroup.eu/en/investors/esg-investors/sustainability-bonds.html). *For the avoidance of doubt*, neither the Sustainability Bond Framework nor the content of the website or any Second Party Opinion (as defined below) are incorporated by reference into or form part of this Securities Note.

Prospective investors should refer to the information set out in the relevant Final Terms and in the Sustainability Bond Framework regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Instruments together with any other investigation such investor deems necessary. In this context, prospective investors should also take into account the information set out below under the heading "*No impact on regulatory classification of the Instruments and capacity to absorb losses*".

Compliance with further voluntary or regulatory initiatives

Due to the envisaged use of the proceeds from the issuance of such Tranches of Instruments, the Issuer may refer to such Instruments as "green Instruments" (the "**Green Instruments**"), "social Instruments" (the "**Social Instruments**") or "sustainability Instruments" (the "**Sustainability Instruments**"). The definition (legal, regulatory or otherwise) of, and market consensus as to what constitutes or may be classified as, a "green", "social", "sustainable", "sustainability" or an equivalently-labelled project is currently under development. In addition, it is an area which has been, and continues to be, the subject of many and wide-ranging voluntary and regulatory initiatives to develop rules, guidelines, standards, taxonomies and objectives.

For example, at the EU level, on 18 June 2020, Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, and amending Regulation (EU) 2019/2088 entered into force and applies in whole as of 1 January 2023 (the "**EU Taxonomy**") On 9 March 2020, the Technical Expert Group on Sustainable Finance published its final report on the EU taxonomy containing recommendations relating to the overarching design of the EU Taxonomy, as well as extensive implementation guidance on how companies and financial institutions can use and disclose against the taxonomy, including in relation to a future European standard for green bonds proposed by the Technical Expert Group on Sustainable Finance in 2019 (the "**EU Green Bond Standard**"). The standard will use the definitions of green economic activities in the EU Taxonomy to define what is considered to be a green investment. On 1 March 2023, it was published that a preliminary political agreement had been reached on the final provisions for the regulation, which introduces a voluntary standard. To this extent, Regulation (EU) 2023/2631 of the European Parliament and of the Council of 22 November 2023 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds (the "**EuGB Regulation**") was published on 22 November 2023 and will apply from 21 December 2024. The standard will use the definitions of green economic activities in the EU Taxonomy to define what is considered a green investment. The Instruments issued as green bonds under this Programme may not at any time be eligible for the Issuer to be entitled to use the designation of "European green bond" or "EuGB" nor is the Issuer under any obligation to take steps to have any such green bonds become eligible for such designation.

Moreover, in light of the continuing development of legal, regulatory and market conventions in the green, sustainability and positive social impact (i.e. any significant or positive change that solves or at least addresses social injustice and challenges) markets, there is a risk that the Sustainability Bond Framework may (or may not) be modified in the future to adapt any update that may be made to the ICMA Sustainable Bond Principles, the Taxonomy Regulation and/or the EU Green Bond Standard. Such changes may have a negative impact on the market price and the liquidity of the Instruments issued prior to the amendment.

Application of net proceeds of such Instruments for a portfolio of Eligible Green Projects will not result in any security, pledge, lien or other form of encumbrance of such assets for the benefit of the Noteholder of any such Instrument, nor will the performance of such projects or assets give rise to any specific claims under the Instruments or attribution of losses in respect of the Instruments.

Accordingly, no assurance can be given by the Issuer or the Dealers, any green or ESG structuring advisor/agent or any sustainability advisor or second party opinion provider or any other person (including UniCredit Group) that the use of such proceeds for any Eligible Green Projects and/or Eligible Social Projects, as applicable will satisfy, whether in whole or in part, any existing or future legislative or regulatory requirements, or any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates.

In the event that any Tranche of Instruments is listed or admitted to trading on any dedicated "ESG", "green", "environmental", "sustainable", "sustainability", "social" or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers, any green or ESG structuring advisor/agent or any other person (including UniCredit Group) that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements with respect to investment criteria or guidelines with which any investor or its investments are required to comply under its own by-laws or other governing rules or investment portfolio mandates. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers, any green or ESG structuring advisor/agent or any other person (including UniCredit

Group) that any such listing or admission to trading will be obtained in respect of any Tranche of Instruments or, if obtained, that any such listing or admission to trading will be maintained during the life of that Tranche of Instruments.

Failure to comply with the intended use of proceeds

While it is the intention of the Issuer to apply an amount equivalent to the proceeds of any Instruments so specified for Eligible Green Projects and/or Eligible Social Projects, as applicable, in, or substantially in, the manner described in the relevant Final Terms and the Sustainability Bond Framework, there can be no assurance by the Issuer, the Dealers, any green or ESG structuring advisor/agent or any other person (including UniCredit Group) that the relevant project(s) or use(s) the subject of, or related to, any Eligible Green Projects and/or Eligible Social Projects, as applicable, will be capable of being implemented in or substantially in such manner and/or accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such Eligible Green Projects and/or Eligible Social Projects, as applicable. Nor can there be any assurance by the Issuer, the Dealers, any green or ESG structuring advisor/agent or any other person (including UniCredit Group) that such Eligible Green Projects and/or Eligible Social Projects, as applicable, will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. As further specified below, any such event or any failure by the Issuer to do so will not give the Noteholder the right to early terminate the Instruments.

Any failure to apply an amount equivalent to the net proceeds of any issue of Instruments for any Eligible Green Projects and/or Eligible Social Projects, as applicable, as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on (as further specified below) and/or any such Instruments no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Instruments and also potentially the value of any other Instruments which are intended to finance Eligible Green Projects and/or Eligible Social Projects, as applicable and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose.

Further, this – as well as a scenario where the maturity of an Eligible Green Project or Eligible Social Project (as applicable) does not match the minimum duration of any Green Instrument, Social Instrument or Sustainability Instrument – will not constitute an event of default under the respective Instruments or entitle the Noteholders to any other claim or right such as to an early termination right. The failure to apply an amount equivalent to the net proceeds of any issue of such Instruments for any Eligible Green Projects and/or Eligible Social Projects, as applicable, does not lead to an obligation of the Issuer to redeem the relevant Instruments early nor will be taken into account by the Issuer when determining whether any optional early redemption rights shall be exercised.

No impact on regulatory classification of the Instruments and capacity to absorb losses

As set out in the section "*Risks related to the regulatory classification of the Instruments*" above, Green Instruments, Social Instruments or Sustainability Instruments being issued as Subordinated Notes (Tier 2) (i.e. with the aim of being recognised as tier 2 capital pursuant to the CRR), as Senior Non-Preferred Notes or as Senior Preferred Notes intended to be eligible for the purposes of MREL are fully subject to the application of the eligibility criteria set out in the CRR and the requirements for own funds and eligible liabilities instruments of the BRRD. Further, such Instruments are issued with a view to absorb losses and may therefore be subject to the exercise of mandatory write-down or conversion powers and/or the application of resolution measures such as the bail-in tool. The fact that such Instruments are designated as Green Instruments, Social Instruments or Sustainability Instruments does not (i) limit any regulatory restrictions with respect to the relevant Instruments, (ii) affect the regulatory classification of the relevant Instruments, (iii) provide the relevant Noteholders with any priority compared to other liabilities of the Issuer, (iv) have any impact on the status as set out in the relevant Terms and Conditions of the Instruments, nor are the risks related to their level of subordination affected.

Payments of principal and interest on Green Instruments, Social Instruments or Sustainability Instruments (as applicable) will not depend on the performance of the relevant Eligible Green Project and/or Eligible Social Project, as applicable, nor have any preferred right against the relevant assets.

3.5 Sustainability evaluations

No assurance or representation can be given by the Issuer or the Dealers or any other person (including UniCredit Group) as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Instruments and in particular with any Eligible Green Projects and/or Eligible Social Projects, as applicable, to fulfil any environmental, social, sustainability and/or other criteria (such opinion or certification also referred to as a "**Second-Party Opinion**"). Any such Second Party Opinion may not address risks that may affect the value of any Instruments issued in accordance with the Sustainability Bond Framework or any Eligible Green Projects and/or Eligible Social Projects, as applicable, against which the Issuer may assign the proceeds of any Instruments.

Such Second Party Opinion provides an opinion on certain environmental and related considerations and is not intended to address any credit, market or other aspects of an investment in any Instruments, including without limitation market price, marketability, investor preference or suitability of any security. Such Second Party Opinion is a statement of opinion, not a statement of fact. Any such Second Party Opinion is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person (including UniCredit Group) to buy, sell or hold any Instruments. Any such Second Party Opinion is only current as of the date that opinion was initially issued and may be updated, suspended or withdrawn by the relevant provider(s) at any time. Prospective investors must determine for themselves the relevance of any such Second Party Opinion and/or the information contained therein and/or the provider of such Second Party Opinion for the purpose of any investment in any Instruments.

Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. There can be no assurance that Noteholders will have any recourse against the provider(s) of any Second Party Opinion.

3.6 Inflation risk

The inflation risk is the risk of future money depreciation. The real yield from an investment is reduced by inflation. The higher the rate of inflation, the lower the real yield on an Instrument. If the inflation rate is equal to or higher than the nominal yield, the real yield is zero or even negative.

4. Risks related to the offer to the public and the admission of the Instruments to trading on a regulated market

4.1 Risk that no active trading market for the Instruments exists

The Instruments will be newly issued securities, which may not be widely distributed and for which no active trading market may exist and may develop.

Although applications could be made for the Instruments to be admitted to the regulated market of any stock exchange or to any market within the European Economic Area, there is no assurance that such applications will be accepted, that a particular Tranche of Instruments will be admitted or that an active trading market will develop. Accordingly, there is no assurance regarding the development or liquidity of a trading market for a particular Tranche of Instruments. Neither the Issuer nor a Dealer can assure that a Noteholder will be able to sell their Instruments prior to their maturity. If the Instruments are not traded on any securities exchange, pricing information for the Instruments may be more difficult to obtain which may have a negative effect on the liquidity and the market prices of the Instruments.

The Issuer may, but is not obliged to, purchase Instruments at any time and at any price in the open market, by tender or private agreement. Any Instruments purchased in this way by the Issuer may be held, resold or cancelled. If the Issuer acts as the only market maker or if there is no market maker, the secondary market may become even more limited. The more limited the secondary market is, the more difficult it may be for Noteholders to realise the value of the Instruments prior to the maturity date of the Instruments. Therefore, a certain risk does exist that Noteholders have to hold the Instruments until the maturity date of the Instruments or the Instruments are redeemed early (if a right to redeem the Instruments early is applicable).

4.2 Risks relating to the offering volume

The offering volume described in the Final Terms is equal to the maximum volume of the Instruments offered, which might be increased at any time. This amount does not allow any conclusions on the volume of the Instruments actually issued, and thus on the liquidity of a potential secondary market associated with the same risks as stated above.

4.3 Legality of purchase

Neither the Issuer nor any Dealer or any of their affiliates has assumed or assumes responsibility towards any potential investor for the legality of the acquisition of the Instruments, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that potential investor with any law, regulation or regulatory policy applicable to it.

5. Other risks related to the Instruments

5.1 Ratings

Instruments issued under the Programme may be rated or unrated. Where a Tranche of Instruments is rated, such rating will not necessarily be the same as the rating assigned to Instruments to be issued under the Programme. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. In addition, the Issuer may decide to no longer use the services of a particular rating agency or use the services of another rating agency. Any ratings assigned to Instruments as at the date hereof are not indicative of future performance of the relevant Issuer's business or its future creditworthiness.

Furthermore, in view of Regulation (EC) No 1060/2009 of the European Parliament and of the Council on Credit Rating Agencies (as amended from time to time), rating processes may differ from former ratings and rating processes as a result of which the rating of the Instruments may differ or may not be available at all.

5.2 Claims under the Instruments are not covered by the statutory deposit protection

Claims of the Noteholders under the Instruments are not covered by the statutory deposit protection (*Einlagensicherung*). Therefore, in the insolvency of the Issuer, Noteholders of Instruments would be subject to the risk of a total loss of their investment in the Instruments (in particular if and to the extent the Instruments are not secured by any collateral).

5.3 Transaction costs

When Instruments are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred beside the purchase or sales price of the Instruments. These incidental costs may significantly reduce or even eliminate any profit from holding the Instruments. Generally, credit institutions charge commissions, which are either fixed minimum commissions or pro-rata commissions, depending on the order value. To the extent that additional – domestic or foreign – parties are involved in the execution of an order, for example domestic dealers or brokers in foreign markets, Noteholders may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third-party costs).

In addition to such costs directly related to the purchase of Noteholders (direct costs), potential investors must also take into account any follow-up costs (such as custody fees). Potential investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Instruments before investing in the Instruments.

5.4 Risks relating to hedging transactions

Noteholders may not be able to make transactions to preclude or limit risks at all times during the term of the Instruments. Their ability to do so will depend on, *inter alia*, market conditions. In some cases investors may make such transactions only at a market price that is disadvantageous to them, so that a significant loss will occur.

5.5 Transactions to reduce risks

Any person intending to use the Instruments as a hedging instrument should recognise the correlation risk. The correlation risk in this case is the risk that the estimated and the actual correlation of the Instruments may differ. This means that the hedging position estimated to move in the opposite direction as a security may prove to be correlated with the security, and that this may lead to failure of the envisaged hedging transaction. The Instruments may not be a perfect hedge to an underlying or portfolio of which the underlying forms a part.

5.6 Risks relating to the expansion of the spread between bid and offer prices

In special market situations, the Issuer may be unable to conclude hedging transactions, or when such transactions are very difficult to conclude, the spread between the bid and offer prices which will be quoted by the Issuer may be temporarily expanded, in order to limit the economic risk of the Issuer. As a consequence,

Noteholders who sell their Instruments on an exchange or directly among market participants via so-called over-the-counter dealings (off-exchange) can only sell them at a price that is substantially lower than the actual value of the Instruments at the time of the sale and will therefore suffer a loss.

5.7 Reinvestment risk

Noteholders may be exposed to risks connected to the reinvestment of cash resources freed from any Instruments. The return, the Noteholder will receive from an Instrument depends not only on the price and the nominal interest rate of the Instruments but also on whether or not the interest received during the term of the Instruments, if any, can be reinvested at the same or a higher interest rate than the rate provided for in the Instruments. The risk that the general market interest rate falls below the interest rate of the Instruments during its term is generally called reinvestment risk. The extent of the reinvestment risk depends on the individual features of the relevant Instruments.

5.8 Risks arising from financing the purchase of the Instruments

If a potential investor decides to finance the purchase of the Instruments with funds borrowed from a third party, the investor should make sure in advance that he can still pay the interest and principal payments on the loan also in the event of a loss. The investor should not rely on gains or profits from the investment in the Instruments in order to repay interest and principal of the loans when due and payable. In that case, the expected return must be set higher since the costs relating to the purchase of the Instruments and those relating to the loan (interest, redemption, handling fee) have to be taken into account.

5.9 Noteholders rely on the procedures of Euroclear, Clearstream, Luxembourg and OeKB CSD GmbH as regards the transfer, payment and communication

Instruments issued under the Programme may be represented by one or more Global Notes. Such Global Notes may be deposited with a common depositary or, if the Global Notes are New Global Notes, a common safekeeper for Euroclear and Clearstream, Luxembourg and in the case of Covered Bonds deposited with OeKB CSD GmbH. Euroclear, Clearstream, Luxembourg and OeKB CSD GmbH will maintain records of the beneficial interests in the Global Notes, or as the case may be, Covered Bonds. While the Instruments are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear, Clearstream, Luxembourg or, in the case of Covered Bonds, OeKB CSD GmbH.

While the Instruments are represented by one or more Global Notes, the Issuer will discharge the payment obligations under the Instruments by making payments to the common depositary, or for Instruments that are New Global Notes, the common safekeeper for Euroclear and Clearstream, Luxembourg, or in the case of Covered Bonds, OeKB CSD GmbH for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream Luxembourg or in the case of Covered Bonds, OeKB CSD GmbH. The Issuer has no responsibility or liability for the records relating to the beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Note. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the Issuer in the event of a default under the relevant Instruments.

5.10 Instruments issued at a substantial discount or premium

The market values of Instruments issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Instruments, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

RESPONSIBILITY STATEMENT

Bank Austria with its registered office at Rothschildplatz 1, 1020 Vienna, Austria, accepts responsibility for the information contained in this Securities Note and declares to the best of its knowledge that the information contained in this Securities Note is in accordance with the facts and that this Securities Note makes no omission likely to affect its import.

By approving this Securities Note, CSSF assumes no responsibility as to the economic and financial soundness of the transaction and the quality or solvency of the Issuer pursuant to Article 6 (4) of the Luxembourg Law. No other person mentioned in this Securities Note, other than the Issuer, is responsible for the information given in this Securities Note and any supplement thereto.

CONSENT TO USE THIS SECURITIES NOTE

The Issuer may during the term of its validity pursuant to Article 12(1) of the Prospectus Regulation give its consent pursuant to Article 5(1) of the Prospectus Regulation to the use of this Securities Note, together with the Registration Document, in the context of a specific offer / issue of a Series / Tranche of Instruments either by way of (i) general consent to use this Securities Note, if so applied in the Final Terms or (ii) specific consent to use this Securities Note, if so applied in the Final Terms, only together with the Registration Document. However, the Issuer may also give no consent to use this Securities Note together with the Registration Document at all, if so applied in the Final Terms.

The Issuer hereby consents to the use of this Securities Note to the extent and subject to the conditions set out in the Final Terms.

In the context of any public offer of Instruments in a Public Offer Jurisdiction (as defined below), in relation to any person who purchases any Instruments in that Public Offer Jurisdiction, the Issuer accepts responsibility for the information given in the Base Prospectus (comprising this Securities Note and the Registration Document), in any supplement thereto as well as in the Final Terms, also with respect to the subsequent resale or final placement of the relevant Instruments by financial intermediaries who obtained the consent to use the Base Prospectus (comprising this Securities Note and the Registration Document), any supplement thereto as well as the Final Terms.

Such consent can be given to all (so-called general consent) or only to one or several specified financial intermediaries (so-called individual consent) and will be determined in the Final Terms.

Such consent can be given in relation to any of the member states of the European Economic Area (each, a "**Member State**") in which the Base Prospectus (comprising this Securities Note and the Registration Document) is valid or into which it has been notified as specified in the Final Terms, being as at the date of the Base Prospectus (comprising this Securities Note and the Registration Document) Luxembourg, Austria and Germany (each, a "**Public Offer Jurisdiction**"). If after the date of this Securities Note the Issuer intends to add one or more Member States to the list of Public Offer Jurisdictions for any purpose, it will prepare a supplement to this Securities Note specifying such Member State(s) and any relevant additional information required by the Prospectus Regulation.

The consent of the Issuer is given under the condition that each financial intermediary complies with the Terms and Conditions (as defined in below), the Final Terms as well as the applicable selling restrictions.

Consent to the use of the Base Prospectus (comprising this Securities Note and the Registration Document) can be given in relation to the relevant Tranche of Instruments and for the offer period set out in the Final Terms.

If the consent of the Issuer is subject to further conditions, such conditions will be set out in the Final Terms.

Except in the circumstances described above, the Issuer has not authorised the making of any offer by any offeror and the Issuer has not consented to the use of this Securities Note by any other person in connection with any offer of the Instruments in any jurisdiction. Any offer made without the consent of the Issuer is unauthorised and neither the Issuer nor, for the avoidance of doubt, any of the Arranger or Dealer, accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer.

The distribution of this Securities Note, any supplement thereto and the Final Terms as well as the offer, sale and the delivery of the Instruments may be restricted by law in some jurisdictions. Each financial intermediary and/or each person, who is in the possession of this Securities Note, a supplement thereto and the Final Terms, must be informed of and comply with such restrictions. The Issuer reserves the right to withdraw its consent to the use of this Securities Note in relation to certain financial intermediaries.

In the event of an offer being made by a financial intermediary, the financial intermediary will provide information to investors on the terms and conditions of the Instruments including information regarding costs and expenses (if any) at the time of that offer.

Any financial intermediary using this Securities Note shall state on its website that it uses this Securities Note in accordance with this consent and the conditions attached to this consent.

New information with respect to new financial intermediaries unknown at the time of the approval of this Securities Note or the filing of the Final Terms, as the case may, will be published and will be found on the website of the Issuer (or any successor website).

Neither the Issuer nor, for the avoidance of doubt, the Arranger or any Dealer, has any responsibility for any of the actions of a financial intermediary, including compliance by a financial intermediary with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

GENERAL INFORMATION OF THE INSTRUMENTS

Each Tranche (which means all Instruments of the same Series (as defined in the Terms and Conditions of the Instruments) of Instruments will be in bearer form and will be initially issued in the form of, if so specified in the applicable Final Terms, a temporary global note (the "**Temporary Global Note**") or, if so specified in the applicable Final Terms, a digital global note or a permanent global note (the "**Permanent Global Note**" and, all together, the "**Global Notes**"), which, in either case, will

(i) if the Global Notes are intended to be issued in new global Note ("**NGN**") form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A., Luxembourg ("**Clearstream, Luxembourg**"); and

(ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depositary (the "**Common Depositary**") for Euroclear and Clearstream, Luxembourg or (if applicable) to OeKB CSD GmbH.

The applicable Final Terms will specify whether or not the Instruments are intended to be held in a manner which will allow Eurosystem eligibility. However, this simply means that the Instruments are intended to be issued in NGN form and deposited with one of the international central securities depositaries ("**ICSDs**") as Common Safekeeper, except for Instruments, which will be deposited with OeKB CSD GmbH and which will not be issued in NGN form in order to become Eurosystem eligible, and which does not necessarily mean that the Instruments will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. Any Instruments issued in NGN form will be notified to the ICSDs regardless of whether or not the Instruments are intended to be held in a manner which will allow Eurosystem eligibility.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Instruments due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Global Note (if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) and Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the "**Exchange Date**") which is the later of (i) 40 days after the Temporary Global Note is issued and (ii) 40 days after the completion of the distribution of the relevant Tranche, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue) (the "**Distribution Compliance Period**"), interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein for interests in a Permanent Global Note of the same Series against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note is improperly withheld or refused.

The permanent Global Note will, unless otherwise agreed between the Issuer and the relevant Dealer, if the Global Notes are intended to be issued in NGN form as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the "**Common Safekeeper**") for Euroclear and Clearstream, Luxembourg. If the Global Notes are not intended to be issued in NGN form, the permanent global Note will be delivered to a common depositary for Euroclear and Clearstream, Luxembourg or (if applicable) to OeKB CSD GmbH.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH, as applicable, against presentation or surrender (as the case may be) of the Permanent Global Note (if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

In the case of Instruments other than Covered Bonds, the applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, upon either; (i) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein; or (ii) only upon the occurrence of an Exchange Event. For these purposes, "**Exchange Event**" means that; (i) in relation to Notes other than Eligible Notes, Subordinated Notes, Covered Bonds, an Event of Default (as defined in § 7 of the Terms and Conditions of the Instruments (other than Covered Bonds)) has occurred and is continuing; (ii) the Issuer has been notified that each of Euroclear, Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business (or, in the case of OeKB CSD GmbH, an intention to cease acting as a clearing system) or have in fact done so and no alternative clearing system satisfactory to the Agent is available; or (iii) in relation to Instruments other than Covered Bonds, the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 1 of the Terms and Conditions of the Instruments (other than Covered Bonds) which would not be required were such Instruments represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with the Terms and Conditions of the Instruments (other than Covered Bonds) if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Agent.

Instruments representing Covered Bonds will not be issued in definitive form. Each Temporary Global Note and Permanent Global Note representing Covered Bonds shall either be signed by the trustee (*Treuhänder*) of the Issuer in accordance with the PfandBG or, alternatively, a separate certificate will be issued by the trustee (*Treuhänder*) of the Issuer confirming the availability of the prescribed cover in accordance with § 9 PfandBG.

The following legend will appear on all Instruments which have an original maturity of 365 days or more:

"ANY UNITED STATES PERSON (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED) WHO HOLDS THIS OBLIGATION, DIRECTLY OR INDIRECTLY, WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(J) AND 1287(A) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Instruments, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Instruments, receipts or interest coupons.

Instruments which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and/or OeKB CSD GmbH, as the case may be.

Pursuant to the Agency Agreement (as defined in the Terms and Conditions of the Instruments), the Agent shall arrange that, where a further Tranche of Instruments is issued which is intended to form a single Series with an existing Tranche of Instruments, the Instruments of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Instruments of any other Tranche of the same Series until at least the expiry of the Distribution Compliance Period applicable to the Instruments of such Tranche.

For so long as any of the Instruments are represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH (as applicable) each person (other than Euroclear or Clearstream, Luxembourg and/or OeKB CSD GmbH) who is for the time being shown in the records of Euroclear, Clearstream, Luxembourg or OeKB CSD GmbH (as applicable) as the holder of a particular nominal amount of such Instruments (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg or OeKB CSD GmbH (as applicable) as to the nominal amount of such

Instruments standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and its agents as the holder of such nominal amount of such Instruments for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Instruments, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and its agents as the holder of such nominal amount of such Instruments in accordance with and subject to the terms of the relevant Global Note and the expressions "Noteholder" and related expressions shall be construed accordingly.

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or OeKB CSD GmbH shall, whenever the context so permits, except in relation to Instruments issued in NGN form, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms and approved by the Issuer and the Agent.

Instruments other than Covered Bonds may be accelerated by the Noteholder thereof in certain circumstances described in the Terms and Conditions of the Instruments (other than Covered Bonds). In such circumstances, where such Instruments are still represented by a Global Note and a Noteholder with an interest in such Global Note credited to his securities account with Euroclear or Clearstream, Luxembourg gives notice to the Agent that it wishes to accelerate such Instruments, then unless within a period of 15 days from the giving of such notice payment has been made in full in accordance with the terms of the Global Note, the Global Note will become void. At the same time, Noteholders credited to their accounts with Euroclear or Clearstream, Luxembourg (as applicable) will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear or Clearstream, Luxembourg (as applicable). Instruments that are deposited for clearing with OeKB CSD GmbH will not become void in any circumstances. Covered Bonds may be accelerated by the holder thereof subject to and in accordance with the provisions of Austrian law, subject as provided in the applicable Final Terms.

OVERVIEW OF COVERED BONDS

This section on Covered Bonds contains a brief summary with regard to single aspects of the PfandBG which are of significance in connection with an issue of Covered Bonds. This summary does not purport to exhaustively describe all possible aspects in relation to the Covered Bonds and the PfandBG which may be relevant for an issue of the Covered Bonds and further disclosure may be included in a supplement to this Prospectus. This summary does not deal with specific situations which may be of relevance for certain prospective Noteholders of the Covered Bonds. The following comments are rather of a general nature and included herein solely for information purposes. They are not intended to be, nor should they be construed to be, legal advice. This summary is based on the provisions of the PfandBG as of the date of this Prospectus, which may be amended from time to time. Prospective Holders of the Covered Bonds should consult their legal advisors as to an investment in Covered Bonds.

Under the Issuer's covered bond programme Covered Bonds (gedeckte Schuldverschreibungen) may be issued which are Austrian law debt instruments, the quality and standards of which are regulated by the PfandBG. The investors' claims under the Covered Bonds are secured at all times by a cover pool of certain eligible assets (Deckungsstock).

Possible effects of the Issuer's insolvency

In the event of the Issuer's insolvency or resolution, payment obligations of the Issuer under the Covered Bonds shall not be subject to automatic acceleration and prepayment (so-called "bankruptcy remoteness"). The Noteholders shall have a priority claim in relation to the principal amount and any accrued and future interest from the cover assets which, in the event of the opening of insolvency proceedings, form a special estate (*Sondermasse*) for the satisfaction of the claims of the Noteholders of the Covered Bonds. Until such priority claim is satisfied, all covered assets shall be protected from third party claims and shall not form part of the Issuer's special estate. In addition, in the event of the Issuer's insolvency and in the event that the aforementioned priority claim cannot be satisfied in full, the Noteholders will have an insolvency claim against the Issuer.

Prospective claims (*betagte Forderungen*) of Noteholders under the Covered Bonds (i.e. existing claims which will only become due on a certain future date) shall not be deemed to be due in any insolvency proceedings relating to the Issuer's assets.

The bankruptcy court shall appoint a trustee (*Kurator*) (§ 95a of the Austrian Insolvency Code) at the opening of the insolvency proceedings to assert the above-mentioned priority claims and any insolvency claims.

Role of the special administrator and maturity extension

The bankruptcy court shall without undue delay appoint a special administrator to administer the special estate (§ 86 of the Austrian Insolvency Code). The FMA shall be heard prior to the appointment of the administrator. The rights and duties of the internal or external trustee (*Treuhänder*) pursuant to the PfandBG remain unaffected.

The special administrator shall satisfy due claims of the Noteholders from the special estate and shall take the necessary administrative measures for this purpose with effect for the special estate, for example by collecting due mortgage claims, selling individual cover assets or by bridge financing.

Furthermore, in the event of the Issuer's insolvency, the special administrator may trigger a maturity extension pursuant to § 22 PfandBG, provided that, at the time of the maturity extension, the special administrator is convinced that the liabilities under the Covered Bonds can be serviced in full by the Issuer on the extended maturity date (objective trigger event). The maturity of Covered Bonds may be postponed once by up to 12 months upon the occurrence of the objective trigger event. The maturity extension is not at the Issuer's discretion.

Any maturity extension shall not affect the ranking of the Noteholders of the Covered Bonds and not invert the sequencing of the covered bond programme's original maturity schedule. In the event of a maturity extension, the maturity of other Covered Bonds (but not, for the avoidance of doubt, any covered bonds issued before 8 July 2022) within a covered bond programme shall be deemed to be deferred in each case for so long as it is necessary to maintain the sequence of the original maturity schedule.

Role of the FMA

As competent authority, the FMA supervises the issuance of Covered Bonds and compliance with the provisions of the PfandBG, without prejudice to the duties assigned to it under other laws and takes into account the national economic interest in a functioning capital market. Among other things, the FMA has the authority to grant or refuse approval for covered bond programmes pursuant to § 30 PfandBG and to require the Issuer to submit the conditions for possible maturity extensions pursuant to § 22 PfandBG.

In the course of the prospectus approval procedure, the FMA and the CSSF does not examine whether an approval for covered bond programmes pursuant to § 30 PfandBG exists.

Note on quarterly publication

The Issuer intends to provide the Holders with detailed information pursuant to § 23(2) PfandBG on a quarterly basis on its website under "https://www.bankaustria.at/".

Trustee (Treuhänder)

The Issuer appointed BINDER GRÖSSWANG Rechtsanwälte GmbH, Sterngasse 13, 1010 Vienna, as trustee (*Treuhänder*) within the meaning of the PfandBG.

TERMS AND CONDITIONS OF THE INSTRUMENTS

The Terms and Conditions are set out below in two Parts.

Part A: Terms and Conditions of the Notes

Part A sets out the Terms and Conditions of the Notes which (subject to completion by the Final Terms) will be attached to or incorporated by reference into each Global Note, provided that the applicable Final Terms in relation to any Series of Notes may, in the case of a relevant change of law, significant new factor, or material mistake or material inaccuracy, specify terms and conditions amended in relation to such change of law, significant new factor, or material mistake or material inaccuracy, which shall, to the extent so specified or to the extent inconsistent with the Terms and Conditions of the Notes, replace the Terms and Conditions of the Notes for the purpose of such Series of Notes.

*The Terms and Conditions of the Notes apply to a Series of Notes, as documented by the relevant Final Terms (the "**Final Terms**") either in the form of "Type A" or in the form of "Type B":*

*If Type A applies to a Series of Notes, the Terms and Conditions (the "**Type A Terms and Conditions**") will be determined as follows:*

The Final Terms will (i) determine the Terms and Conditions by inserting the Terms and Conditions in Part I of the Final Terms and will (ii) specify and complete these inserted Terms and Conditions.

*If Type B applies to a Series of Notes, the Terms and Conditions (the "**Type B Terms and Conditions**") will be determined as follows:*

The Final Terms will complete the table pertaining in Part I of the Final Terms.

*Where Type A applies, the so specified and completed Terms and Conditions will be attached to the digital or respective temporary and/or permanent global bearer note (the "**Global Note**").*

Where Type B applies, both (i) the completed table pertaining in Part I of the Final Terms, and (ii) the Terms and Conditions will be attached to the respective Global Note.

Teil A: Emissionsbedingungen für Schuldverschreibungen

Teil A enthält die Emissionsbedingungen für Schuldverschreibungen, die (vorbehaltlich Vervollständigung durch die Endgültigen Bedingungen) jeder Globalurkunde beigefügt oder durch Bezugnahme in diese aufgenommen werden, wobei im Falle einer relevanten Gesetzesänderung, eines wichtigen neuen Umstands oder einer wesentlichen Unrichtigkeit oder wesentlichen Ungenauigkeit die anwendbaren Endgültigen Bedingungen in Bezug auf eine Serie von Schuldverschreibungen Emissionsbedingungen festlegen können, die bezüglich solcher Gesetzesänderung, solchem wichtigen neuen Umstand oder solcher wesentlichen Unrichtigkeit oder wesentlichen Ungenauigkeit revidiert wurden und die, insoweit dies so bestimmt ist oder insoweit sie mit den Emissionsbedingungen für Schuldverschreibungen unvereinbar sind, die Emissionsbedingungen für Schuldverschreibungen für die Zwecke dieser Serie von Schuldverschreibungen ersetzen.

*Die Emissionsbedingungen der Schuldverschreibungen gelten für eine Serie von Schuldverschreibungen, wie in den jeweiligen Endgültigen Bedingungen (die "**Endgültigen Bedingungen**") entweder in der Form des "Typ A" oder in der Form des "Typ B" dokumentiert:*

*Findet Typ A auf eine Serie von Schuldverschreibungen Anwendung, werden die Emissionsbedingungen (die "**Typ A Emissionsbedingungen**") wie folgt bestimmt:*

Die Endgültigen Bedingungen werden (i) aus den Emissionsbedingungen, die in Teil I der Endgültigen Bedingungen eingefügt werden, bestehen und (ii) die eingefügten Emissionsbedingungen spezifizieren und vervollständigen.

*Findet Typ B auf eine Serie von Schuldverschreibungen Anwendung, werden die Emissionsbedingungen (die "**Typ B Emissionsbedingungen**") wie folgt bestimmt:*

Die Endgültigen Bedingungen werden die Tabelle, die in Teil I der Endgültigen Bedingungen enthalten sind, vervollständigten.

*Findet Typ A Anwendung, werden die so vervollständigten Emissionsbedingungen der betreffenden digitalen oder vorläufigen und/oder Dauer-Global-Inhaber-Schuldverschreibung (die "**Globalurkunde**") beigefügt.*

Findet Typ B Anwendung, werden (i) die Tabelle, die in Teil I der Endgültigen Bedingungen enthalten ist, und (ii) die Emissionsbedingungen der jeweiligen Globalurkunde beigeheftet.

Part B: Terms and Conditions of the Covered Bonds

Part B sets out the Terms and Conditions of the Covered Bonds which (subject to completion by the Final Terms) will be attached to or incorporated by reference into each global note, provided that the applicable Final Terms in relation to any Series of Covered Bonds may, in the case of a relevant change of law, significant new factor, or material mistake or material inaccuracy, specify terms and conditions amended in relation to such change of law, significant new factor, or material mistake or material inaccuracy, which shall, to the extent so specified or to the extent inconsistent with the Terms and Conditions of Covered Bonds, replace the Terms and Conditions of Covered Bonds for the purpose of such Series of Covered Bonds.

*The Terms and Conditions of Covered Bonds apply to a Series of Covered Bonds, as documented by the relevant Final Terms (the "**Final Terms**") either in the form of "Type A" or in the form of "Type B":*

*If Type A applies to a Series of Covered Bonds, the Terms and Conditions (the "**Type A Terms and Conditions**") will be determined as follows:*

The Final Terms will (i) determine the Terms and Conditions by inserting these Terms and Conditions in Part I of the Final Terms and will (ii) specify and complete these inserted Terms and Conditions.

*If Type B applies to a Series of Covered Bonds, the Terms and Conditions (the "**Type B Terms and Conditions**") will be determined as follows:*

The Final Terms will complete the table pertaining in Part I of the Final Terms.

*Where Type A applies, the so specified and completed Terms and Conditions will be attached to the digital or respective permanent global bearer note (the "**Global Note**").*

Where Type B applies, both (i) the completed table pertaining in Part I of the Final Terms, and (ii) the Terms and Conditions will be attached to the respective Global Note.

Teil B: Emissionsbedingungen für Gedeckte Schuldverschreibungen

Teil B enthält die Emissionsbedingungen für Gedeckte Schuldverschreibungen, die (vorbehaltlich Vervollständigung durch die Endgültigen Bedingungen) jeder Globalurkunde beigefügt oder durch Bezugnahme in diese aufgenommen werden, wobei im Falle einer relevanten Gesetzesänderung, eines wichtigen neuen Umstands oder einer wesentlichen Unrichtigkeit oder wesentlichen Ungenauigkeit die anwendbaren Endgültigen Bedingungen in Bezug auf eine Serie von Gedeckten Schuldverschreibungen Emissionsbedingungen festlegen können, die bezüglich solcher Gesetzesänderung, solchem wichtigen neuen Umstand oder solcher wesentlichen Unrichtigkeit oder wesentlichen Ungenauigkeit revidiert wurden und die, insoweit dies so bestimmt ist oder insoweit sie mit den Emissionsbedingungen für Gedeckten Schuldverschreibungen unvereinbar sind, die Emissionsbedingungen für Gedeckten Schuldverschreibungen für die Zwecke dieser Serie von Gedeckten Schuldverschreibungen ersetzen.

*Die Emissionsbedingungen der Gedeckten Schuldverschreibungen gelten für eine Serie von Gedeckten Schuldverschreibungen, wie in den jeweiligen Endgültigen Bedingungen (die "**Endgültigen Bedingungen**") entweder in der Form des "Typ A" oder in der Form des "Typ B" dokumentiert:*

*Findet Typ A auf eine Serie von Gedeckten Schuldverschreibungen Anwendung, werden die Emissionsbedingungen (die "**Typ A Emissionsbedingungen**") wie folgt bestimmt:*

Die Endgültigen Bedingungen werden (i) aus den Emissionsbedingungen, die in Teil I der Endgültigen Bedingungen eingefügt werden, bestehen und (ii) die eingefügten Emissionsbedingungen spezifizieren und vervollständigen.

*Findet Typ B auf eine Serie von Gedeckten Schuldverschreibungen Anwendung, werden die Emissionsbedingungen (die "**Typ B Emissionsbedingungen**") wie folgt bestimmt:*

Die Endgültigen Bedingungen werden die Tabelle, die in Teil I der Endgültigen Bedingungen enthalten sind, vervollständigen.

*Findet Typ A Anwendung, werden die so vervollständigten Emissionsbedingungen der betreffenden Dauer-digitalen Sammelurkunde oder Global-Inhaber-Urkunde (die "**Globalurkunde**") beigefügt.*

Findet Typ B Anwendung, werden (i) die Tabelle, die in Teil I der Endgültigen Bedingungen enthalten ist, und (ii) die Emissionsbedingungen der jeweiligen Globalurkunde beigeheftet.

PART A TERMS AND CONDITIONS OF THE NOTES

(*ENGLISH LANGUAGE VERSION*)

Terms and Conditions of the Notes (English language version)

§ 1

(Series, Form of Notes, Issuance of Additional Notes)

(1) This Tranche of the series (the "**Series**") of Notes (the "**Notes**") of UniCredit Bank Austria AG (the "**Issuer**") is being issued on **[***insert Issue Date***]** (the "**Issue Date**") in bearer form pursuant to these terms and conditions (the "**Terms and Conditions**") in **[***insert Specified Currency***]** (the "**Specified Currency**") in the aggregate principal amount of [up to] **[***insert Aggregate Principal Amount***]** (the "**Aggregate Principal Amount**") in the denomination of **[***insert Specified Denomination***]** (the "**Specified Denomination**").

[*In the case of a Temporary Global Note, which is exchanged for a Permanent Global Note (TEFRA D), insert:*

(2) The Notes are initially represented by a temporary global note (the "**Temporary Global Note**") without interest coupons. Where:

"**FOMC Target Rate**" means, the short-term interest rate target set by the Federal Open Market Committee and published on the Federal Reserve's Website or, if the Federal Open Market Committee does not target a single rate, the midpoint of the short-term interest rate target range set by the Federal Open Market Committee and published on the Federal Reserve's Website (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range).

"**U.S. Government Securities Banking Day**" means any day, except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that

the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

"**OBFR**", means, with respect to any Interest Determination Date, the daily Overnight Bank Funding Rate in respect of the New York Banking Day immediately preceding such Interest Determination Date as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or a successor administrator) on the New York Fed's Website on or about 5:00 p.m. (New York time) on such Interest Determination Date.

"**OBFR Index Cessation Effective Date**" means, in respect of a OBFR Index Cessation Event, the date on which the Federal Reserve Bank of New York (or any successor administrator of the Overnight Bank Funding Rate), ceases to publish the Overnight Bank Funding Rate, or the date as of which the Overnight Bank Funding Rate may no longer be used.

"**OBFR Index Cessation Event**" means the occurrence of one or more of the following events:

(a) a public statement by the Federal Reserve Bank of New York (or a successor administrator of the OBFR) announcing that it has ceased or will cease to provide OBFR permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to provide OBFR; or

(b) the publication of information which reasonably confirms that the Federal Reserve Bank of New York (or a successor administrator of OBFR) has ceased or will cease to provide OBFR permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to publish or provide OBFR; or

(c) a public statement by a U.S. regulator or other U.S. official sector entity prohibiting the use of OBFR that applies to, but need not be limited to, all swap transactions, including existing swap transactions.

"**SOFR® Index Cessation Effective Date**" means, in respect of a SOFR® Index Cessation Event, the date on which the Federal Reserve Bank of New York (or any successor administrator of the Secured Overnight Financing Rate), ceases to publish the Secured Overnight Financing Rate, or the date as of which the Secured Overnight Financing Rate may no longer be used.

"**SOFR® Index Cessation Event**" means the occurrence of one or more of the following events:

(a) a public statement by the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate) announcing that it has ceased or will cease to provide the Secured Overnight Financing Rate permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to provide a Secured Overnight Financing Rate; or

(b) the publication of information which reasonably confirms that the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing

Rate) has ceased or will cease to provide the Secured Overnight Financing Rate permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to provide the Secured Overnight Financing Rate; or

(c) a public statement by a U.S. regulator or U.S. other official sector entity prohibiting the use of the Secured Overnight Financing Rate that applies to, but need not be limited to, all swap transactions, including existing swap transactions.**]**

([2][3][4][5][6]) *Early Redemption for Regulatory Reasons (Regulatory Call).*

The Notes may be redeemed, in whole but not in part, [*in case of Notes other than floating rate Notes:* at any time] [*in case of floating rate Notes:* on any Interest Payment Date] at the option of the Issuer, subject to § 4([3][4][5][6][7]) *Conditions to Redemption and Repurchase* below, at any time, upon not less than [*insert number (at least 5 Banking Days)*] and not more than [*insert number (no more than 30 Banking Days)*] Banking Days (as defined in § 5 [(2)][(3)] below)] prior notice of redemption at the Early Redemption Amount (as defined below) together with interest (if any) accrued to the date fixed for redemption (exclusive), if the Issuer determines that an MREL Disqualification Event has occurred and is continuing.

Where:

"**MREL Disqualification Event**" means that, at any time, all or part of the aggregate outstanding nominal amount of the Notes is or will be excluded fully or partially from eligible liabilities available to meet the MREL Requirements, provided that: (a) the exclusion of the Notes from the MREL Requirements due to the remaining maturity of such Notes being less than any period prescribed thereunder, does not constitute a MREL Disqualification Event; and (b) the exclusion of all or some of the Notes from the MREL Requirements as a result of such Notes being purchased by or on behalf of the Issuer or as a result of a purchase which is funded directly or indirectly by the Issuer, does not constitute a MREL Disqualification Event.

"**MREL Requirements**" means the laws, regulations, requirements, guidelines, rules, standards and policies relating to minimum requirements for own funds and eligible liabilities (MREL) and/or loss-absorbing capacity instruments applicable to the Issuer, from time to time (including any applicable transitional provisions), including, without limitation to the generality of the foregoing, any delegated or implementing acts (such as regulatory technical standards) adopted by the European Commission and any regulations, requirements, guidelines, rules, standards and policies relating to minimum requirements for own funds and eligible liabilities (MREL) and/or loss absorbing capacity instruments adopted by the Republic of Austria, a relevant Competent Authority, the Resolution Authority or the European Banking Authority from time to time (whether or not such requirements, guidelines or policies are applied generally or specifically to the Issuer), as any of the preceding laws, regulations, requirements, guidelines, rules, standards, policies or interpretations may be amended, supplemented, superseded or replaced from time to time.

Notice of redemption shall be given by the Issuer to the Noteholders in accordance with § 10. Such notice shall be irrevocable and shall state the date fixed for redemption.

([3][4][5][6][7]) *Conditions for Redemption and Repurchase.*

Any early redemption pursuant to this § 4, any repurchase pursuant to § 11 and any early redemption for reasons of taxation pursuant to § 8 are subject to compliance with the conditions to such redemption or repurchase in accordance with the MREL Requirements at the relevant time, including, as relevant, the condition that the Issuer has obtained the prior permission of the Resolution Authority (or any other relevant supervisory authority)

for the early redemption or the repurchase in accordance with the Articles 77 and 78a CRR, where one of the following conditions is met:

(a) on or before such redemption or repurchase (as applicable), the Issuer replaces the Notes with own funds instruments or eligible liabilities instruments of equal or higher quality at terms that are sustainable for its income capacity; or

(b) the Issuer has demonstrated to the satisfaction of Resolution Authority that its own funds and eligible liabilities would, following such redemption or repurchase, exceed the requirements for own funds and eligible liabilities laid down in the Relevant Regulations by a margin that the Resolution Authority, in agreement with the Competent Authority (as defined below), considers necessary; or

(c) the Issuer has demonstrated to the satisfaction of the Resolution Authority that the partial or full replacement of the relevant Notes with own funds instruments is necessary to ensure compliance with the own funds requirements laid down in the Relevant Regulations for continuing authorisation.

Where:

"**Resolution Authority**" means the resolution authority pursuant to Article 4(1)(130) CRR which is responsible for recovery or resolution of the Issuer on an individual and/or consolidated basis.

"**BRRD**" means the Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council, in each case as amended or replaced from time to time.

"**CRD IV Directive**" means the Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC, as amended or replaced from time to time, and any references in these Terms and Conditions to any relevant Articles of the CRD IV Directive include references to any applicable provisions of law amending or replacing such Articles from time to time (including by the CRD V Directive).

"**CRD V Directive**" means the Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending Directive 2013/36/EU as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures, as amended or replaced from time to time.

"**Relevant Regulations**" means any requirements contained in the regulations, rules, guidelines and policies of the Competent Authority (as defined below) or the Resolution Authority, or of the European Parliament and Council then in effect in Austria, relating to capital adequacy and applicable to the Issuer from time to time (including any applicable transitional provisions), including, but not limited to, as at the Issue Date, the rules contained in, or implementing, CRR, CRD IV Directive and the BRRD, delegated or implementing acts adopted by the European Commission and guidelines issued by the European Banking Authority, in each case as amended or replaced from time to time.

Prior to the publication of any notice of redemption pursuant to this § 4(3), the Issuer shall deliver or procure that there is delivered to the Principal Paying Agent a certificate signed by two authorised signatories of the Issuer stating that the said circumstances prevail and describe the facts leading thereto.

The Principal Paying Agent is not responsible, nor shall it incur any liability, for monitoring or ascertaining as to whether any certifications required by this § 4(3) are provided, nor shall it be required to review, check or analyse any certifications produced nor shall it be responsible for the contents of any such certifications or incur any liability in the event the content of such certifications are inaccurate or incorrect.

Where:

"**BRRD**" means the Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council, in each case as amended or replaced from time to time.

"**CRD IV Directive**" means the Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC, as amended or replaced from time to time, and any references in these Terms and Conditions to any relevant Articles of the CRD IV Directive include references to any applicable provisions of law amending or replacing such Articles from time to time (including by the CRD V Directive).

"**CRD V Directive**" means the Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 amending Directive 2013/36/EU as regards exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures, as amended or replaced from time to time.

"**CRR**" means the Regulation (EU) No 575/ of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, as amended or replaced from time to time.

"**Relevant Regulations**" means any requirements contained in the regulations, rules, guidelines and policies of the Competent Authority (as defined below) or of the European Parliament and Council then in effect in Austria, relating to capital adequacy and applicable to the Issuer from time to time (including any applicable transitional provisions), including, but not limited to, as at the Issue Date, the rules contained in, or implementing, CRR, CRD IV Directive, CRD V Directive and the BRRD, delegated or implementing acts adopted by the European Commission and guidelines issued by the European Banking Authority, in each case as amended or replaced from time to time.

(4) *Conditions to Redemption and Repurchase*.

Any early redemption pursuant to this § 4, any repurchase pursuant to § 11 and any early redemption for reasons of taxation pursuant to § 8 are subject to

(a) the Issuer having obtained the prior permission of the Competent Authority (as defined below) for the early redemption or the repurchase in accordance with the Articles 77 and 78 CRR, if applicable to the Issuer and/or the issuance at that point in time; and

(b) in the case of any early redemption or repurchase prior to the fifth anniversary of the date of issuance of the Notes, in addition, if applicable to the Issuer at that point in time:

(i) in case of an early redemption for reasons of taxation pursuant to § 8[(2)][(3)], the Issuer has pursuant to Article 78(4)(b) CRR (or any successor provision) demonstrated to the satisfaction of the Competent Authority that the applicable change in tax treatment is material and was not reasonably foreseeable as at the date of issuance of the Notes; or

(ii) in case of an early redemption for regulatory reasons pursuant to § 4(3), the Competent Authority considers such change to be sufficiently certain and pursuant to Article 78(4)(a)(ii) CRR (or any successor provision) the Issuer has demonstrated to the satisfaction of the Competent Authority that the relevant change in the regulatory classification of the Notes was not reasonably foreseeable as at the date of issuance of the Notes; or

(iii) in the case of an early redemption in circumstances other than as described in item (i) or (ii), either before or at the same time as such action, if the Issuer replaces the Notes with own funds instruments of equal or higher quality at terms that are pursuant to Article 78(4)(d) CRR (or any successor provision) sustainable for the income capacity of the Issuer and the Competent Authority has permitted that action based on the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

(iv) the Notes being repurchased for market making purposes.

For the avoidance of doubt, any refusal of the Competent Authority (or any other relevant supervisory authority) to grant any permission, approval or other consent, to the extent required, shall not constitute a default for any purpose.

§ 8

(Taxes)

(1) All amounts payable in respect of the Notes will be made by the Issuer free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature (the "**Taxes**") imposed, levied, collected, withheld or assessed by the Republic of Austria or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law.

If such withholding or deduction is required by law, the Issuer will pay such additional amounts **[***insert in case of Subordinated Notes and Eligible Notes*: with respect to interest only**]** as will be necessary in order that the net amounts received by the Noteholders after such withholding or deduction will equal the respective amounts which would otherwise have been receivable in respect of the Notes in the absence of such withholding or deduction (the "**Additional Amounts**"). However, no such Additional Amounts **[***insert in case of Subordinated Notes and Eligible Notes*: with respect to interest**]** will be payable on account of any Taxes which:

(a) are payable otherwise than by deduction or withholding from payments of principal or interest, or

(b) are payable by reason of the Noteholder having, or having had, some personal or business connection with the Republic Austria and not merely by reason of the fact that payments in respect of the Notes are, or for purposes of taxation are deemed to be, derived from sources in the Republic of Austria; or

(c) are payable by reason of a change in law that becomes effective more than 30 days after the relevant payment of principal or interest becomes due, or is duly provided for and notice thereof is published in accordance with § 10, whichever occurs later; or

(d) are deducted or withheld by a Paying Agent from a payment if the payment could have been made by another Paying Agent without such deduction or withholding, or

(e) would not be payable if the Notes had been kept in safe custody, and the payments had been collected by a banking institution; or

(f) are deducted or withheld from a payment to an individual or a residual entity (within the meaning of the European Council Directive 2003/48/EC) if such deduction or withholding is required to be made pursuant to the European Council Directive 2003/48/EC on taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such Directive or law, or

(g) would not be payable if the Noteholder makes a declaration of non-residence or other similar claim for exemption to the relevant tax authorities or complies with any reasonable certification documentation, information or other reporting requirement; or

(h) are imposed pursuant to section 1471(b) of the United States Internal Revenue Code of 1986, as amended (the "**Code**"), or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any treaty or law implementing an intergovernmental approach thereto; or

(i) any combination of paragraphs (a)-(h).

[*In the case the Senior Notes, Eligible Notes and Subordinated Notes are early redeemable for reasons of taxation, insert:*

[(1)][(2)] *Early Redemption due to Withholding Taxes.*

(Substitution of the Issuer)

[*In case of Senior Notes, insert:*

(1) The Issuer may, without the consent of the Noteholders, if no payment of principal of or interest on any of the Notes is in default, substitute any Affiliate (as defined below) as the principal debtor in respect of the Notes and the Agency Agreement (the "**Substituted Debtor**"), provided that:

(a) Standard & Poor's and/or Moody's as the case may be, shall have confirmed that, following the proposed substitution, the long term debt of the Substituted Debtor will have a higher or equivalent rating to that of the long term debt of the Issuer at the time of such substitution;

(b) without prejudice to the generality of subparagraph (a) above, if the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory (the "**New Residence**") other than the Republic of Austria;

(c) (i) the Substituted Debtor and the Issuer have obtained all necessary governmental and regulatory approvals and consents for such substitution and that all such approvals and consents are in full force and effect; and (ii) the obligations assumed by the Substituted Debtor in respect of the Notes and the Agency Agreement are, in each case, valid and binding in accordance with their respective terms and enforceable by each Noteholder;

(d) each stock exchange on which the Notes are listed shall have confirmed that, following the proposed substitution of the Substituted Debtor, such Notes will continue to be listed on such stock exchange;

(e) where the Substituted Debtor is not a company incorporated in the Republic of Austria, the Substituted Debtor shall have appointed a process agent as its agent in Austria to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes and/or the Agency Agreement; and

(f) legal opinions shall have been delivered to the Agent (from whom copies will be available) (in each case dated not more than three days prior to the intended date of substitution) from legal advisers of good standing selected by the Issuer in each jurisdiction in which the Substituted Debtor and the Issuer are incorporated and in Austria confirming, as appropriate, that upon the substitution taking place (A) the Notes and/or the Agency Agreement are legal, valid and binding obligations of the Substituted Debtor enforceable in accordance with their terms and (B) the requirements of this Condition, save as to the giving of notice to the Noteholders, have been met.

(2) Upon the substitution, the Substituted Debtor shall be deemed to be named in the Notes and the Agency Agreement as the principal debtor in place of the Issuer and the Notes and the Agency Agreement shall thereupon be deemed to be amended to give effect to the substitution of a Substituted Debtor as principal debtor and operate to release the Issuer or the previous substitute as aforesaid from all of its obligations as principal debtor in respect of the Notes and the Agency Agreement.

(3) Not later than 20 days after the substitution, the Substituted Debtor shall give notice thereof to the Noteholders in accordance with § 10.

(4) At any time after a substitution pursuant to this § 9, the Substituted Debtor may, without the consent of the Noteholders, effect a further substitution provided that all the provisions specified in this § 9 shall apply, mutatis mutandis, and, without limitation, references to the Issuer in these Terms and Conditions shall, where the context so requires, be deemed to be or include references to any such further Substituted Debtor.

(5) For the purposes hereof, "**Affiliate**" means UniCredit S.p.A. or any company of which the Issuer or UniCredit S.p.A. has control and "control" for the purpose hereof means either (i) the beneficial ownership, whether direct or indirect, of the majority of the issued share capital of such company or (ii) the right to direct the management and policies, whether by the ownership of share capital, contract or otherwise of such company.**]**

Notes repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.]

§ 12

(Presentation Period)

The presentation period provided in § 801 paragraph 1 sentence 1 of the German Civil Code (*Bürgerliches Gesetzbuch - BGB*) is reduced to ten years in respect of principal and limited to three years in respect of interest.

§ 13

(Partial Invalidity)

Should any provision of these Terms and Conditions of the Notes be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions of the Notes is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions of the Notes and is in the interest of the parties.

§ 14

(Choice of law, Place of Performance, Place of Jurisdiction, Language)

(1) The Notes, as to form and content, and all rights and obligations of the Issuer and the Noteholders shall be governed by the laws of the Federal Republic of Germany (main statute). The provisions in § 2 shall be governed by, and shall be construed exclusively in accordance with, Austrian law.

(2) Place of performance is Frankfurt am Main, Federal Republic of Germany.

(3) To the extent permitted by law, all legal disputes arising from or in connection with the matters governed by the terms and conditions of these Notes shall be brought before the court in Frankfurt am Main, Federal Republic of Germany.

[*Insert if Terms and Conditions are written in the German language and an English language translation will be provided:*

[*If the Terms and Conditions may be amended, insert:*

§ 15

(Amendments to the Terms and Conditions)

(1) §§ 5 et seq. of the German Bond Act (*Gesetz über Schuldverschreibungen aus Gesamtemissionen* (*Schuldverschreibungsgesetz* - "**SchVG**")), shall be applicable in relation to the Notes. Thus, the Issuer may amend these Terms and Conditions with consent by majority resolution of the Noteholders **[***Insert in case of Subordinated Notes:* subject to the prior permission of the Competent Authority, if relevant**][***in case of Eligible Notes insert:* subject to the prior permission of the Resolution Authority, if relevant**]**.

(2) The Noteholders may in particular agree by majority resolution to the following:

(i) a change of the due date for payment of interest, the reduction or the cancellation of interest;

(ii) a change of the due date for payment of principal;

(iii) a reduction of principal;

(iv) a subordination of claims arising from the Notes in insolvency proceedings of the Issuer;

(v) a conversion of the Notes into, or the exchange of the Notes for, shares, other securities or obligations;

(vi) an exchange or release of security;

(vii) a change of the currency of the Notes;

(viii) a waiver or restriction of Noteholders' termination rights under the Notes;

(ix) an amendment or a rescission of ancillary provisions of the Notes; and

(x) an appointment or a removal of a common representative for the Noteholders.

No obligation to make any payment or to render any other performance shall be imposed on any Noteholder by majority resolution.

(3) Pursuant to § 18 SchVG, Noteholders shall pass resolutions by vote taken **[**without a physical meeting**][**in a physical meeting**]**.

A meeting of Noteholders will be called for by the Issuer or the Common Representative (as defined in paragraph (8) below). Pursuant to § 9 (1) sent. (1) SchVG in connection with § 18 SchVG, a meeting of Noteholders must be called if Noteholders holding Notes amounting to 5 per cent. of the outstanding principal amount of the Notes request so, in writing, with reference to one of the reasons set out in § 9 (1) sent. (1) SchVG.

(4) Except as provided in the following sentence and provided that the requisite quorum is present, a resolution of the Noteholders will be passed by simple majority of the rights to vote participating in the vote.

In the cases of this § 15 (2) items (i) through (x), in order to be passed, resolutions require a majority of not less than 75 per cent. of the rights to vote participating in the vote.

(5) Each Noteholder participating in any vote shall cast votes in accordance with the principal amount or the notional fraction of its entitlement to the outstanding Notes. As long as the entitlement to the Notes lies with, or the Notes are held for the account of, the Issuer or any of its affiliates (§ 271 (2) of the German Commercial Code (*Handelsgesetzbuch*)), the right to vote in respect of such Notes shall be suspended. The Issuer may not transfer Notes, of which the voting rights are so suspended, to another person for the purpose of exercising such voting rights in the place of the Issuer; this shall also apply to any affiliate of the Issuer. No person shall be permitted to exercise such voting right for the purpose stipulated in sent. (3), first half sentence, herein above.

(6) *Binding Effect.* Majority resolutions shall be binding on all Noteholders. Resolutions which do not provide for identical conditions for all Noteholders are void, unless Noteholders who are disadvantaged have expressly consented to their being treated disadvantageously.

(7) Noteholders must demonstrate their eligibility to participate in the vote at the time of voting by means of a special confirmation of the Custodian (as defined below) and by submission of a blocking instruction by the Custodian for the benefit of the Principal Paying Agent for the voting period.

The statement issued by the Custodian must

(i) indicate the full name and address of the Noteholder

(ii) specify the aggregate principal amount of Notes credited to such securities account on the date of such statement, and

(iii) confirm that the Custodian has given a written notice to the Clearing System and the Principal Paying Agent containing the information pursuant to (i) and (ii) as well as confirmations by the Clearing System.

"**Custodian**" means any bank or other financial institution of recognised standing authorised to engage in securities custody business with which the Noteholder maintains a securities account in respect of the Notes including the Clearing System.

(8) The Noteholders may by majority resolution appoint a common representative (the "**Common Representative**") to exercise the Noteholders' rights on behalf of each Noteholder. Any natural person having legal capacity or any qualified legal person may act as Common Representative. Any person who:

(i) is a member of the management board, the supervisory board, the board of directors or any similar body, or an officer or employee, of the Issuer or any of its affiliates;

(ii) holds an interest of at least 20 per cent. in the share capital of the Issuer or of any of its affiliates;

(iii) is a financial creditor of the Issuer or any of its affiliates, holding a claim in the amount of at least 20 per cent. of the outstanding Notes, or is a member of a corporate body, an officer or other employee of such financial creditor; or

(iv) is subject to the control of any of the persons set forth in numbers (i) to (iii) above by reason of a special personal relationship with such person

must disclose the relevant circumstances to the Noteholders prior to being appointed as a Common Representative. If any such circumstances arise after the appointment of a Common Representative, the Common Representative shall inform the Noteholders promptly in appropriate form and manner.

(9) The Common Representative shall have the duties and powers provided by law or granted by majority resolution of the Noteholders. The Common Representative shall comply with the instructions of the Noteholders. To the extent that the Common Representative has been authorised to assert certain rights of the Noteholders, the Noteholders shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Common Representative shall provide reports to the Noteholders on its activities.

(10) The Common Representative shall be liable for the performance of its duties towards the Noteholders who shall be joint and several creditors (*Gesamtgläubiger*); in the performance of its duties it shall act with the diligence and care of a prudent business manager. **[***If the liability of the Common Representative may be limited by resolution of the Noteholders, insert:* The liability of the Common Representative may be limited by a resolution passed by the Noteholders.**][***If the liability of the Common Representative may be limited to a fixed amount, insert:* The liability of the Common Representative may be limited to **[[***insert amount***]** times its annual remuneration**] [***insert amount***].]** The Noteholders shall decide upon the assertion of claims for compensation of the Noteholders against the Common Representative.

(11) The Common Representative may be removed from office at any time by the Noteholders without specifying any reasons. The Common Representative may request all information required for the performance of the duties entrusted to it from the Issuer. The Issuer shall bear the costs and expenses arising from the appointment of a Common Representative, including reasonable remuneration of the Common Representative.

[(12) *Substitution.* The provisions of this § 15 do not apply to a substitution of the Issuer pursuant to § 9.][3]

[(12)][(13)] *Exclusion of the Applicability of the Austrian Notes Trustee Act*. The applicability of the provisions of the Austrian Notes Trustee Act (*Kuratorengesetz*) and the Austrian Notes Trustee Supplementation Act (*Kuratorenergänzungsgesetz*) is explicitly excluded in relation to the Notes.]

ist der Zinssatz der auf der Bildschirmseite angezeigte Angebotssatz, wie oben beschrieben, am letzten Tag vor dem Zinsfeststellungstag, an dem dieser Angebotssatz angezeigt wurde.

[*Im Fall des SONIA® als Referenzsatz einfügen*:

Sollte die maßgebliche Bildschirmseite nicht zur Verfügung stehen oder wird zu der genannten Zeit kein Angebotssatz angezeigt, ist SONIA®: (i) der Zinssatz der Bank of England (der "**Einlagenzinssatz**"), der bei Geschäftsschluss am jeweiligen Londoner Bankgeschäftstag gilt; plus (ii) der Mittelwert der Zinsspannen von SONIA® zum Einlagenzinssatz der letzten fünf Tage, an denen SONIA® veröffentlicht wurde, mit Ausnahme der höchsten Zinsspanne (oder, wenn es mehr als eine höchste Zinsspanne gibt, nur eine dieser höchsten Zinsspannen) und der niedrigsten Zinsspanne (oder, wenn es mehr als eine niedrigste Zinsspanne gibt, nur eine dieser niedrigsten Zinsspannen) zum Einlagenzinssatz.

Unbeschadet des vorstehenden Absatzes soll sich die **[**Berechnungsstelle**] [●]** für den Fall, vorbehaltlich einer schriftlichen Anweisung von der Emittentin, dass die Bank of England Leitlinien (i) zur Bestimmung von SONIA® oder (ii) zu einem Satz, der SONIA® ersetzen soll, veröffentlicht, in einem Umfang, der vernünftigerweise praktikabel ist, solchen Leitlinien zur Bestimmung von SONIA® für die Zwecke der Schuldverschreibungen anschließen, so lange wie SONIA® nicht verfügbar ist oder nicht von autorisierten Stellen veröffentlicht worden ist. Soweit Ergänzungen oder Änderungen dieser Anleihebedingungen oder des Zahlstellenvertrages erforderlich sind, damit die [Berechnungsstelle] [●] diese Leitlinien zur Bestimmung des SONIA® befolgen kann, ist die [Berechnungsstelle] [●] nicht verpflichtet zu handeln, bis diese Ergänzungen oder Änderungen in Übereinstimmung mit diesen Anleihebedingungen und dem Zahlstellenvertrag vorgenommen worden sind.

Für den Fall, dass der Zinssatz nicht gemäß den vorstehenden Bestimmungen von der **[**Berechnungsstelle**] [●]** bestimmt werden kann, soll der Zinssatz (i) derjenige des letzten vorangegangenen Zinsfeststellungstages sein oder, (ii) wenn es keinen solchen vorangegangenen Zinsfeststellungstag gibt, der Ausgangszinssatz sein, der für solche Schuldverschreibungen für die erste Zinsperiode anwendbar gewesen wäre, wären die Schuldverschreibungen für einen Zeitraum von gleicher Dauer wie die erste Zinsperiode bis zum Verzinsungsbeginn (ausschließlich) begeben worden.**]**

[*Im Fall des SOFR® als Referenzsatz einfügen*:

Sollte die maßgebliche Bildschirmseite nicht zur Verfügung stehen oder wird zu der genannten Zeit kein Angebotssatz angezeigt, und (1) sofern nicht sowohl ein SOFR® Index Einstellungsereignis als auch ein SOFR® Index Einstellungsstichtag vorliegt, gilt der SOFR® des letzten US Staatsanleihen Bankgeschäftstags, an dem der SOFR® auf der Bildschirmseite

veröffentlicht wurde; oder (2) wenn ein SOFR® Index Einstellungsereignis und ein SOFR® Index Einstellungsstichtag vorliegt, gilt der Zinssatz (einschließlich etwaiger Zinsspannen oder Anpassungen), der als Ersatz für den SOFR® vom Federal Reserve Board und/oder der Federal Reserve Bank of New York oder einem Ausschuss festgelegt wurde, der vom Federal Reserve Board und/oder der Federal Reserve Bank of New York offiziell eingesetzt oder einberufen wurde, um einen Ersatz für den Secured Overnight Financing Rate (der von einer Federal Reserve Bank oder einer anderen zuständigen Behörde festgelegt werden kann) vorzugeben, vorausgesetzt, dass wenn kein solcher Zinssatz innerhalb eines US Staatsanleihen Bankgeschäftstags nach dem SOFR® Index Einstellungsereignis empfohlen wurde, der Zinssatz für jeden Zinsfeststellungstag an oder nach dem SOFR® Index Einstellungsstichtag bestimmt wird als ob (i) Bezugnahmen auf SOFR® Bezugnahmen auf OBFR wären, (ii) Bezugnahmen auf US Staatsanleihen Bankgeschäftstage Bezugnahmen auf New York Bankgeschäfts-tage wären, (iii) Bezugnahmen auf SOFR® Index Einstellungs-ereignisse Bezugnahmen auf OBFR Index Einstellungsereig-nisse wären und (iv) Bezugnahmen auf SOFR® Index Einstellungsstichtage Bezugnahmen auf OBFR Index Einstellungsstichtage wären und weiterhin vorausgesetzt, dass wenn kein solcher Zinssatz innerhalb eines US Staatsanleihen Bankgeschäftstags nach dem SOFR® Index Einstellungsereignis empfohlen wurde und ein OBFR Index Einstellungsereignis vorliegt, der Zinssatz für jeden Zinsfeststellungstag an oder nach dem SOFR® Index Einstellungsstichtag bestimmt wird als ob (x) Bezugnahmen auf den SOFR® Bezugnahmen auf die FOMC Target Rate wären, (y) Verweise auf US Staatsanleihen Bankgeschäftstage Verweise auf New York Bankgeschäftstage wären und (z) Verweise auf die Bildschirmseite Verweise auf die Website der Federal Reserve wären.

Wobei insofern gilt:

"**FOMC Target Rate**" bezeichnet den kurzfristigen Zinssatz festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York oder, wenn das Federal Open Market Committee keinen einzelnen Referenz-zinssatz avisiert, das Mittel des kurzfristigen Zinssatzes festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York (berechnet als arithmetisches Mittel zwischen der oberen Grenze der Ziel-Bandbreite und der unteren Grenze der Ziel-Bandbreite).

"**U.S. Staatsanleihen Bankgeschäftstag**" bezeichnet jeden Tag, ausgenommen Samstag, Sonntag oder einen Tag, für den die Securities Industry and Financial Markets Association die ganztägliche Schließung der Abteilungen für festverzinsliche Wertpapiere ihrer Mitglieder im Hinblick auf den Handel mit US-Staatspapieren empfiehlt.

"**OBFR**" bezeichnet in Bezug auf jeden Zinsfeststellungstag die tägliche Overnight Bank Funding Rate hinsichtlich des jenem Zinsfeststellungstag vorangehenden New Yorker Bankge-schäftstags, wie von der Federal Reserve Bank of New York als Administrator (oder einem Nachfolgeadministrator) eines

solchen Referenzzinssatzes auf der Website der Federal Reserve Bank of New York gegen 17:00 Uhr (New Yorker Zeit) an einem solchen Zinsfeststellungstag zur Verfügung gestellt wird.

"**OBFR Index Einstellungsstichtag**" bezeichnet in Bezug auf das OBFR Index Einstellungsereignis den Zeitpunkt, an dem die Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der Overnight Bank Funding Rate) die Overnight Bank Funding Rate nicht mehr veröffentlicht oder der Zeitpunkt, ab dem die Overnight Bank Funding Rate nicht mehr genutzt werden kann.

"**OBFR Index Einstellungsereignis**" bedeutet den Eintritt eines oder mehrerer der folgenden Ereignisse:

(a) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der OBFR), die ankündigt, dass sie dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(b) die Veröffentlichung von Informationen, welche hinreichend bestätigt, dass die Federal Reserve Bank of New York (oder ein Nachfolgeadministrator der OBFR) dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(c) eine öffentliche Erklärung durch eine US-Regulierungsbehörde oder eine andere öffentliche Stelle der USA, welche die Anwendung der OBFR, die auf alle Swapgeschäfte (bestehende inbegriffen), anwendbar ist, ohne auf diese begrenzt zu sein, verbietet.

"**SOFR® Index Einstellungsstichtag**" meint in Bezug auf das SOFR® Index Einstellungsereignis den Zeitpunkt, ab dem die Federal Reserve Bank of New York (oder ein Nachfolgeadministrator der Secured Overnight Financing Rate) die Secured Overnight Financing Rate nicht mehr veröffentlicht oder den Zeitpunkt, ab dem die Secured Overnight Financing Rate nicht mehr genutzt werden kann.

"**SOFR® Index Einstellungsereignis**" bedeutet den Eintritt eines oder mehrerer der folgenden Ereignisse:

(a) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der Secured Overnight Financing Rate), die ankündigt, dass sie dauerhaft oder auf unbestimmte Zeit die Secured Overnight Financing Rate nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine Secured Overnight Financing Rate zur Verfügung stellt; oder

(b) die Veröffentlichung von Informationen, welche hinreichend bestätigt, dass die Federal Reserve Bank of New

York (oder ein Nachfolgeadministrator der Secured Overnight Financing Rate) dauerhaft oder auf unbestimmte Zeit die Secured Overnight Financing Rate nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine Secured Overnight Financing Rate zur Verfügung stellt; oder

Ab dem Zeitpunkt der Bestimmung des Nachfolge-Referenzsatzes (der "**maßgebliche Zeitpunkt**") gilt jede Bezugnahme auf den Referenzsatz als Bezugnahme auf den Nachfolge-Referenzsatz und jede Bezugnahme auf die Bildschirm-seite bezieht sich vom maßgeblichen Zeitpunkt an als Bezugnahme auf die Nachfolge-Bildschirmseite, und die Bestimmungen dieses Absatzes gelten entsprechend. Die Emittentin informiert anschließend die Schuldverschreibungsinhaber gemäß § 10.

Zusätzlich zu einer Ersetzung des Referenzsatzes durch einen Nachfolge-Referenzsatz kann die Emittentin einen Zinsanpassungsfaktor oder Bruch oder Spanne festlegen, der oder die bei der Ermittlung des Zinssatzes und bei der Berechnung des Zinsbetrags angewendet werden soll, mit dem Ziel ein Ergebnis zu erzielen, das mit dem wirtschaftlichen Gehalt der Schuldverschreibung vor Eintritt des Einstellungsereignisses vereinbar ist und das sich nicht zum wirtschaftlichen Nachteil der Inhaber auswirkt.

Wenn ein Einstellungsereignis eintritt und der Referenzsatz nicht wie oben beschrieben gemäß den Punkten (I) bis (IV) durch die Emittentin ersetzt werden kann, kann die Emittentin **[***einfügen im Fall von Berücksichtigungsfähigen Schuldverschreibungen:* vorbehaltlich der Zustimmung der Abwicklungsbehörde**]** **[***einfügen im Fall von Nachrangigen Schuldverschreibungen:* mit vorheriger Zustimmung der Zuständigen Behörde**]** die Schuldverschreibungen ganz **[**oder teilweise**]** zurückzahlen. Die Schuldverschreibungen werden entsprechend der Vorschriften des § 4 zum Nennbetrag zurückgezahlt, zusammen mit etwaigen aufgelaufenen Zinsen. Die Emittentin wird den Inhabern der Schuldverschreibungen gemäß § 10 eine solche Kündigung mitteilen.

Sofern sich die Emittentin für die Rückzahlung der Schuldverschreibungen entscheidet, gilt als Zinssatz ab dem ersten Zinszahltag nach dem Einstellungsereignis bis zum Rückzahlungstag **[**der für die unmittelbar vorausgehende Zinsperiode geltende Zinssatz**][**der Angebotssatz oder das arithmetische Mittel der Angebotssätze auf der Bildschirmseite, wie vorstehend beschrieben, an dem letzten Tag vor dem Zinsfeststellungstag, an dem diese Angebotssätze angezeigt wurden **[Im Fall eines Faktors einfügen:**, multipliziert mit **[Faktor]] [im Fall einer Marge einfügen**: **[**zuzüglich**]** **[**abzüglich**]** der Marge (wobei jedoch, falls für die relevante Zinsperiode eine andere Marge als für die unmittelbar vorhergehende Zinsperiode gilt, die relevante Marge an die Stelle der Marge für die vorhergehende Zinsperiode tritt)**]**. **[Im Falle einer Marge, die zuzüglich des Referenzsatzes gezahlt wird, einfügen:** Nimmt der ermittelte Angebotssatz einen negativen Wert an, wird er gegen die Marge verrechnet, so dass er die Marge verringert.**]** **[**Der Zinssatz beträgt stets mindestens 0 (Null)**][●]**. Wobei:

"**MREL Disqualifizierungs-Ereignis**" bedeutet, dass zu irgendeinem Zeitpunkt der gesamte oder ein Teil des gesamten ausstehenden Nennbetrags der Schuldverschreibungen ganz oder teilweise von den für die Erfüllung der MREL-Anforderungen verfügbaren berücksichtigungsfähigen Verbindlichkeiten ausgeschlossen ist oder wird, vorausgesetzt, dass (a) der Ausschluss der Schuldverschreibungen von den MREL-Anforderungen aufgrund der Restlaufzeit der Schuldverschreibungen, die kürzer ist als der darin vorgesehene Zeitraum, kein MREL Disqualifizierungs-Ereignis darstellt; und (b) der Ausschluss aller oder eines Teils der Schuldverschreibungen von den MREL-Anforderungen als Folge des Erwerbs solcher Schuldverschreibungen durch oder im Namen der Emittentin oder als Ergebnis eines Kaufs, der direkt oder indirekt durch die Emittentin finanziert wird, kein MREL-Disqualifikations-Ereignis darstellt.

"**MREL-Anforderungen**" umfasst die jeweils gültigen Gesetze, Verordnungen, Anforderungen, Leitlinien, Regeln, Standards und Grundsätze in Bezug auf die Mindestanforderungen an Eigenmittel und berücksichtigungsfähigen Verbindlichkeiten (MREL) und/oder Instrumente zur Verlustabsorption, die für die Emittentin einschlägig sind (einschließlich etwaiger anwendbarer Übergangsbestimmungen), einschließlich und ohne Einschränkung der Allgemeingültigkeit des Vorstehenden, alle delegierten Rechtsakte oder Durchführungsbestimmungen (wie z.B. technische Regulierungsstandards), die von der Europäischen Kommission erlassen wurden, sowie alle Gesetze, Verordnungen, Anforderungen, Leitlinien, Regeln, Standards und Grundsätze in Bezug auf die Mindestanforderungen an Eigenmittel und berücksichtigungsfähige Verbindlichkeiten (MREL) und/oder Instrumente zur Verlustabsorption die von der Republik Österreich, einer relevanten Zuständigen Behörde, der Abwicklungsbehörde oder der Europäischen

Bankaufsichtsbehörde verabschiedet wurden (unabhängig davon, ob diese Anforderungen, Richtlinien oder Grundsätze allgemein oder speziell auf die Emittentin angewendet werden) wie die vorstehenden Gesetze, Verordnungen, Anforderungen, Leitlinien, Regeln, Standards, Grundsätze oder Auslegungen von Zeit zu Zeit geändert, ergänzt, ersetzt oder ausgetauscht werden.

Die Kündigung ist den Gläubigern durch die Emittentin gemäß § 10 bekannt zu geben. Sie ist unwiderruflich und muss den für die Rückzahlung festgelegten Termin nennen.

([3][4][5][6][7]) *Voraussetzungen für Rückzahlung und Rückkauf.*

Eine vorzeitige Rückzahlung nach diesem § 4, ein Rückkauf nach § 11 und eine vorzeitige Rückzahlung aus steuerlichen Gründen nach § 8 setzen voraus, dass die Bedingungen einer solchen Rückzahlung oder Rückkaufs, wie in den MREL-Anforderungen zum jeweiligen Zeitpunkt festgehalten, eingehalten worden sind, einschließlich, sofern maßgeblich, die Bedingung, dass die Emittentin zuvor die Erlaubnis der Abwicklungsbehörde (oder einer anderen relevanten Aufsichtsbehörde) für die Vorzeitige Rückzahlung oder den Rückkauf in Übereinstimmung mit den Artikeln 77 und 78a CRR erhalten hat, und eine der folgenden Bedingungen erfüllt ist:

(a) am oder vor einer Rückzahlung oder Rückkaufs (soweit zutreffend) wird die Emittentin die Schuldverschreibungen durch Eigenmittelinstrumente oder berücksichtigungsfähige Schuldinstrumente gleicher oder höherer Qualität zu Konditionen, die für die Ertragskraft der Emittentin tragbar sind, ersetzen; oder

(b) die Emittentin hat zur Zufriedenheit der Abwicklungsbehörde nachgewiesen, dass ihre Eigenmittel und berücksichtigungsfähigen Verbindlichkeiten nach einem solchen Rückkauf oder einer solchen Rücknahme, die Anforderungen an die Eigenmittel und die berücksichtigungsfähigen Verbindlichkeiten, wie in den Relevanten Verordnungen festgehalten, übersteigen würde, und zwar um eine Spanne, die die Abwicklungsbehörde im Einvernehmen mit der zuständigen Behörde (wie nachstehend definiert), für erforderlich hält; oder

(c) die Emittentin hat zur Zufriedenheit der Abwicklungsbehörde zur weiteren Genehmigung nachgewiesen, dass die teilweise oder vollständige Ersetzung der maßgeblichen Schuldverschreibungen durch Eigenmittel-Instrumente notwendig ist, um die Einhaltung, der in den Eigenmittelanforderungen der Relevanten Verordnungen festgelegten Anforderungen, zu gewährleisten.

(3) *Vorzeitige Rückzahlung aus aufsichtsrechtlichen Gründen (Aufsichtsrechtliche Call-Option).*

Die Schuldverschreibungen können vorbehaltlich des § 4(4) insgesamt, jedoch nicht teilweise, nach Wahl der Emittentin [*im Fall von Schuldverschreibungen, die nicht variabel verzinslich sind:* jederzeit][*im Fall von Schuldverschreibungen, die variabel verzinslich sind:* an jedem Zinsenzahlungstag] vor ihrem Fälligkeitstag zum Vorzeitigen Rückzahlungsbetrag (wie nachstehend definiert) zuzüglich etwaiger bis zu dem für die Rückzahlung festgelegten Tag (ausschließlich) aufgelaufener Zinsen mit einer Kündigungsfrist von nicht weniger als [*Zahl einsetzen (mindestens 5 Bankgeschäftstage)*] Bankgeschäftstagen (wie nachstehend in § 5[(2)][(3)] definiert)] und nicht mehr als [*Zahl einsetzen (höchstens 30 Bankgeschäftstage)*] Bankgeschäftstagen (wie nachstehend in § 5[(2)][(3)] definiert)] gegenüber der Hauptzahlstelle und gemäß § 10 gegenüber den Gläubigern vorzeitig gekündigt (wobei diese Kündigung unwiderruflich ist) und zurückgezahlt werden, falls sich die aufsichtsrechtliche Einstufung der Schuldverschreibungen gemäß den Relevanten Verordnungen ändert, was wahrscheinlich zur Gänze oder, soweit wie durch die Relevanten Verordnungen erlaubt, teilweise zu ihrem Ausschluss aus den Eigenmitteln oder ihrer Neueinstufung als Eigenmittel geringerer Qualität führen würde (auf Einzel- und/oder auf konsolidierter Basis der Emittentin), und falls die Voraussetzungen für Rückzahlung und Rückkauf nach § 4(4) sind erfüllt.

Vor der Veröffentlichung einer Rückzahlungsmitteilung gemäß diesem § 4(3) hat die Emittentin der Hauptzahlstelle eine von zwei Zeichnungsberechtigten der Emittentin unterzeichnete Bescheinigung zu übermitteln oder übermitteln zu lassen, aus der hervorgeht, dass die genannten Umstände vorliegen und in der die dazu führenden Tatsachen beschrieben werden.

Die Hauptzahlstelle ist weder dafür verantwortlich noch haftet sie dafür, zu überwachen oder festzustellen, ob die in diesem § 4(3) geforderten Bescheinigungen vorgelegt werden, noch ist sie verpflichtet, die vorgelegten Bescheinigungen zu überprüfen, zu kontrollieren oder zu analysieren, noch ist sie für den Inhalt dieser Bescheinigungen verantwortlich oder haftet für den Fall, dass der Inhalt dieser Bescheinigungen ungenau oder unzutreffend ist.

Wobei:

"**BRRD**" bezeichnet die Richtlinie 2014/59/EU des Europäischen Parlaments und des Rates vom 15. Mai 2014 zur Festlegung eines Rahmens für die Sanierung und Abwicklung von Kreditinstituten und Wertpapierfirmen und zur Änderung der Richtlinie 82/891/EWG des Rates, der Richtlinien 2001/24/EG, 2002/47/EG, 2004/25/EG, 2005/56/EG, 2007/36/EG, 2011/35/EU, 2012/30/EU und 2013/36/EU sowie der Verordnungen 1093/2010/EU und 648/2012/EU des Europäischen Parlaments und des Rates, in der jeweils geänderten oder ersetzten Fassung.

"**CRD IV Richtlinie**" bezeichnet die Richtlinie 2013/36/EU des Europäischen Parlaments und des Rates vom 26. Juni 2013 über den Zugang zur Tätigkeit von Kreditinstituten und die

Beaufsichtigung von Kreditinstituten und Wertpapierfirmen, zur Änderung der Richtlinie 2002/87/EG und zur Aufhebung der Richtlinien 2006/48/EG und 2006/49/EG, in der jeweils geänderten oder ersetzten Fassung, und alle Verweise in diesen Geschäftsbedingungen auf einschlägige Artikel der CRD IV-Richtlinie schließen Verweise auf geltende Rechtsvorschriften ein, mit denen diese Artikel von Zeit zu Zeit geändert oder ersetzt werden (einschließlich durch die CRD V-Richtlinie).

"**CRD V Richtlinie**" bezeichnet die Richtlinie 2019/878/EU des Europäischen Parlaments und des Rates vom 20. Mai 2019 zur Änderung der Richtlinie 2013/36/EU im Hinblick auf von der Anwendung ausgenommene Unternehmen, Finanzholdinggesellschaften, gemischte Finanzholdinggesellschaften, Vergütung, Aufsichtsmaßnahmen und -befugnisse und Kapitalerhaltungsmaßnahmen, in der jeweils geänderten oder ersetzten Fassung.

"**CRR**" bezeichnet die Verordnung 575/2013/EU des Europäischen Parlaments und des Rates vom 26. Juni 2013 über Aufsichtsanforderungen an Kreditinstitute und Wertpapierfirmen und zur Änderung der Verordnung 646/2012/EU, in der jeweils geänderten oder ersetzten Fassung.

"**Relevante Verordnungen**" alle Anforderungen bezeichnet, die in den Verordnungen, Regeln, Leitlinien und Grundsätzen der Zuständigen Behörde (wie nachstehend definiert) oder des Europäischen Parlaments und des Rates, die zu diesem Zeitpunkt in Österreich in Kraft sind, enthalten sind und sich auf die Kapitaladäquanz beziehen und von Zeit zu Zeit auf die Emittentin anwendbar sind (einschließlich etwaiger anwendbarer Übergangsbestimmungen), einschließlich, aber nicht beschränkt auf die zum Ausgabetag in der CRR, CRD IV Richtlinie, CRD V Richtlinie und der BRRD enthaltenen oder diese umsetzenden Vorschriften, die von der Europäischen Kommission erlassenen delegierten Rechtsakte oder Durchführungsrechtsakte und die von der Europäischen Bankaufsichtsbehörde herausgegebenen Leitlinien, jeweils in der von Zeit zu Zeit geänderten oder ersetzten Fassung.

(4) *Voraussetzungen für Rückzahlung und Rückkauf.*

Eine vorzeitige Rückzahlung nach diesem § 4, ein Rückkauf nach § 11 und eine vorzeitige Rückzahlung aus steuerlichen Gründen nach § 8 setzen voraus, dass:

(a) die Emittentin zuvor die Erlaubnis der Zuständigen Behörde (wie nachstehend definiert) zur vorzeitigen Rückzahlung oder zum Rückkauf in Übereinstimmung mit den Artikeln 77 und 78 CRR erhalten hat, sofern dies zu diesem Zeitpunkt für die Emittentin und/oder die Emission anwendbar ist; und

(b) im Fall einer vorzeitigen Rückzahlung oder eines Rückkaufs vor fünf Jahren nach dem Ausgabetag der Schuldverschreibungen, zusätzlich, sofern dies zu diesem Zeitpunkt für die Emittentin anwendbar ist:

(i) im Fall einer vorzeitigen Rückzahlung aus steuerlichen Gründen gemäß § 8[(2)][(3)], die Emittentin der Zuständigen Behörde gemäß Artikel 78 Absatz 4 Buchstabe b der CRR (oder einer Nachfolgebestimmung) hinreichend nachgewiesen hat, dass die geltende Änderung der steuerlichen Behandlung wesentlich ist und zum Ausgabetag der Schuldverschreibungen nicht vorherzusehen war; oder

(ii) im Fall einer vorzeitigen Rückzahlung aus aufsichtsrechtlichen Gründen gemäß § 4(3), die Zuständige Behörde diese Änderung für ausreichend sicher hält und gemäß Artikel 78 Absatz 4 Buchstabe b Ziffer ii der CRR (oder einer Nachfolgebestimmung) die Emittentin der Zuständigen Behörde hinreichend nachgewiesen hat, dass die maßgebliche Änderung der aufsichtsrechtlichen Neueinstufung der Schuldverschreibungen zum Ausgabetag der Schuldverschreibungen nicht vorherzusehen war; oder

(iii) im Fall einer Vorzeitigen Rückzahlung in anderen als den in Punkt (i) oder (ii) genannten Umständen, wenn die Emittentin die Nachrangigen Schuldverschreibungen vor oder gleichzeitig mit dieser Handlung durch Eigenmittelinstrumente zumindest gleicher Qualität zu Bedingungen ersetzt, die im Hinblick auf die Ertragsmöglichkeiten der Emittentin nachhaltig sind, und gemäß Artikel 78 Absatz 4 Buchstabe d der CRR (oder

einer Nachfolgebestimmung) die Zuständige Behörde diese Handlung auf der Grundlage der Feststellung erlaubt hat, dass sie aus aufsichtlicher Sicht vorteilhaft und durch außergewöhnliche Umstände gerechtfertigt ist; oder

(iv) die Emittentin die Schuldverschreibungen für Market-Making Zwecke zurückkauft.

Klarstellend wird festgehalten, dass die Verweigerung der Zuständigen Behörde (oder einer anderen relevanten Aufsichtsbehörde) keinen Verzug für irgendeinen Zweck darstellt.

Wobei:

"**Zuständige Behörde**" bezeichnet die zuständige Behörde gemäß Artikel 4 (1) (40) CRR, die für die Beaufsichtigung der Emittentin auf Einzel- und/oder konsolidierter Basis verantwortlich ist.

(3) Alle Zahlungen werden an die Hauptzahlstelle (wie in § 7 definiert) geleistet. Die Hauptzahlstelle zahlt die fälligen Beträge an das Clearing System zwecks Gutschrift auf die jeweiligen Konten der Depotbanken zur Weiterleitung an die Schuldverschreibungsinhaber. Die Zahlung an das Clearing System befreit die Emittentin in Höhe der Zahlung von ihren Verbindlichkeiten aus den Schuldverschreibungen.

(4) Sofern die Emittentin Zahlungen unter den Schuldverschreibungen bei Fälligkeit nicht leistet, wird der fällige Betrag auf Basis des gesetzlich festgelegten Satzes für Verzugszinsen[5] verzinst. Diese Verzinsung beginnt an dem Tag der Fälligkeit der Zahlung (einschließlich) und endet mit Ablauf des Tages, der der tatsächlichen Zahlung vorangeht (ausschließlich).

[*Im Fall einer Vorläufigen Globalurkunde einfügen:*

(5) Zinszahlungen auf die Schuldverschreibungen, die durch eine Vorläufige Global-Inhaberschuldverschreibung verbrieft werden, erfolgen nur nach Lieferung der Bescheinigungen über Nicht-U.S.-Eigentum (wie in § 1 definiert) durch die relevanten Teilnehmer am Clearing System.**]**

(Steuern)

(1) *Besteuerung*. Sämtliche auf die Schuldverschreibungen zu zahlenden Beträge werden von der Emittentin ohne Einbehalt oder Abzug von Steuern, Abgaben, Festsetzungen oder behördlichen Gebühren jedweder Art (die "**Steuern**") geleistet, die von der Republik Österreich oder einer ihrer Gebietskörperschaften oder Behörden mit der Befugnis zur Erhebung von Steuern auferlegt, erhoben, eingezogen, einbehalten oder festgesetzt werden, es sei denn, ein solcher Einbehalt oder Abzug ist gesetzlich vorgeschrieben.

Ist ein solcher Einbehalt oder Abzug gesetzlich vorgeschrieben, wird die Emittentin zusätzliche Beträge **[***im Fall von Nachrangigen Schuldverschreibungen und Berücksichtigungsfähigen Schuldverschreibungen einfügen*: jedoch nur in Bezug auf Zinsen**]** in der Höhe leisten, die notwendig ist, um zu gewährleisten, dass die von den Schuldverschreibungsinhabern unter Berücksichtigung eines solchen Einbehalts oder Abzugs erhaltenen Beträge den Beträgen entsprechen, die die Schuldverschreibungsinhaber ohne einen solchen Einbehalt oder Abzug erhalten hätten (die "**Zusätzlichen Beträge**"). Die Verpflichtung zur Zahlung solcher Zusätzlichen Beträge **[***im Fall von Nachrangigen Schuldverschreibungen und Berücksichtigungsfähigen Schuldverschreibungen einfügen*: in Bezug auf Zinsen**]** besteht jedoch nicht für solche Steuern, die:

(a) auf andere Weise als durch Abzug oder Einbehalt aus Zahlungen von Kapital oder Zinsen zu entrichten sind, oder

(b) wegen gegenwärtiger oder früherer persönlicher oder geschäftlicher Beziehungen des Schuldverschreibungsinhabers zu der Republik Österreich und nicht allein auf Grund der Tatsache, dass Zahlungen in Bezug auf die Schuldverschreibungen aus der Republik Österreich stammen oder steuerlich so behandelt werden; oder

(c) auf Grund einer Rechtsänderung zahlbar sind, die später als 30 Tage nach Fälligkeit der betreffenden Zahlung von Kapital oder Zinsen oder, wenn dies später erfolgt, ordnungs-gemäßer Bereitstellung aller fälligen Beträge und einer diesbezüglichen Mitteilung gemäß § 10; oder

(d) von einer Zahlstelle abgezogen oder einbehalten werden, wenn eine andere Zahlstelle die Zahlung ohne einen solchen Abzug oder Einbehalt hätte leisten können, oder

(e) nicht zu entrichten wären, wenn die Schuldverschreibungen bei einem Kreditinstitut verwahrt und die Zahlungen von diesem eingezogen worden wären; oder

(f) von einer Zahlung an eine natürliche Person oder bestimmte als gleichgestellte Einrichtungen bezeichnete juristische Personen (im Sinne der Richtlinie des Europäischen Rates 2003/48/EC) abgezogen oder einbehalten werden, wenn dieser Abzug oder Einbehalt gemäß der Richtlinie des Europäischen Rates 2003/48/EC über die Besteuerung von Zinserträgen oder gemäß eines Gesetzes erfolgt, welches diese Richtlinie umsetzt, mit ihr übereinstimmt oder vorhandenes Recht an sie anpasst, oder

(g) nicht zu entrichten wären, wenn der Schuldverschreibungsinhaber eine Nichtansässigkeits-bestätigung oder einen ähnlichen Antrag auf Freistellung bei den zuständigen Finanzbehörden stellt oder zumutbare Dokumentations-, Informations- oder sonstige Nachweispflichten erfüllt; oder

(h) auf der Grundlage des Abschnitts 1471(b) des United States Internal Revenue Code von 1986, in der jeweils gültigen Fassung (das "**Gesetz**"), oder anderweitig gemäß den Abschnitten 1471 bis 1474 des Gesetzes, aufgrund von darunter fallenden Verordnungen oder Vereinbarungen, offiziellen Auslegungen dieses Gesetzes oder eines Vertrages oder eines Gesetzes, wodurch eine zwischenstaatliche Abstimmung dazu umgesetzt wird, erhoben werden; oder

(Ersetzung der Emittentin)

[*Im Fall von Nicht Nachrangigen Schuldverschreibungen einfügen:*

(1) Sofern hinsichtlich keiner Zahlung von Kapital oder Zinsen auf irgendeine der Schuldverschreibungen Verzug vorliegt, ist die Emittentin berechtigt, jedes verbundene Unternehmen (gemäß nachstehender Definition) an ihrer Stelle als Hauptschuldnerin in Bezug auf die Schuldverschreibungen und das Agency Agreement einzusetzen (die "**Nachfolgeschuldnerin**" *(Substituted Debtor*)), vorausgesetzt:

(a) Standard & Poor's und/oder, je nach Sachlage, Moody's haben bestätigt, dass nach der beabsichtigten Ersetzung die langfristigen Verbindlichkeiten der Nachfolgeschuldnerin ein Rating haben, das höher als oder gleich dem Rating für langfristige Verbindlichkeiten der Emittentin zum Zeitpunkt einer solchen Ersetzung ist;

(b) unbeschadet der Allgemeingültigkeit von Unterabsatz (a) oben, wenn die Nachfolge-schuldnerin in einem anderem Gebiet (der "neue Sitz" *(New Residence*)) als der Republik Österreich errichtet ist, ihren Sitz hat oder steuerlich ansässig ist;

(c) (i) dass die Nachfolgeschuldnerin und die Emittentin alle für eine solche Ersetzung erforderlichen staatlichen und regulatorischen Genehmigungen und Einverständniserklärungen erhalten haben, und alle diese Genehmigungen und Einverständniserklärungen in vollem Umfang gültig und wirksam sind; und (ii) dass die von der Nachfolgeschuldnerin übernommenen Verpflichtungen in Bezug auf die Schuldverschreibungen und das Agency Agreement jeweils gemäß deren Bestimmungen gültig und rechtsverbindlich und von jedem Schuldverschreibungsinhaber durchsetzbar sind;

(d) jede Börse, an der die Schuldverschreibungen notiert sind, hat bestätigt, dass nach der beabsichtigten Ersetzung durch die Nachfolgeschuldnerin diese Schuldverschreibungen weiterhin an der betreffenden Börse notiert sein werden;

(e) die Nachfolgeschuldnerin hat, wenn die Nachfolgeschuldnerin nicht eine in der Republik Österreich errichtete Gesellschaft ist, einen Zustellungsbevollmächtigten bestellt, der als ihr Beauftragter in Österreich in ihrem Auftrag Zustellungen in Bezug auf jegliche Klagen oder Prozesse aus oder im Zusammenhang mit den Schuldverschreibungen und dem Agency Agreement entgegennimmt; und

(f) dem Agent (bei dem Kopien erhältlich sein werden) wurden Rechtsgutachten von anerkannten Rechtsberatern, die von der Emittentin in jeder Rechtsordnung, in der die Nachfolge-schuldnerin und die Emittentin errichtet sind, und in Österreich ausgewählt wurden, übergeben (wobei diese in jedem Fall nicht mehr als drei Tage vor dem beabsichtigten Datum der Ersetzung datiert sein dürfen), die, wie jeweils anwendbar, bestätigen, dass bei Eintritt der Ersetzung (A) die Dokumente rechtmäßige, gültige und rechtsverbindliche Verbindlichkeiten der Nachfolgeschuldnerin begründen und die Schuldverschreibungen und das Agency Agreement rechtmäßige, gültige und rechtsverbindliche Verbindlichkeiten der Nachfolge-schuldnerin darstellen, die gemäß ihren Bestimmungen durchsetzbar sind, und (B) die Voraussetzungen dieser Bedingung, ausgenommen hinsichtlich der Benachrichtigung der Inhaber der Schuldverschreibungen, erfüllt worden sind.

(2) Bei Eintritt der Ersetzung gilt die Nachfolgeschuldnerin als in den Schuldverschreibungen und dem Agency Agreement an Stelle der Emittentin als Hauptschuldnerin genannt, und die Schuldverschreibungen gelten als dementsprechend ergänzt, um der Ersetzung durch die Nachfolgeschuldnerin als Hauptschuldnerin Wirksamkeit zu verleihen, und die Emittentin oder die vorherige Ersatzschuldnerin von allen ihren Verpflichtungen als Hauptschuldnerin in Bezug auf die Schuldverschreibungen und das Agency Agreement zu befreien.

(3) Spätestens 20 Tage nach Ausfertigung der Dokumente hat die Nachfolgeschuldnerin dies den Inhabern von Schuldverschreibungen gemäß Bedingung 11 dieser Emissionsbedingungen für die Schuldverschreibungen mitzuteilen.

(4) Die Nachfolgeschuldnerin kann zu jedem Zeitpunkt nach einer Ersetzung gemäß dem diesem § 9 (a) ohne Zustimmung der Schuldverschreibungsinhaber eine weitere Ersetzung durchführen, mit der Maßgabe, dass alle Bestimmungen dieses § 9 entsprechend anzuwenden sind und, insbesondere Bezugnahmen in diesen Emissionsbedingungen für die Schuldverschreibungen auf die Emittentin, wo der Zusammenhang dies erfordert, als Bezugnahmen auf jegliche weitere solche Nachfolgeschuldnerin gelten beziehungsweise diese einschließen.

(5) Für die Zwecke der gegenständlichen Unterlage bezeichnet "**verbundenes Unternehmen**" die UniCredit S.p.A. oder eine Gesellschaft, über die die Emittentin oder die UniCredit S.p.A. Kontrolle ausübt, wobei "**Kontrolle**" für diese Zwecke entweder (i) wirtschaftliches Eigentum, sei es direkt oder indirekt, an der Mehrheit des ausgegebenen Aktienkapitals einer solchen Gesellschaft oder (ii) das Recht, die Geschäftsleitung und Geschäftspolitik eines solchen Unternehmens, sei es durch Eigentum an Aktienkapital, durch Vertrag oder auf sonstige Weise, zu steuern, bezeichnet.**]**

§ 13

(Teilunwirksamkeit)

Sollte eine Bestimmung dieser Anleihebedingungen ganz oder teilweise unwirksam oder undurchführbar sein oder werden, so bleiben die übrigen Bestimmungen davon unberührt. Eine in Folge Unwirksamkeit oder Undurchführbarkeit dieser Anleihebedingungen entstehende Lücke ist durch eine dem Sinn und Zweck dieser Anleihebedingungen und den Interessen der Parteien entsprechende Regelung auszufüllen.

§ 14

(Rechtswahl, Erfüllungsort, Gerichtsstand, Sprache)

(1) Form und Inhalt der Schuldverschreibungen sowie die Rechte und Pflichten der Emittentin und der Schuldverschreibungsinhaber unterliegen dem Recht der Bundesrepublik Deutschland (Hauptstatut). Die Regelungen in § 2 bestimmen sich in jeder Hinsicht nach österreichischem Recht und sollen ausschließlich nach österreichischem Recht ausgelegt werden.

(2) Erfüllungsort ist Frankfurt am Main, Bundesrepublik Deutschland.

(3) Gerichtsstand für alle Rechtsstreitigkeiten aus oder im Zusammenhang mit den in diesen Anleihebedingungen geregelten Angelegenheiten ist, soweit gesetzlich zulässig, Frankfurt am Main, Bundesrepublik Deutschland.

[*Falls die Anleihebedingungen geändert werden können, einfügen:*

§ 15

(Änderungen der Anleihebedingungen)

(1) Die §§ 5 ff. des Gesetzes über Schuldverschreibungen aus Gesamtemissionen (Schuldverschreibungsgesetz - "**SchVG**") finden auf die Schuldverschreibungen Anwendung. Folglich können durch die Emittentin mit Zustimmung der Anleihegläubiger aufgrund eines Mehrheitsbeschlusses Änderungen dieser Anleihebedingungen vorgenommen werden **[***Im Fall von Nachrangigen Schuldverschreibungen einfügen:* vorbehaltlich der Zustimmung der Zuständigen Behörde, sofern erforderlich**][***Im Fall von Berücksichtigungsfähigen Schuldverschreibungen einfügen:* vorbehaltlich der Zustimmung der Abwicklungsbehörde, sofern erforderlich**]**.

(2) Die Anleihegläubiger können durch Mehrheitsbeschluss insbesondere folgenden Maßnahmen zustimmen:

(i) der Veränderung der Fälligkeit, der Verringerung oder dem Ausschluss der Zinsen,

(ii) der Veränderung der Fälligkeit der Hauptforderung,

(iii) der Verringerung der Hauptforderung,

(iv) dem Nachrang der Forderungen aus den Schuldverschreibungen im Insolvenzverfahren der Emittentin,

(v) der Umwandlung oder dem Umtausch der Schuldverschreibungen in Gesellschaftsanteile, andere Wertpapiere oder andere Leistungsversprechen,

(vi) dem Austausch und der Freigabe von Sicherheiten,

(vii) der Änderung der Währung der Schuldverschreibungen,

(viii) dem Verzicht auf das Kündigungsrecht der Anleihegläubiger oder dessen Beschränkung,

(ix) der Änderung oder Aufhebung von Nebenbestimmungen der Schuldverschreibungen und

(x) der Bestellung oder Abberufung eines gemeinsamen Vertreters der Anleihegläubiger.

Eine Verpflichtung zur Leistung kann für die Anleihegläubiger durch Mehrheitsbeschluss nicht begründet werden.

(3) Die Anleihegläubiger beschließen im Wege der Abstimmung **[**in einer Versammlung**][**ohne Versammlung gemäß § 18 SchVG**]**.

Die Gläubigerversammlung wird von der Emittentin oder von dem Gemeinsamen Vertreter (wie in nachstehendem Absatz (8) definiert) der Anleihegläubiger einberufen. Gemäß § 9 Abs. (1) Satz 1 i.V.m. § 18 SchVG ist sie einzuberufen, wenn Anleihegläubiger, deren Schuldverschreibungen 5 % des Nennwertes der ausstehenden Schuldverschreibungen erreichen, dies schriftlich unter Angabe eines der in § 9 Abs. (1) Satz 1 SchVG aufgeführten Gründe verlangen.

(4) Vorbehaltlich des nachstehenden Satzes und der Erreichung der erforderlichen Beschlussfähigkeit entscheiden die Anleihegläubiger mit der einfachen Mehrheit der an der Abstimmung teilnehmenden Stimmrechte.

Die Fälle des § 15 Absatz (2) (i) bis (x) bedürfen zu ihrer Wirksamkeit einer Mehrheit von mindestens 75 % der an der Abstimmung teilnehmenden Stimmrechte.

(5) An Abstimmungen der Anleihegläubiger nimmt jeder Anleihegläubiger nach Maßgabe des Nennwerts oder des rechnerischen Anteils seiner Berechtigung an den ausstehenden Schuldverschreibungen teil. Das Stimmrecht ruht, solange die Anteile der Emittentin oder einem mit ihr verbundenen Unternehmen (§ 271 Absatz (2) Handelsgesetzbuch) zustehen oder für Rechnung der Emittentin oder eines mit ihr verbundenen Unternehmens gehalten werden. Die Emittentin darf Schuldverschreibungen, deren Stimmrechte ruhen, einem anderen nicht zu dem Zweck überlassen, die Stimmrechte an ihrer Stelle auszuüben; dies gilt auch für ein mit der Emittentin verbundenes Unternehmen. Niemand darf das Stimmrecht zu dem in Satz 3 erster Halbsatz bezeichneten Zweck ausüben.

(6) *Verbindlichkeit.* Die Mehrheitsbeschlüsse der Anleihegläubiger sind für alle Anleihegläubiger gleichermaßen verbindlich. Ein Mehrheitsbeschluss der Anleihegläubiger, der nicht gleiche Bedingungen für alle Anleihegläubiger vorsieht, ist unwirksam, es sei denn die benachteiligten Anleihegläubiger stimmen ihrer Benachteiligung ausdrücklich zu.

(7) Die Anleihegläubiger haben die Berechtigung zur Teilnahme an der Abstimmung zum Zeitpunkt der Stimmabgabe durch besonderen Nachweis der Depotbank (wie nachstehend definiert) und die die Vorlage eines Sperrvermerks der Depotbank zugunsten der Hauptzahlstelle für den Abstimmungszeitraum nachzuweisen.

Die Bescheinigung der Depotbank muss

(i) den vollen Namen und die volle Anschrift des Anleihegläubigers bezeichnen,

(ii) den gesamten Nennbetrag von Schuldverschreibungen angeben, die am Ausstellungstag dieser Bescheinigung dem bei dieser Depotbank bestehenden Wertpapierdepot dieses Anleihegläubigers gutgeschrieben sind und

(iii) bestätigen, dass die Depotbank an das Clearing System und die Hauptzahlstelle eine schriftliche Mitteilung gemacht hat, die die Angaben gemäß (i) und (ii) enthält und die Bestätigungsvermerke des Clearing Systems trägt.

"**Depotbank**" bezeichnet jede Bank oder jedes sonstige anerkannte Finanzinstitut, das berechtigt ist, das Wertpapierverwahrungsgeschäft zu betreiben und bei der bzw. bei dem der Anleihegläubiger ein Wertpapierdepot für die Schuldverschreibungen unterhält, einschließlich des Clearing Systems.

(8) Die Anleihegläubiger können durch Mehrheitsbeschluss zur Wahrnehmung ihrer Rechte einen gemeinsamen Vertreter (der "**Gemeinsame Vertreter**") für alle Anleihegläubiger bestellen. Zum gemeinsamen Vertreter kann jede geschäftsfähige Person oder eine sachkundige juristische Person bestellt werden. Eine Person, welche

(i) Mitglied des Vorstands, des Aufsichtsrats, des Verwaltungsrats oder eines ähnlichen Organs, Angestellter oder sonstiger Mitarbeiter der Emittentin oder eines mit dieser verbundenen Unternehmens ist;

(ii) am Stamm- oder Grundkapital der Emittentin oder eines mit dieser verbundenen Unternehmens mit mindestens 20% beteiligt ist;

(iii) Finanzgläubiger der Emittentin oder eines mit dieser verbundenen Unternehmens mit einer Forderung in Höhe von mindestens 20% der ausstehenden Schuldverschreibungen oder Organmitglied, Angestellter oder sonstiger Mitarbeiter dieses Finanzgläubigers ist; oder

(iv) auf Grund einer besonderen persönlichen Beziehung zu den in den Nummern (i) bis (iii) aufgeführten Personen unter deren bestimmenden Einfluss steht,

muss den Anleihegläubigern vor ihrer Bestellung zum gemeinsamen Vertreter die maßgeblichen Umstände offen legen. Der Gemeinsame Vertreter hat die Anleihegläubiger unverzüglich in geeigneter Form darüber zu unterrichten, wenn in seiner Person solche Umstände nach der Bestellung eintreten.

(9) Der Gemeinsame Vertreter hat die Aufgaben und Befugnisse, welche ihm durch Gesetz oder von den Anleihegläubigern durch Mehrheitsbeschluss eingeräumt wurden. Er hat die Weisungen der Anleihegläubiger zu befolgen. Soweit er zur Geltendmachung von Rechten der Anleihegläubiger ermächtigt ist, sind die einzelnen Anleihegläubiger zur selbständigen Geltendmachung dieser Rechte nicht befugt, es sei denn der Mehrheitsbeschluss sieht dies ausdrücklich vor. Über seine Tätigkeit hat der Gemeinsame Vertreter den Anleihegläubigern zu berichten.

(10) Der Gemeinsame Vertreter haftet den Anleihegläubigern als Gesamtgläubiger für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Geschäftsleiters anzuwenden. **[***Falls die Haftung des gemeinsamen Vertreters durch Beschluss der Anleihegläubiger beschränkt werden kann, einfügen:* Die Haftung des gemeinsamen Vertreters kann durch Beschluss der Anleihegläubiger beschränkt werden.**][***Falls die Haftung des gemeinsamen Vertreters auf einen bestimmten Betrag beschränkt werden kann, einfügen:* Die Haftung des gemeinsamen Vertreters wird auf **[**das **[***Zahl einfügen***]** -fache seiner jährlichen Vergütung**][***Betrag einfügen***]** beschränkt.**]** Über die Geltendmachung von Ersatzansprüchen der Anleihegläubiger gegen den gemeinsamen Vertreter entscheiden die Anleihegläubiger.

(11) Der Gemeinsame Vertreter kann von den Anleihegläubigern jederzeit ohne Angabe von Gründen abberufen werden. Der Gemeinsame Vertreter kann von der Emittentin verlangen, alle Auskünfte zu erteilen, die zur Erfüllung der ihm übertragenen Aufgaben erforderlich sind. Die durch die Bestellung eines Gemeinsamen Vertreters entstehenden Kosten und Aufwendungen, einschließlich einer angemessenen Vergütung des Gemeinsamen Vertreters, trägt die Emittentin.

[(12) *Ersetzung*. Die Vorschriften dieses § 15 finden auf eine Ersetzung der Emittentin gemäß § 9 keine Anwendung.][6]

[(12)(13)] *Ausschluss der Anwendbarkeit des österreichischen Kuratorengesetzes*. Die Anwendbarkeit der Bestimmungen des österreichischen Kuratorengesetzes und des österreichischen Kuratoren-ergänzungsgesetzes wird ausdrücklich hinsichtlich der Schuldverschreibungen ausgeschlossen.]

[6] Nicht einzusetzen im Falle von Berücksichtigungsfähigen Schuldverschreibungen und Nachrangigen Schuldverschreibungen.

PART A FORM OF FINAL TERMS OF THE NOTES

(*MUSTER-ENDGÜLTIGE BEDINGUNGEN DER SCHULDVERSCHREIBUNGEN*)

(OTHER THAN COVERED BONDS)
(MIT AUSNAHME VON GEDECKTEN SCHULDVERSCHREIBUNGEN)

Terms used in the final terms below (the "**Final Terms**") shall be deemed to be defined as such for the purposes of the Terms and Conditions of the Notes set forth in the Securities Note (and the Supplements thereto, if any) (the "**Terms and Conditions**").
*Die in den nachfolgenden endgültigen Bedingungen (die "**Endgültigen Bedingungen**") verwendeten Begriffe haben die gleiche Bedeutung wie in den Anleihebedingungen der Schuldverschreibungen in der Wertpapierbeschreibung (sowie in den dazugehörigen Nachträgen, soweit vorhanden) (die "**Anleihebedingungen**").*

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, the "**MiFID II**"); (ii) a customer within the meaning of Directive 2016/97/EU (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II, or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.**]**[7]

[VERTRIEBSVERBOT AN EWR PRIVATINVESTOREN*– Die Schuldverschreibungen sind nicht dazu bestimmt, dass sie Privatinvestoren im Europäischen Wirtschaftsraum (der "**EWR**") angeboten, verkauft oder auf anderem Wege zur Verfügung gestellt werden und die Schuldverschreibungen sollen dementsprechend Privatinvestoren im EWR nicht angeboten, verkauft oder auf anderem Wege zur Verfügung gestellt werden. Ein Privatinvestor im Sinne dieser Vorschrift ist eine Person, die mindestens einer der folgenden Kategorien zuzuordnen ist: (i) ein Kleinanleger im Sinne von Artikel 4 Absatz 1 Nummer 11 von Richtlinie 2014/65/EU (in ihrer jeweils gültigen Fassung, die "**MiFID II**"); (ii) ein Kunde im Sinne von Richtlinie 2016/97/EU (in ihrer jeweils gültigen Fassung, die "**EU-Versicherungsvertriebsrichtlinie**"), der nicht als professioneller Kunde im Sinne von Artikel 4 Absatz 1 Nummer 10 MiFID II oder (iii) nicht als qualifizierter Anleger, wie in der Prospektverordnung definiert, einzustufen ist. Folglich wurde kein Informationsdokument, wie nach Verordnung (EU) Nr. 1286/2014 (in ihrer jeweils gültigen Fassung, die "**PRIIPS Verordnung**") für Angebote, Vertrieb und die sonstige Zurverfügungstellung der Schuldverschreibungen an Privatinvestoren im EWR erforderlich, erstellt und dementsprechend könnte das Angebot, der Vertrieb oder die sonstige Zurverfügungstellung von Schuldverschreibungen an Privatinvestoren im EWR nach der PRIIPS-Verordnung unzulässig sein.****]**[8]

[**PROHIBITION OF SALES TO UK RETAIL INVESTORS** – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("**UK**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently no key information document

The Final Terms are divided into a "Part I" and a "Part II".
Die Endgültigen Bedingungen sind gegliedert in einen "Teil I" sowie in einen "Teil II".

In Part I of the Final Terms, the Terms and Conditions will be completed and specified by the information contained in Part I as follows:
In Teil I der Endgültigen Bedingungen werden die Anleihebedingungen durch die in Teil I enthaltenen Angaben vervollständigt und spezifiziert. Dabei gilt:

(a) In the case of "Type A" Final Terms, the following applies:
The completed and specified provisions of the Terms and Conditions represent the conditions applicable to the relevant Series of Notes (the "**Conditions**").
Im Fall von "Typ A" Endgültigen Bedingungen gilt:
*Die vervollständigten und spezifizierten Bestimmungen der Anleihebedingungen stellen für die betreffende Serie von Schuldverschreibungen die Bedingungen der Schuldverschreibungen dar (die "**Bedingungen**").*

(b) In the case of "Type B" Final Terms, the following applies:

---

[11] To be included if parties have determined a target market and if the managers in relation to the Notes are subject to UK MiFIR, i.e. there are UK MiFIR manufacturers.

[12] Einzufügen, wenn die Parteien einen Zielmarkt bestimmt haben und wenn die Platzeure in Bezug auf die Schuldverschreibungen der UK MiFIR unterliegen, d.h. wenn es UK MiFIR-Hersteller gibt.

The Terms and Conditions, completed and specified by, and to be read together with, Part I of these Final Terms represents the conditions applicable to the relevant Series of Notes (the "**Conditions**").
Im Fall von "Typ B" Endgültigen Bedingungen gilt:
*Die Anleihebedingungen, vervollständigt und spezifiziert durch und in Verbindung mit Teil I dieser Endgültigen Bedingungen stellen für die betreffende Serie von Schuldverschreibungen die Bedingungen der Schuldverschreibungen dar (die "**Bedingungen**").*

Part I of the Final Terms is to be read in conjunction with the Terms and Conditions that apply to Notes (Fixed Rate Notes, Floating Rate Notes and Zero Coupon Notes) set forth in the Securities Note. Capitalised terms shall have the meanings specified in the Terms and Conditions.
Teil I der Endgültigen Bedingungen ist in Verbindung mit den in der Wertpapierbeschreibung enthaltenen Anleihebedingungen, die auf Schuldverschreibungen (Festverzinsliche Schuldverschreibungen, variabel Verzinsliche Schuldverschreibungen, Nullkupon Schuldverschreibungen) Anwendung finden, zu lesen. Großgeschriebene Begriffe haben die in den Endgültigen Bedingungen verwendete Bedeutung.

All references in Part I of the Final Terms to numbered paragraphs and subparagraphs are to paragraphs and subparagraphs of the Terms and Conditions.
Bezugnahmen in Teil I der Endgültigen Bedingungen auf Paragraphen und Absätze beziehen sich auf Paragraphen und Absätze der Anleihebedingungen.

The placeholders in the provisions of the Terms and Conditions which are applicable to the Notes shall be deemed to be completed by the information contained in the Final Terms as if such information was inserted in the placeholder of such provisions. All provisions in the Terms and Conditions which are not selected and not completed by the information contained in the Final Terms shall be deemed to be deleted from the terms and conditions applicable to the Notes.
Die Platzhalter in den auf die Schuldverschreibungen anwendbaren Bestimmungen der Anleihebedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob die Platzhalter in den betreffenden Bestimmungen durch diese Angaben ausgefüllt wären. Sämtliche Optionen der Anleihebedingungen, die nicht durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgewählt und ausgefüllt wurden, gelten als in den auf die Schuldverschreibungen anwendbaren Bedingungen gestrichen.

Part II of the Final Terms contains all other conditions which shall not be inserted in the Terms and Conditions and which apply to all Notes.
In Teil II der Endgültigen Bedingungen sind alle sonstigen Bedingungen enthalten, die nicht in den Anleihebedingungen einzusetzen sind und die für alle Schuldverschreibungen gelten.

Intended to be held in a manner which would allow ECB eligibility:	**[***Yes. PART B TERMS AND CONDITIONS OF THE COVERED BONDS

(ENGLISH LANGUAGE VERSION)

Terms and Conditions of the Covered Bonds (English language version)

§ 1
(Series, Form, Further Issuances)

(1) This Tranche of the series (the "**Series**") of covered bonds (*gedeckte Schuldverschreibungen*) (the "**Covered Bonds**") of UniCredit Bank Austria AG (the "**Issuer**") is being issued on **[***insert Issue Date***]** (the "**Issue Date**") in bearer form pursuant to these terms and conditions (the "**Terms and Conditions**") in **[***insert Specified Currency***]** (the "**Specified Currency**") in the aggregate principal amount of [up to] **[***insert Aggregate Principal Amount***]** (the "**Aggregate Principal Amount**") in the denomination of **[***insert Specified Denomination***]** (the "**Specified Denomination**").

[*In the case of a Permanent Global Note, insert*:

(2) The Covered Bonds are represented by a Permanent Global Note (the "**Permanent Global Note**" or "**Global Note**") without interest coupons, which bears the manual or facsimile signatures of two authorised signatories of the Issuer **[***In the case of an entity other than UniCredit Bank Austria AG as Principal Paying Agent (as specified in § 6 below), the following applies:* as well as the manual signature of a control officer of the Principal Paying Agent (as defined in § 6 below)**]**. The holders of the Covered Bonds (the "**Noteholders**") are not entitled to receive definitive Covered Bonds. The Covered Bonds as co-ownership interests in the Global Note may be transferred pursuant to the relevant regulations of the Clearing System. The right to receive interest is represented by the Global Note.]

[*In the case of a digital Global Note governed by the Austrian Depotgesetz and kept in custody by OeKB, insert*:

(2) The Covered Bonds are represented by a **[**modifiable**]** digital global note (the "**Global Note**") pursuant to § 24 (e) of the Austrian Securities Deposit Act, as amended, which is originated from the creation of an electronic data record at a central securities depository on the basis of the information electronically communicated to the central securities depository by the Issuer. The holders of the Covered Bonds (the "**Noteholders**") are not entitled to receive definitive Covered Bonds.**]**

(3) Each Global Note will be kept in custody by or on behalf of a Clearing System. "**Clearing System**" means **[**OeKB CSD GmbH ("**OeKB**")**] [**Clearstream Banking AG, Frankfurt ("**CBF**")**][**Clearstream Banking S.A., Luxembourg ("**CBL**") and Euroclear Bank SA/NV ("**Euroclear**")**] [**(CBL and Euroclear are individually referred to as an "**ICSD**" (*International Central Securities Depositary*) and, collectively, the "**ICSDs**")**] [***insert different Clearing System***]**.

[*In the case of a Permanent Global Note, insert*:

(4) The Covered Bonds are issued in classical global note form and are kept in custody by a common depositary on behalf of both ICSDs.

[(4)(5)] The Issuer reserves the right from time to time without the consent of the Holders to issue additional Covered Bonds with identical terms, so that the same shall be consolidated and form a single series with the Series comprising the Covered Bonds. The term "*Covered Bonds*" shall, in the event of such increase, also comprise all additionally issued Covered Bonds.

§ 2
(Status)

(1) The obligations under the Covered Bonds constitute direct and unsubordinated obligations of the Issuer and rank pari passu among themselves and pari passu with all other unsubordinated obligations of the Issuer, present and future, under covered bonds (*gedeckte Schuldverschreibungen*) of the same Cover Pool (as defined below).

(2)

(a) Collateralisation. The Covered Bonds are collateralised in accordance with the Austrian Covered Bond Act (Pfandbriefgesetz – "**PfandBG**") through cover assets of the [***insert designation of the cover pool***] (the "**Cover Pool**"), which are intended to preferentially satisfy all collateralised Covered Bonds of the Issuer covered by this Cover Pool [([**if requested, provide description of primary assets**])].

(b) Cover Register. The cover assets for the Covered Bonds are registered in the cover register (Deckungsregister) pursuant to § 10 PfandBG, which is kept by the Issuer in accordance with the PfandBG.]

§ 3
(Interest)

[*In the case of Fixed Rate Covered Bonds insert:*

(1) The Covered Bonds shall bear interest on their outstanding Aggregate Principal Amount from **[***insert Interest Commencement Date***]** (the "**Interest Commencement Date**") (including) to the Maturity Date (as defined in § 4 (1) below) (excluding) **[***insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which do not provide for conditions for a maturity extension:* at the Interest Rate *per annum***] [***insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension and in case the interest rate shall not be amended during the maturity extension period:* or, in case of a Maturity Extension Period, to the Extended Maturity Date (defined in § 4 (1) below) (excluding) at the Interest Rate *per annum***] [***insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension and in case the interest rate shall be amended to a floating interest rate during the maturity extension period:* at the Interest Rate *per annum* and, in the period from the Maturity Date (as defined in § 4 (1) below (including) to the Extended Maturity Date (as defined in § 4 (1) below) (excluding) as set out in § 4 (3) below**]**. The respective Interest Amount shall, subject to an adjustment in accordance with the business day convention **[***If adjustment is applicable (as specified in § 5)*: and an adjustment**]** pursuant to § 5 (2), be payable in arrear on each Interest Payment Date pursuant to the provisions in § 3 (1). The first payment of interest shall, subject to adjustment pursuant to § 5 (2), be made on [**[***insert first Interest Payment Date***] [***In the case of a first short/long coupon, insert:* and [*insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension and in case the interest rate shall be amended to a floating interest rate during the maturity extension period:*, subject to the provisions set out in § 4 (3) below] will amount to **[***Initial Broken Amount per Specified Denomination***]** per Specified Denomination**] [***Initial Broken Amount per Aggregate Principal Amount***]** per Aggregate Principal Amount**]**. **[***In the case of a last short/long coupon, insert:* Interest in respect of the period from **[***insert Interest Payment Date preceding the Maturity Date***]** (including) to the Maturity Date (excluding) **[***insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension and in case the interest rate shall not be amended during the maturity extension period:* or, in case of a Maturity Extension Period, to the Extended Maturity Date (excluding)**]** will amount to [**[***Final Broken Amount per Specified Denomination***]** per Specified Denomination] [**[***Final Broken Amount per Aggregate Principal Amount***]** per Aggregate Principal Amount**].]**

(2) "**Interest Rate**" means

[*insert interest rate in per cent. per annum*].

"**Interest Payment Date**" means the [*insert Interest Payment Date(s)***] [**of each year**]** and the Maturity Date **[***insert in case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension and in case the interest rate shall not be amended during*

the maturity extension period or, in case the interest rate shall be amended to a floating interest rate during the maturity extension period and specified Interest Payment Dates shall be applicable: or, in case of a Maturity Extension Period, the Extended Maturity Date**]**.]

(3) The calculation of the Interest Amount (the "**Interest Amount**") occurs by multiplying the product of the Interest Rate and the Day Count Fraction with [each Specified Denomination] **[**the Aggregate Principal Amount**]**.

(4) "**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Covered Bonds for any period of time (the "**Calculation Period**")

The Issuer shall thereafter inform the Noteholders in accordance with § [9].

Further and in addition to any replacement of the **[**Euribor**] [**SONIA®**] [**SOFR®**] [**€STR®**]** with a Successor Reference Rate the Issuer may specify an interest adjustment factor or fraction which shall be applied in determining the Interest Rate and calculating the interest amount, for the purpose of achieving a result which is consistent with the economic substance of the Covered Bonds before the Discontinuation Event occurred and which is not to the economic detriment of the Noteholders.

If a Discontinuation Event occurs and in case the **[**Euribor**] [**SONIA®**] [**SOFR®**] [**€STR®**]** cannot be replaced by the Issuer by applying steps (I) through (IV) as described above, the Issuer may redeem the Covered Bonds in whole **[**or in part**]**. The Covered Bonds will be redeemed at par, together with any accrued interest until the redemption date pursuant to the provisions in § 4. The Issuer will give notice of such redemption to the Noteholders in accordance with § [9].

If the Issuer elects to redeem the Covered Bonds, the Interest Rate applicable from the first Interest Payment Date following the Discontinuation Event until the redemption date shall be **[**the Interest Rate applicable to the immediately preceding Interest Period**][**the offered quotation or the arithmetic mean of the offered quotations on the Screen Page, as described above, on the last day preceding the Interest Determination Date on which such quotations were offered **[***in the case of a factor, insert:* multiplied by **[***factor***]] [***in the case of a margin, insert:* **[**plus**] [**minus**]** the Margin (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period)**]**. **[***in the case of a Margin being added, insert:* In case the relevant quotation will be less than zero, the Margin will be applied against such quotation. In no event shall the Calculation Agent be the Issuer's designee with respect to determinations with respect to a Discontinuation Event. The Calculation Agent shall have no liability for any determination made by or on behalf of the Issuer or its designee in connection with a Discontinuation Event or a replacement of **[**Euribor**] [**SONIA®**] [**SOFR®**] [**€STR®**]** or any adjustments or conforming changes thereto. In connection with the foregoing, the Calculation Agent will be entitled to conclusively rely on any determinations made by the Issuer or its designee.

[**In the case of CMS Floating Rate Covered Bonds, insert:

"**Screen Page**" means **[***insert relevant Screen Page***]** (or any replacement Page).

If the Screen Page is not available at such time, or if such quotations do not appear on the Screen Page, the Calculation Agent will request the Reference Banks to provide the mid-market annual swap rate quotations at approximately the Reference Rate Time, on the respective Interest Determination Date.

If at least [i*nsert number*] quotations are provided, the Reference Rate for that Interest Determination Date will be the arithmetic mean (rounded if necessary to the nearest hundred thousandth of a percentage point, with 0.000005 being rounded upwards) of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotations (or, in the event of equality, one of the lowest).

"**Reference Rate Time**" means [*insert Reference Rate Time*].

As used herein, "**Reference Banks**" means five leading swap dealers in the interbank market which will be determined by the Issuer in its reasonable discretion.

[*If T2 applies, insert:* "**T2**" means the real time gross settlement system operated by the Eurosystem or any successor system thereto.]

If (i) it becomes unlawful for the Issuer or the Calculation Agent to use the Reference Rate, (ii) the administrator of the Reference Rate ceases to calculate and publish the Reference Rate permanently or for an indefinite period of time, (iii) the administrator of the Reference Rate becomes insolvent or an insolvency, a bankruptcy, restructuring or similar proceeding (affecting the administrator) is commenced by the administrator or its supervisory or regulatory authority; or (iv) the Reference Rate is otherwise being discontinued (each a "**Discontinuation Event**"), the Reference Rate shall be replaced with a rate determined by the Issuer as follows by applying steps (I) through (IV) in such order (the "**Successor Reference Rate**"):

(I) The Reference Rate shall be replaced with the reference rate, which is announced by the administrator of the Reference Rate, the competent central bank or a regulatory or supervisory authority as the successor rate for the Reference Rate for the term of the Reference Rate and which can be used in accordance with applicable law; or (if such a successor rate cannot be determined);

(II) the Reference Rate shall be replaced with an alternative reference rate, which is or will be commonly used (in accordance with applicable law) as a reference rate for a comparable term for floating rate notes in the respective currency; or (if such an alternative reference rate cannot be determined);

(III) the Reference Rate shall be replaced with an alternative reference rate, which is or will be commonly used (in accordance with applicable law) as a reference rate (x) for interest rate swaps (fix-to-floating) in the relevant currency, or (y) for exchange traded interest rate futures in the relevant currency on a recognised futures exchange for exchange traded interest futures with regard to the Reference Rate for a comparable term; or (if no such alternative reference rate can be determined);

(IV) the Reference Rate shall be replaced with a rate, which is determined by the Issuer (who, for the purposes of such determination, may (but is not obliged to) seek and rely on the opinion of a reputable third party financial adviser or financial institution experienced with the type of calculations required at the time) in its reasonable discretion (*billiges Ermessen*) with regard to the term of the Reference Rate and the relevant currency in a commercially reasonable manner based on the general market interest levels in Austria at the relevant time.

The Issuer shall also determine which screen page or other source shall be used in connection with such Successor Reference Rate (the "**Successor Screen Page**"). From the date of the determination of the Successor Reference Rate (the "**Relevant Date**") any reference to the Reference Rate shall be read as a reference to the Successor Reference Rate and any reference to the Screen Page herein shall from the Relevant Date on be read as a reference to the Successor Screen Page and the provisions of this paragraph shall apply *mutatis mutandis*. The Issuer shall thereafter inform the Noteholders in accordance with § [9].

Further and in addition to any replacement of the Reference Rate with a Successor Reference Rate the Issuer may specify an interest adjustment factor or fraction which shall be applied in determining the Interest Rate and calculating the interest amount, for the purpose of achieving a result which is consistent with the economic substance of the Covered Bond before the Discontinuation Event occurred and which is not to the economic detriment of the Noteholders.

If a Discontinuation Event occurs and in case the Reference Rate cannot be replaced by the Issuer by applying steps (I) through (IV) as described above, the Issuer may redeem the Covered Bonds in whole **[**or in part**]**. The Covered Bonds will be redeemed at par, together with any accrued interest until the redemption date pursuant to the provisions in § 4. The Issuer will give notice of such redemption to the Noteholders in accordance with § [9].

§ 4
(Redemption[, Maturity Extension])

[*In case of Covered Bonds (Gedeckte Schuldverschreibungen) which do not provide for conditions for a maturity extension, insert:*

(1) The Covered Bonds shall be redeemed on **[***insert Maturity Date***]** (the "**Maturity Date**"), unless redeemed early pursuant to § 4 at their **[**Specified Denomination**][**Aggregate Principal Amount**]** (the "**Redemption Amount**").]

[*In case of Covered Bonds (Gedeckte Schuldverschreibungen) which provide for conditions for a maturity extension, insert:*

(1) The Covered Bonds shall be redeemed on **[***insert Maturity Date***]** (the "**Maturity Date**") or, in case the term of the Covered Bonds is extended in accordance with the provisions set out in § 4 (2), on the day which is determined by the special administrator (§ 86 of the Austrian Insolvency Code) as extended maturity date (the "**Extended Maturity Date**"), unless redeemed early pursuant to this § 4 at their **[**Specified Denomination**][**Aggregate Principal Amount**]** (the "**Redemption Amount**"). The latest possible Extended Maturity Date is **[***insert date***]**.

(2) The maturity of the Covered Bonds may be postponed once by up to 12 months to the Extended Maturity Date (the "**Maturity Extension Period**") upon the occurrence of the objective trigger event (the "**Objective Trigger Event**").

Objective Trigger Event means triggering the maturity extension in the Issuer's insolvency by the special administrator (§ 86 of the Austrian Insolvency Code), provided that the special administrator is convinced at the time of the maturity extension that the liabilities under the Covered Bonds can be serviced in full on the Extended Maturity Date. The maturity extension is not at the Issuer's discretion. In the event of a maturity extension, the Issuer will redeem the Covered Bonds in whole and not in part on the Extended Maturity Date at the principal amount together with any interest accrued to (but excluding) the Extended Maturity Date. The occurrence of the Objective Trigger Event and any resulting adjustments of the Interest Period relating thereto shall be notified to the Noteholders without undue delay in accordance with § **[**9**]**.

Neither the failure to pay the outstanding aggregate principal amount of the Covered Bonds on the Maturity Date nor the maturity extension shall constitute an event of default of the Issuer for any purpose or give any Noteholder any right to accelerate the Covered Bonds or to receive any payment other than as expressly set out in these Terms and Conditions.

In the event of the insolvency or resolution of the Issuer, payment obligations of the Issuer under the Covered Bonds shall not be subject to automatic acceleration and prepayment (bankruptcy remoteness). In each case, the Noteholders shall have a priority claim in relation to the principal amount and any

accrued and future interest from the cover assets and in addition in case of insolvency, to the extent that the aforementioned priority claim cannot be satisfied in full, an insolvency claim against the Issuer.

As competent authority, the Austrian Financial Market Authority (FMA) supervises the issuance of covered bonds and compliance with the provisions of the PfandBG, taking into account the national economic interest in a functioning capital market.

In case of insolvency proceedings, the bankruptcy court shall without undue delay appoint a special administrator to administer priority claims in relation to the principal amount and any accrued and future interest from the cover assets (special estate) (§ 86 of the Austrian Insolvency Code). The special administrator shall satisfy due claims of the Noteholders from the special estate and shall take the necessary administrative measures for this purpose with effect for the special estate, for example by collecting due mortgage claims, selling individual cover assets or by bridge financing.

[*If the interest rate for the extended maturity period shall not be amended, insert:*

(3) During the Maturity Extension Period, the Covered Bonds shall further bear interest on their outstanding Aggregate Principal Amount in accordance with the relevant terms applicable until the Maturity Date (as set out in § 3 above). Deferred interest payments (if any) which would have been payable until the Maturity Date shall be deemed to be principal amounts for these purposes. The Noteholders shall not be entitled to any further interest payments as from the Extended Maturity Date.

The Interest Payment Date**[**s**]** and the Interest Period**[**s**]** are subject to the determination of the Extended Maturity Date by the special administrator (§ 86 of the Austrian Insolvency Code).]

[*If the interest rate during the extended maturity period shall be a floating rate, insert:*

(3) The Covered Bonds shall bear interest on their outstanding Aggregate Principal Amount from the Maturity Date (including) **[**for each Interest Period**]** to the Extended Maturity Date (excluding) at the Interest Rate *per annum*. The respective Interest Amount shall, subject to an adjustment in accordance with the business day convention **[***If adjustment is applicable (as specified in § 5)*: and an adjustment**]** pursuant to § 5 (2), be payable in arear on each Interest Payment Date pursuant to the provisions in § 5 (1). The Noteholders shall not be entitled to any further interest payments as from the Extended Maturity Date.

"**Interest Payment Date**" means

Where:

"**FOMC Target Rate**" means, the short-term interest rate target set by the Federal Open Market Committee and published on the Federal Reserve's Website or, if the Federal Open Market Committee does not target a single rate, the mid-point of the short-

term interest rate target range set by the Federal Open Market Committee and published on the Federal Reserve's Website (calculated as the arithmetic average of the upper bound of the target range and the lower bound of the target range).

"**U.S. Government Securities Banking Day**" means any day, except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

"**OBFR**", means, with respect to any Interest Determination Date, the daily Overnight Bank Funding Rate in respect of the New York Banking Day immediately preceding such Interest Determination Date as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or a successor administrator) on the New York Fed's Website on or about 5:00 p.m. (New York time) on such Interest Determination Date.

"**OBFR Index Cessation Effective Date**" means, in respect of a OBFR Index Cessation Event, the date on which the Federal Reserve Bank of New York (or any successor administrator of the Overnight Bank Funding Rate), ceases to publish the Overnight Bank Funding Rate, or the date as of which the Overnight Bank Funding Rate may no longer be used.

"**OBFR Index Cessation Event**" means the occurrence of one or more of the following events:

(a) a public statement by the Federal Reserve Bank of New York (or a successor administrator of the OBFR) announcing that it has ceased or will cease to provide OBFR permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to provide OBFR; or

(b) the publication of information which reasonably confirms that the Federal Reserve Bank of New York (or a successor administrator of OBFR) has ceased or will cease to provide OBFR permanently or indefinitely, provided that, at that time, there is no successor administrator that will continue to publish or provide OBFR; or

(c) a public statement by a U.S. regulator or other U.S. official sector entity prohibiting the use of OBFR that applies to, but need not be limited to, all swap transactions, including existing swap transactions.

"**SOFR® Index Cessation Effective Date**" means, in respect of a SOFR® Index Cessation Event, the date on which the Federal Reserve Bank of New York (or any successor administrator of the Secured Overnight Financing Rate), ceases to publish the Secured Overnight Financing Rate, or the date as of which the Secured Overnight Financing Rate may no longer be used.

"**SOFR® Index Cessation Event**" means the occurrence of one or more of the following events:

(a) a public statement by the Federal Reserve Bank of New York (or a successor administrator of the Secured Overnight Financing Rate) announcing that it has ceased or will cease to

(3) All payments shall be made to the Principal Paying Agent (as defined in § 6). The Principal Paying Agent shall pay the amounts due to the Clearing System for credit to the respective accounts of the depository banks for transfer to the Noteholders. The payment to the Clearing System shall discharge the Issuer from its obligations under the Covered Bonds in the amount of such payment.

(4) If the Issuer fails to make any payment under the Covered Bonds when due, accrual of interest on due amounts continues from, and including, the due date for payment to, but excluding, the date of actual payment at the respective rate of interest specified. This does not affect any additional rights that might be available to the Noteholders.

(**[**3**]**[4**]**) In connection with the Covered Bonds, the Principal Paying Agent **[**and the Paying Agent**[**s**]]** **[**and the Calculation Agent**]** act solely as agents of the Issuer and do**[**es**]** not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

(**[**4**]**[5**]**) Determinations made by the Calculation Agent, will, in the absence of manifest error, be conclusive and binding on the Issuer and the Noteholders.

§ 7
(Taxes)

All payments of principal and/or interest by the Issuer in respect of the Covered Bonds shall be made without withholding or deduction for or on account of any present or future tax, duty or charge of whatever nature imposed or levied by or on behalf of the Republic of Austria, or any political subdivision or any authority thereof or therein having power to tax (or, with respect to FATCA, the United States of America or any authority thereof) unless the withholding or deduction is required by law (including pursuant to any agreements relating to Sections 1471 through 1474 of the Code, including any agreements described under Section 1471(b) thereof).

[*If Meetings of Noteholders, Modification and Waivers shall be applicable, insert:*

§ 8
(Meetings of Noteholders, Modification and Waivers)

(1) *Amendment of the Terms and Conditions*.

In accordance with subsequent provisions the Noteholders may agree with the Issuer on amendments of these Terms and Conditions with regard to certain matters by resolution with the majority specified below. Majority resolutions of the Noteholders shall be binding on all Noteholders alike. A majority resolution of the Noteholders which does not provide for identical conditions for all Noteholders is void, unless Noteholders who are disadvantaged have expressly consented to their being treated disadvantageously.

(2) The Noteholders may consent, by majority resolution, to the following measures, among others:

(a) changes in the due date or reduction or exclusion of interest payments;

(b) changes in the due date of the principal amount;

(c) reduction of the principal amount;

(d) subordination of the claims under the Covered Bonds during insolvency proceedings of the Issuer;

(e) conversion or exchange of the Covered Bonds into shares, other securities or other promises of performance;

(f) changes in the currency of the Covered Bonds;

(g) waiver or limitation of the Noteholders' right of termination;

(h) substitution of the Issuer; and

(i) amendments to or cancellation of ancillary conditions of the Covered Bonds.

(3) *Convening a Meeting of Noteholders*.

The Noteholders' meeting shall be convened by the Issuer or by the Joint Representative of the Noteholders. It shall be convened if Noteholders who together hold 5 per cent. of the outstanding Covered Bonds request such convocation in writing for the purpose of appointing or removing a Joint Representative, passing a resolution in order to render a termination invalid or for any other particular interest in such convocation.

(4) *Contents of the Convening Notice, Publication*.

The convening notice shall state the name and the registered office of the Issuer and the time of the Noteholders' meeting, the agenda and the conditions on which attendance at the Noteholders' meeting and the exercise of voting rights shall depend. The convening notice shall be published pursuant to § [9].

(5) *Convening Period, Evidence*.

The Noteholders' meeting shall be called at least 14 calendar days before the date of the meeting. As evidence for the entitlement to participate in the Noteholders' meeting a special confirmation issued by the Clearing System or the Custodian in text form shall be presented.

(6) *Agenda*.

The convening party shall include in the agenda a proposed resolution for each subject on which the Noteholders' meeting is to pass a resolution. The agenda of the Noteholders' meeting shall be published together with the convening notice. No resolutions may be passed on agenda items that have not been published in the required manner. Noteholders who together hold 5 per cent. of the outstanding Covered Bonds may request that new items be published for resolution. Such new items must be published no later than the third calendar day preceding the Noteholders' meeting. Without undue delay and until the date of the Noteholders' meeting, the Issuer shall make available to the Noteholders on its website ("www.bankaustria.at"), any counter-motions announced by a Noteholder before the meeting.

(7) *Quorum*.

The Chairperson shall prepare a register of Noteholders participating in the vote. Such register shall include the Noteholders' names, their registered offices or places of residence and the number of voting rights represented by each Noteholder. Such register shall be signed by the Chairperson of the meeting and be made available without undue delay to all Noteholders. The Noteholders' meeting shall have a quorum if the persons present represent at least fifty per cent of the outstanding Covered Bonds by value. If the Noteholders' meeting does not have a quorum, the Chairperson may convene a second meeting for the purposes of passing the resolution(s) anew. Such second meeting requires no quorum. For resolutions which require a qualified majority the persons present must represent at least 25 per cent. of the outstanding Covered Bonds. Covered Bonds for which voting rights have been suspended shall not be included in the outstanding Covered Bonds.

(8) *Majority Requirements*.

Resolutions relating to material amendments of these Terms and Conditions, in particular consents to the measures set out in § 8 (2) (a) to (i) above shall be passed by a majority of not less than 75 per cent. (Qualified Majority) of the votes cast. Resolutions relating to amendments of these Terms and Conditions which are not material require a simple majority of the votes cast.

(9) *Vote without a Meeting*.

All votes will be taken exclusively by vote taken without a meeting. The vote shall be conducted by the scrutineer. The scrutineer shall be a notary appointed by the Issuer, or the Joint Representative of the Noteholders if it has requested such vote. The request for voting shall set out the period within which votes may be cast. Such period shall be at least 72 hours. During the voting period, the Noteholders may cast their votes to the scrutineer in text form. The request shall set out in detail the conditions to be met in order for the votes to be valid. The scrutineer shall ascertain the entitlement to cast a vote by means of the evidence provided and shall prepare a list of Noteholders entitled to vote. If it is ascertained that no quorum exists, the scrutineer may convene a Noteholders' meeting, which shall be deemed to be a second Noteholders' meeting within the meaning of § 8(7). Any resolution passed by the vote shall be recorded in the minutes by a notary. Each Noteholder participating in the vote may request within one year of the end of the voting period a copy of the minutes and its annexes from the Issuer. Each Noteholder participating in the vote may object to the result in writing within two weeks of publication of the resolutions. The scrutineer shall decide on any such objection. If it takes remedial action as a result of the objection, it shall publish the result without undue delay. § 8(13) shall apply mutatis mutandis. If the scrutineer does not take remedial action as a result of the objection, it shall notify the objecting Noteholder without undue delay in writing.

(10) *Voting Right*.

Each Noteholder shall participate in votes in accordance with the principal amount of the outstanding Covered Bonds held by such Noteholder. Voting rights are suspended with respect to the shares attributable to the Issuer or any of its Subsidiaries or held for the account of the Issuer or any of its subsidiaries. The Issuer may not make available Covered Bonds for which the voting rights have been suspended to any third party for the purposes of exercising the voting rights in lieu of the Issuer. This shall also apply to any subsidiaries of the Issuer. Exercise of voting rights for the purposes specified above is prohibited. It is prohibited to offer, promise or grant any advantage as consideration to any person entitled to vote not to vote, or to vote in a particular way, in a Noteholders' meeting or a vote. No person entitled to vote may require, accept any promise of or accept any advantage or consideration for not voting, or voting in a particular way, in a Noteholders' meeting or a vote.

(11) *Chair of the Vote*.

The vote will be chaired by a notary appointed by the Issuer or, if the Joint Representative has convened the vote, by the Joint Representative (the "**Chairperson**").

(12) *Voting, Minutes*.

The provisions of the Austrian Stock Corporation Act (*Aktiengesetz*) regarding the voting of shareholders in the general meeting shall apply mutatis mutandis to the casting and counting of votes. In order to be

valid, any resolution passed by the Noteholders' meeting shall be recorded in minutes of the meeting. The minutes shall be recorded by a notary.

(13) *Publication of Resolutions*.

The Issuer shall publish the resolutions passed by the Noteholders in appropriate form and at its own expense. The resolutions shall be published without undue delay pursuant § [9]. In addition, for a period of at least one month commencing on the calendar day following the Noteholders' meeting, the Issuer shall make available to the public on its website ("www.bankaustria.at") the resolutions passed by the Noteholders and, if these Terms and Conditions are amended by a Noteholders' resolution, the wording of the original Terms and Conditions.

(14) *Implementation of Resolutions.*

Resolutions passed by the Noteholders' meeting which amend or supplement the contents of these Terms and Conditions shall be implemented in such a way that the relevant Global Note is supplemented or amended. If the Global Note has been deposited with a central securities depository, the Chairperson of the meeting or the scrutineer shall forward for this purpose the contents of the resolution recorded in the minutes to the central securities depository, requesting it to add the documents submitted to the existing documents in appropriate form. It shall affirm to the central securities depository that the resolution may be implemented.

(15) *Joint Representative.*

[*In case no Joint Representative is designated in the Terms and Conditions insert:* The Noteholders may by majority resolution appoint a joint representative (the "**Joint Representative**") to exercise the Noteholders' rights on behalf of each Noteholder.**]**

[*In case the Joint Representative is appointed in the Terms and Conditions insert*: The joint representative (the "**Joint Representative**") to exercise the Noteholders' rights on behalf of each Noteholder shall be **[***insert name and address of the Joint Representative***]**. The liability of the Joint Representative shall be limited to ten times the amount of its annual remuneration, unless the Joint Representative has acted wilfully or with gross negligence.**]**

The liability of the Joint Representative shall be limited to ten times the amount of its annual remuneration, unless the Joint Representative has acted wilfully or with gross negligence.

The Joint Representative shall have the duties and powers granted by majority resolution of the Noteholders. The Joint Representative shall comply with the instructions of the Noteholders. To the extent that the Joint Representative has been authorised to assert certain rights of the Noteholders, the Noteholders shall not be entitled to assert such rights themselves, unless explicitly provided for in the relevant majority resolution. The Joint Representative shall provide reports to the Noteholders on its activities. The Joint Representative shall be liable to the Noteholders as joint and several creditors for the due performance of its duties. In the performance of its duties, it shall act with the care of a prudent representative. The Joint Representative's liability may be limited by resolution of the Noteholders. An assertion of compensation claims against the Joint Representative shall be decided by the Noteholders. The Joint Representative may be removed by the Noteholders at any time without reason. The Joint Representative may require the Issuer to provide any information that is necessary for the performance of its duties.]

§ [10]
(Repurchase)

The Issuer shall be entitled at any time to purchase Covered Bonds in the market or otherwise and at any price. Covered Bonds repurchased by the Issuer may, at the Issuer's discretion, be held, resold or forwarded to the Principal Paying Agent for cancellation.

§ [11]
(Prescription)

Claims against the Issuer for payment in respect of the Covered Bonds shall be prescribed and become void unless made within ten years (in the case of principal) and three years (in the case of interest) upon the relevant due date.

§ [12]
(Partial Invalidity)

Should any provision of these Terms and Conditions of the Covered Bonds be or become invalid or unenforceable in whole or in part, the remaining provisions are not affected thereby. Any gap arising as a result of invalidity or unenforceability of these Terms and Conditions of the Covered Bonds is to be filled with a provision that corresponds to the meaning and intent of these Terms and Conditions of the Covered Bonds and is in the interest of the parties.

§ [13]
(Choice of Law, Place of Performance, Place of Jurisdiction, Language)

(1) The Covered Bonds and any non-contractual obligations arising out of or in connection with the Covered Bonds are governed by, and shall be construed in accordance with, Austrian law except for its conflict of law rules as far as such rules would lead to the application of foreign law.

(2) Place of performance is Vienna, Austria.

(3) The courts competent for the first district of Vienna, Austria shall have jurisdiction to settle any disputes which may arise out of or in connection with the Covered Bonds and accordingly any legal action or proceedings arising out of or in connection with the Covered Bonds (the "**Proceedings**") may be brought in such courts. The Issuer irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

This choice of jurisdiction clause does not apply to consumers who are domiciled, habitually resident or employed in Austria. The general legal venue in Austria in case of Proceedings taken by a consumer or against a consumer as provided for by law at the time of conclusion of an agreement shall remain the same even if the consumer, after conclusion of the agreement, transfers his/her domicile abroad and Austrian court decisions are enforceable in that country.

Further, the rights of consumers under the provisions of European civil litigation law who are domiciled in a member state of the European Union other than Austria or in a third country to bring Proceedings against the Issuer in the courts of the state in which they are domiciled and/or the right that Proceedings against them may only be brought in the courts of the state in which they are domiciled shall remain unaffected.

Einstellungsstichtag bestimmt wird als ob (x) Bezugnahmen auf den SOFR® Bezugnahmen auf die FOMC Target Rate wären, (y) Verweise auf US Staatsanleihen Bankgeschäftstage Verweise auf New York Bankgeschäftstage wären und (z) Verweise auf die Bildschirmseite Verweise auf die Website der Federal Reserve wären.

Wobei insofern gilt:

"**FOMC Target Rate**" bezeichnet den kurzfristigen Zinssatz festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York oder, wenn das Federal Open Market Committee keinen einzelnen Referenzzinssatz avisiert, das Mittel des kurzfristigen Zinssatzes festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York (berechnet als arithmetisches Mittel zwischen der oberen Grenze der Ziel-Bandbreite und der unteren Grenze der Ziel-Bandbreite).

"**U.S. Staatsanleihen Bankgeschäftstag**" bezeichnet jeden Tag, ausgenommen Samstag, Sonntag oder einen Tag, für den die Securities Industry and Financial Markets Association die ganztägliche Schließung der Abteilungen für festverzinsliche Wertpapiere ihrer Mitglieder im Hinblick auf den Handel mit US-Staatspapieren empfiehlt.

"**OBFR**" bezeichnet in Bezug auf jeden Zinsfeststellungstag die tägliche Overnight Bank Funding Rate hinsichtlich des jenem Zinsfeststellungstag vorangehenden New Yorker Bankgeschäftstags, wie von der Federal Reserve Bank of New York als Administrator (oder einem Nachfolgeadministrator) eines solchen Referenzzinssatzes auf der Website der Federal Reserve Bank of New York gegen 17:00 Uhr (New Yorker Zeit) an einem solchen Zinsfeststellungstag zur Verfügung gestellt wird.

"**OBFR Index Einstellungsstichtag**" bezeichnet in Bezug auf das OBFR Index Einstellungsereignis den Zeitpunkt, an dem die Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der Overnight Bank Funding Rate) die Overnight Bank Funding Rate nicht mehr veröffentlicht oder der Zeitpunkt, ab dem die Overnight Bank Funding Rate nicht mehr genutzt werden kann.

"**OBFR Index Einstellungsereignis**" bedeutet den Eintritt eines oder mehrerer der folgenden Ereignisse:

(a) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der OBFR), die ankündigt, dass sie dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(b) die Veröffentlichung von Informationen, welche hinreichend bestätigt, dass die Federal Reserve Bank of New York (oder ein Nachfolgeadministrator der OBFR) dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolge-

administrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(c) eine öffentliche Erklärung durch eine US-Regulierungsbehörde oder eine andere öffentliche Stelle der USA, welche die Anwendung der OBFR, die auf alle Swapgeschäfte (bestehende inbegriffen), anwendbar ist, ohne auf diese begrenzt zu sein, verbietet.

$$\text{Zinstagequotient} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

Wobei:

"$\mathbf{Y_1}$" ist das Jahr, ausgedrückt als Zahl, in das der erste Tag des Berechnungszeitraums fällt;

"$\mathbf{Y_2}$" ist das Jahr, ausgedrückt als Zahl, in das der Tag fällt, der auf den letzten Tag des Berechnungszeitraums unmittelbar folgt;

"$\mathbf{M_1}$" ist der Kalendermonat, ausgedrückt als Zahl, in den der erste Tag des Berechnungszeitraums fällt;

"$\mathbf{M_2}$" ist der Kalendermonat, ausgedrückt als Zahl, in den der Tag fällt, der auf den letzten Tag des Berechnungszeitraums unmittelbar folgt;

"$\mathbf{D_1}$" ist der erste Kalendertag des Berechnungszeitraums, ausgedrückt als Zahl, es sei denn, (i) dieser Tag ist der letzte Tag des Februars, oder (ii) diese Zahl wäre 31, in welchem Fall D_1 gleich 30 ist; und

"$\mathbf{D_2}$" ist der Kalendertag, ausgedrückt als Zahl, der auf den letzten Tag des Berechnungszeitraums unmittelbar folgt, es sei denn, (i) dieser Tag ist der letzte Tag des Februars, jedoch nicht der Fälligkeitstag, oder (ii) diese Zahl wäre 31, in welchem Fall D_2 gleich 30 ist,

jedoch in jedem solchen Fall unter dem Vorbehalt, dass die Anzahl der Tage des Berechnungszeitraumes vom ersten Tag des Berechnungszeitraumes (einschließlich) bis zum letzten Tag des Berechnungszeitraumes (ausschließlich) berechnet wird.**]**

(Rückzahlung[, Fälligkeitsverschiebung)]

[*Im Fall von Gedeckten Schuldverschreibungen, die keine Bedingungen für eine Fälligkeitsverschiebung vorsehen, einfügen:*

(1) Die Gedeckten Schuldverschreibungen werden, es sei denn, sie wurden gemäß § 4 vorzeitig zurückgezahlt, am **[***Fälligkeitstag einfügen***]** (der "**Fälligkeitstag**") in Höhe **[**der Festgelegten Stückelung**][**des Gesamtnennbetrags**]** (der "**Rückzahlungsbetrag**") zur Rückzahlung fällig.

[*Im Fall von Gedeckten Schuldverschreibungen, die Bedingungen für eine Fälligkeitsverschiebung vorsehen, einfügen:*

(1) Die Gedeckten Schuldverschreibungen werden, es sei denn, sie wurden gemäß diesem § 4 vorzeitig zurückgezahlt, am **[***Fälligkeitstag einfügen***]** (der "**Fälligkeitstag**") oder, falls sich die Laufzeit der

Gedeckten Schuldverschreibungen in Übereinstimmung mit den in § 4 (2) enthaltenen Bestimmungen verlängert, an jenem Tag, der vom besonderen Verwalter (§ 86 österreichische Insolvenzordnung) als verlängerter Fälligkeitstag festgelegt wird (der "**Verlängerte Fälligkeitstag**") in Höhe **[**der Festgelegten Stückelung**][**des Gesamtnennbetrags**]** (der "**Rückzahlungsbetrag**") zur Rückzahlung fällig. Der spätestmögliche Verlängerte Fälligkeitstag ist der **[***Datum einfügen***]**.

(2) Die Fälligkeit der Gedeckten Schuldverschreibungen kann bei Eintritt des objektiven auslösenden Ereignisses (das "**Objektive Auslösende Ereignis**") einmalig um bis zu 12 Monate bis zum Verlängerten Fälligkeitstag (der "**Fälligkeitsverschiebungszeitraum**") verschoben.

Das Objektive Auslösende Ereignis meint die Auslösung der Fälligkeitsverschiebung in der Insolvenz der Emittentin durch den besonderen Verwalter (§ 86 österreichische Insolvenzordnung), sofern dieser zum Zeitpunkt der Fälligkeitsverschiebung überzeugt ist, dass die Verbindlichkeiten unter den Gedeckten Schuldverschreibungen vollständig zum Verlängerten Fälligkeitstag bedient werden können. Die Fälligkeitsverschiebung liegt nicht im Ermessen der Emittentin. Im Fall einer Fälligkeitsverschiebung wird die Emittentin die Gedeckten Schuldverschreibungen insgesamt und nicht teilweise am Verlängerten Fälligkeitstag zum Nennbetrag nebst etwaigen bis zum Verlängerten Fälligkeitstag (ausschließlich) aufgelaufenen Zinsen zurückzahlen. Der Eintritt des Objektiven Auslösenden Ereignisses und die gegebenenfalls daraus resultierenden Anpassungen der Zinsperiode sind den Gläubigern unverzüglich gemäß § **[**9**]** mitzuteilen.

Weder die Nichtzahlung des ausstehenden Gesamtnennbetrags am Fälligkeitstag noch die Fälligkeitsverschiebung stellen einen Verzugsfall der Emittentin für irgendwelche Zwecke dar oder geben einem Gläubiger das Recht, die Gedeckten Schuldverschreibungen zu kündigen oder andere als ausdrücklich in diesen Emissionsbedingungen vorgesehene Zahlungen zu erhalten.

Im Falle der Insolvenz oder Abwicklung der Emittentin sind Zahlungsverpflichtungen der Emittentin aus den Gedeckten Schuldverschreibungen nicht Gegenstand einer automatischen vorzeitigen Fälligstellung (Insolvenzferne). Die Gläubiger haben in diesen Fällen eine vorrangige Forderung auf den Kapitalbetrag sowie etwaige aufgelaufene und künftige Zinsen aus den Deckungswerten und im Insolvenzfalle darüber hinaus, soweit die zuvor genannte vorrangige Forderung nicht im vollen Umfang erfüllt werden kann, eine Insolvenzforderung gegen die Emittentin.

Die österreichische Finanzmarktaufsichtsbehörde (FMA) hat als zuständige Behörde die Emission gedeckter Schuldverschreibungen sowie die Einhaltung der Vorschriften des PfandBG zu überwachen und dabei auf das volkswirtschaftliche Interesse an einem funktionsfähigen Kapitalmarkt Bedacht zu nehmen.

Im Falle eines Konkursverfahrens hat das Konkursgericht für die Verwaltung der vorrangigen Forderungen auf den Kapitalbetrag sowie etwaige aufgelaufene und künftige Zinsen aus den Deckungswerten (Sondermasse) unverzüglich einen besonderen Verwalter zu bestellen (§ 86 österreichische Insolvenzordnung). Der besondere Verwalter hat fällige Forderungen der Gläubiger aus der Sondermasse zu erfüllen und die dafür erforderlichen Verwaltungsmaßnahmen mit Wirkung für die Sondermasse zu treffen, etwa durch Einziehung fälliger Hypothekarforderungen, Veräußerung einzelner Deckungswerte oder durch Zwischenfinanzierungen.

[*Sofern der Zinssatz für den Fälligkeitsverschiebungszeitraum nicht geändert werden soll, einfügen:*

(3) Während des Fälligkeitsverschiebungszeitraums werden die Gedeckten Schuldverschreibungen weiterhin zu ihrem ausstehenden Gesamtnennbetrag in Übereinstimmung mit den bis zum Fälligkeitstag geltenden Bedingungen (wie in § 3 oben dargelegt) verzinst. Aufgeschobene Zinszahlungen (falls vorhanden), die bis zum Fälligkeitstag zu zahlen gewesen wären, gelten für diese Zwecke als Kapitalbeträge. Die Gläubiger haben ab dem Verlängerten Fälligkeitstag keinen Anspruch auf weitere Zinszahlungen.

Der/die Zinszahlungstag(e) und die Zinsperiode(n) stehen unter dem Vorbehalt der Bestimmung des Verlängerten Fälligkeitstages durch den besonderen Verwalter (§ 86 der österreichischen Insolvenzordnung).]

[*Sofern der Zinssatz für den Fälligkeitsverschiebungszeitraum ein variabel verzinslicher Zinssatz werden soll, einfügen:*

(3) Die Gedeckten Schuldverschreibungen werden zu ihrem ausstehenden Gesamtnennbetrag ab dem Fälligkeitstag (einschließlich) **[**für jede Zinsperiode**]** bis zum Verlängerten Fälligkeitstag (ausschließlich) zum Zinssatz pro Jahr verzinst. Der jeweilige Zinsbetrag wird, vorbehaltlich einer Verschiebung gemäß der Geschäftstagekonvention **[***Wenn eine Anpassung erfolgt (wie in § 5 bestimmt):* und einer Anpassung**]** gemäß § 5 (2) nachträglich an jedem Zinszahltag gemäß den Bestimmungen des § 5 (1) zur Zahlung fällig. Wobei insofern gilt:

"**FOMC Target Rate**" bezeichnet den kurzfristigen Zinssatz festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York oder, wenn das Federal Open Market Committee keinen einzelnen Referenzzinssatz avisiert, das Mittel des kurzfristigen Zinssatzes festgesetzt durch das Federal Open Market Committee auf der Website der Federal Reserve Bank of New York (berechnet als arithmetisches Mittel zwischen der oberen Grenze der Ziel-Bandbreite und der unteren Grenze der Ziel-Bandbreite).

"**U.S. Staatsanleihen Bankgeschäftstag**" bezeichnet jeden Tag, ausgenommen Samstag, Sonntag oder einen Tag, für den die Securities Industry and Financial Markets Association die ganztägliche Schließung der Abteilungen für festverzinsliche Wertpapiere ihrer Mitglieder im Hinblick auf den Handel mit US-Staatspapieren empfiehlt.

"**OBFR**" bezeichnet in Bezug auf jeden Zinsfeststellungstag die tägliche Overnight Bank Funding Rate hinsichtlich des jenem Zinsfeststellungstag vorangehenden New Yorker Bankgeschäftstags, wie von der Federal Reserve Bank of New York als Administrator (oder einem Nachfolgeadministrator) eines solchen Referenzzinssatzes auf der Website der Federal Reserve Bank of New York gegen 17:00 Uhr (New Yorker Zeit) an einem solchen Zinsfeststellungstag zur Verfügung gestellt wird.

"**OBFR Index Einstellungsstichtag**" bezeichnet in Bezug auf das OBFR Index Einstellungsereignis den Zeitpunkt, an dem die Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der Overnight Bank Funding Rate) die Overnight Bank Funding Rate nicht mehr veröffentlicht oder der Zeitpunkt, ab dem die Overnight Bank Funding Rate nicht mehr genutzt werden kann.

"**OBFR Index Einstellungsereignis**" bedeutet den Eintritt eines oder mehrerer der folgenden Ereignisse:

(a) eine öffentliche Erklärung der Federal Reserve Bank of New York (oder eines Nachfolgeadministrators der OBFR), die ankündigt, dass sie dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolgeadministrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(b) die Veröffentlichung von Informationen, welche hinreichend bestätigt, dass die Federal Reserve Bank of New York (oder ein Nachfolgeadministrator der OBFR) dauerhaft oder auf unbestimmte Zeit die OBFR nicht mehr bestimmt oder bestimmen wird, vorausgesetzt, dass zu dieser Zeit kein Nachfolge-

administrator existiert, der weiterhin eine OBFR zur Verfügung stellt; oder

(c) eine öffentliche Erklärung durch eine US Regulierungsbehörde oder eine andere öffentliche Stelle der USA, welche die Anwendung der OBFR, die auf alle Swapgeschäfte (bestehende inbegriffen), anwendbar ist, ohne auf diese begrenzt zu sein, verbietet.

"**SOFR® Index Einstellungsstichtag**" meint in Bezug auf das SOFR® Index Einstellungsereignis den Zeitpunkt, ab dem die Federal Reserve Bank of New York (oder ein Nachfolgeadministrator der Secured Overnight Financing Rate) die Secured Overnight Financing Rate nicht mehr veröffentlicht oder den Zeitpunkt, ab dem die Secured Overnight Financing Rate nicht mehr genutzt werden kann.

"**SOFR® Index Einstellungsereignis**" bedeutet den Eintritt eines oder mehrerer der folgenden Ereignisse:

(3) Alle Zahlungen werden an die Hauptzahlstelle (wie in § 6 definiert) geleistet. Die Hauptzahlstelle zahlt die fälligen Beträge an das Clearing System zwecks Gutschrift auf die jeweiligen Konten der Depotbanken zur Weiterleitung an die Gläubiger. Die Zahlung an das Clearing System befreit die Emittentin in Höhe der Zahlung von ihren Verbindlichkeiten aus den Gedeckten Schuldverschreibungen.

(4) Sofern die Emittentin Zahlungen unter den Gedeckten Schuldverschreibungen bei Fälligkeit nicht leistet, wird der fällige Betrag vom Tag der Fälligkeit der Zahlung (einschließlich) bis zum Tag der tatsächlichen Zahlung (ausschließlich) weiterhin in Höhe des jeweils vorgesehenen Zinssatzes verzinst. Dies lässt darüberhinausgehende Ansprüche der Gläubiger unberührt.

(**[**4**][**5**]**) Falls es sich nicht um einen offensichtlichen Fehler handelt, sind Entscheidungen der Berechnungsstelle endgültig und für die Emittentin sowie die Gläubiger verbindlich.

§ 7
(Steuern)

Sämtliche Kapital- und/oder Zinszahlungen der Emittentin in Bezug auf die Gedeckten Schuldverschreibungen sind ohne Einbehalt oder Abzug für oder wegen gegenwärtiger oder zukünftiger Steuern, Abgaben oder Gebühren welcher Art auch immer, die von der Republik Österreich oder in ihrem Namen erhoben werden, zu leisten, oder einer politischen Untergliederung oder einer Behörde davon oder darin mit Steuerbefugnis (oder, in Bezug auf FATCA, den Vereinigten Staaten von Amerika oder einer ihrer Behörde), es sei denn, die Einbehaltung oder der Abzug ist gesetzlich vorgeschrieben (einschließlich gemäß aller Vereinbarungen, die sich auf die Paragraphen 1471 bis 1474 des Kodex beziehen, einschließlich aller unter Paragraphen 1471(b) beschriebenen Vereinbarungen).

[*Falls Gläubigerversammlungen, Änderungen und Verzicht anwendbar sein sollen, einfügen:*

§ 8
(Gläubigerversammlung, Änderung und Verzicht)

(1) *Änderung der Emissionsbedingungen.*

Die Gläubiger können gemäß den nachstehenden Bestimmungen durch einen Beschluss mit der nachstehend bestimmten Mehrheit über bestimmte Gegenstände eine Änderung dieser Emissionsbedingungen mit der Emittentin vereinbaren. Die Mehrheitsbeschlüsse der Gläubiger sind für alle Gläubiger gleichermaßen verbindlich. Ein Mehrheitsbeschluss der Gläubiger, der nicht gleiche Bedingungen für alle Gläubiger vorsieht, ist unwirksam, es sei denn, die benachteiligten Gläubiger stimmen ihrer Benachteiligung ausdrücklich zu.

(2) Die Gläubiger können durch Mehrheitsbeschluss insbesondere folgenden Maßnahmen zustimmen:

(a) der Veränderung der Fälligkeit, der Verringerung oder dem Ausschluss der Zinsen;

(b) der Veränderung der Fälligkeit der Hauptforderung;

(c) der Verringerung der Hauptforderung;

(d) Nachrangigkeit der Forderungen aus den Gedeckten Schuldverschreibungen im Insolvenzverfahren der Emittentin;

(e) Umwandlung oder Umtausch der Gedeckten Schuldverschreibungen in Aktien, andere Wertpapiere oder andere Leistungsversprechen;

(f) der Änderung der Währung der Gedeckten Schuldverschreibungen;

(g) dem Verzicht auf das Kündigungsrecht der Gläubiger oder dessen Beschränkung;

(h) der Schuldnerersetzung; und

(i) der Änderung oder Aufhebung von Nebenbestimmungen der Gedeckten Schuldverschreibungen.

(3) *Einberufung der Gläubigerversammlung.*

Die Gläubigerversammlung wird von der Emittentin oder von dem gemeinsamen Vertreter der Gläubiger einberufen. Sie ist einzuberufen, wenn Gläubiger, deren Gedeckte Schuldverschreibungen zusammen 5 Prozent der ausstehenden Gedeckten Schuldverschreibungen erreichen, dies schriftlich mit der Begründung verlangen, sie wollten einen gemeinsamen Vertreter bestellen oder abberufen, sie wollten über das Entfallen der Wirkung der Kündigung beschließen oder sie hätten ein sonstiges besonderes Interesse an der Einberufung.

(4) *Inhalt der Einberufung, Bekanntmachung.*

In der Einberufung müssen die Firma, der Sitz der Emittentin und die Zeit der Gläubigerversammlung, die Tagesordnung sowie die Bedingungen angeben werden, von denen die Teilnahme an der Gläubigerversammlung und die Ausübung des Stimmrechts abhängen. Die Einberufung ist gemäß § [9] bekanntzumachen.

(5) *Frist, Nachweis.*

Die Gläubigerversammlung ist mindestens 14 Kalendertage vor dem Kalendertag der Versammlung einzuberufen. Als Nachweis für die Berechtigung zur Teilnahme an der Gläubigerversammlung ist ein in Textform erstellter besonderer Nachweis des Clearingsystems oder der Depotbank des Gläubigers beizubringen.

(6) *Tagesordnung.*

Zu jedem Gegenstand, über den die Gläubigerversammlung beschließen soll, hat der Einberufende in der Tagesordnung einen Vorschlag zur Beschlussfassung zu machen. Die Tagesordnung der Gläubigerversammlung ist mit der Einberufung bekannt zu machen. Über Gegenstände der Tagesordnung, die nicht in der vorgeschriebenen Weise bekannt gemacht sind, dürfen Beschlüsse nicht gefasst werden. Gläubiger, deren Gedeckte Schuldverschreibungen zusammen 5 Prozent der ausstehenden Gedeckten Schuldverschreibungen erreichen, können verlangen, dass neue Gegenstände zur Beschlussfassung bekannt gemacht werden. Diese neuen Gegenstände müssen spätestens am dritten Kalendertag vor der Gläubigerversammlung bekannt gemacht sein. Gegenanträge, die ein Gläubiger vor der Versammlung angekündigt hat, muss die Emittentin unverzüglich bis zum Kalendertag der Gläubigerversammlung im Internet auf ihrer Internetseite ("www.bankaustria.at") den Gläubigern zugänglich machen.

(7) *Beschlussfähigkeit.*

Durch den Vorsitzenden ist ein Verzeichnis der an der Abstimmung teilnehmenden Gläubiger aufzustellen. Im Verzeichnis sind die Gläubiger unter Angabe ihres Namens, Sitzes oder Wohnorts sowie der Zahl der von jedem vertretenen Stimmrechte aufzuführen. Das Verzeichnis ist vom Vorsitzenden der Versammlung zu unterschreiben und allen Gläubigern unverzüglich zugänglich zu machen. Die Gläubigerversammlung ist beschlussfähig, wenn die Anwesenden wertmäßig mindestens die Hälfte der ausstehenden Gedeckten Schuldverschreibungen vertreten. Wird in der Gläubigerversammlung die mangelnde Beschlussfähigkeit festgestellt, kann der Vorsitzende eine zweite Versammlung zum Zweck der erneuten Beschlussfassung einberufen. Die zweite Versammlung ist beschlussfähig; für Beschlüsse, zu deren Wirksamkeit eine qualifizierte Mehrheit erforderlich ist, müssen die Anwesenden mindestens 25 Prozent der ausstehenden Gedeckten Schuldverschreibungen vertreten. Gedeckte Schuldverschreibungen, deren Stimmrechte ruhen, zählen nicht zu den ausstehenden.

(8) *Mehrheitserfordernisse.*

Die Gläubiger entscheiden mit einer Mehrheit von 75 % (Qualifizierte Mehrheit) der an der Abstimmung teilnehmenden Stimmrechte über wesentliche Änderungen dieser Emissionsbedingungen, insbesondere über die oben in § 8 (2) lit (a) bis (i) aufgeführten Maßnahmen. Beschlüsse, durch die der wesentliche Inhalt dieser Emissionsbedingungen nicht geändert wird, bedürfen zu ihrer Wirksamkeit einer einfachen Mehrheit der an der Abstimmung teilnehmenden Stimmrechte.

(9) *Abstimmung ohne Versammlung.*

Alle Abstimmungen werden ausschließlich im Wege der Abstimmung ohne Versammlung durchgeführt. Die Abstimmung wird vom Abstimmungsleiter geleitet. Abstimmungsleiter ist ein von der Emittentin beauftragter Notar oder der gemeinsame Vertreter der Gläubiger, wenn er zu der Abstimmung aufgefordert hat. In der Aufforderung zur Stimmabgabe ist der Zeitraum anzugeben, innerhalb dessen die Stimmen abgegeben werden können. Er beträgt mindestens 72 Stunden. Während des Abstimmungszeitraums können die Gläubiger ihre Stimme gegenüber dem Abstimmungsleiter in Textform abgeben. In der Aufforderung muss im Einzelnen angegeben werden, welche Voraussetzungen erfüllt sein müssen, damit die Stimmen gezählt werden. Der Abstimmungsleiter stellt die Berechtigung zur Stimmabgabe anhand der eingereichten Nachweise fest und erstellt ein Verzeichnis der stimmberechtigten Gläubiger. Wird die Beschlussfähigkeit nicht festgestellt, kann der Abstimmungsleiter eine Gläubigerversammlung einberufen; die Versammlung gilt als zweite Versammlung im Sinne des § 8(7). Über jeden in der Abstimmung gefassten Beschluss ist durch einen Notar eine Niederschrift aufzunehmen. Jeder Gläubiger, der an der Abstimmung teilgenommen hat, kann binnen eines Jahres nach Ablauf des Abstimmungszeitraums von der Emittentin eine Abschrift der Niederschrift nebst Anlagen verlangen. Jeder Gläubiger, der an der Abstimmung teilgenommen hat, kann gegen das Ergebnis schriftlich Widerspruch erheben binnen zwei Wochen nach Bekanntmachung der Beschlüsse. Über den Widerspruch entscheidet der Abstimmungsleiter. Gibt er dem Widerspruch statt, hat er das Ergebnis unverzüglich bekannt zu machen; § 8(13) gilt entsprechend. Gibt der Abstimmungsleiter dem Widerspruch nicht statt, hat er dies dem widersprechenden Gläubiger unverzüglich schriftlich mitzuteilen.

(10) *Stimmrecht.*

An Abstimmungen der Gläubiger nimmt jeder solche Gläubiger nach Maßgabe des Nennbetrags an den ausstehenden Gedeckten Schuldverschreibungen teil. Das Stimmrecht ruht, solange die Anteile der Emittentin oder einer ihrer Tochtergesellschaften zustehen oder für Rechnung der Emittentin oder einer Tochtergesellschaft gehalten werden. Die Emittentin darf Gedeckte Schuldverschreibungen, deren Stimmrechte ruhen, einem anderen nicht zu dem Zweck überlassen, die Stimmrechte an ihrer Stelle auszuüben; dies gilt auch für Tochtergesellschaften und niemand darf das Stimmrecht zu diesem Zweck ausüben. Niemand darf dafür, dass eine stimmberechtigte Person bei einer Gläubigerversammlung oder einer Abstimmung nicht oder in einem bestimmten Sinne stimme, Vorteile als Gegenleistung anbieten, versprechen oder gewähren. Wer stimmberechtigt ist, darf dafür, dass er bei einer Gläubigerversammlung oder einer Abstimmung nicht oder in einem bestimmten Sinne stimme, keinen Vorteil und keine Gegenleistung fordern, sich versprechen lassen oder annehmen.

(11) *Leitung der Abstimmung.*

Die Abstimmung wird von einem von der Emittentin beauftragten Notar oder, falls der gemeinsame Vertreter zur Abstimmung aufgefordert hat, vom gemeinsamen Vertreter geleitet (der "**Vorsitzende**").

(12) *Abstimmung, Niederschrift.*

Auf die Abgabe und die Auszählung der Stimmen sind die Vorschriften des österreichischen Aktiengesetzes über die Abstimmung der Aktionäre in der Hauptversammlung entsprechend anzuwenden. Jeder Beschluss der Gläubigerversammlung bedarf zu seiner Gültigkeit der Beurkundung durch eine über die Verhandlung aufgenommene Niederschrift. Die Niederschrift ist durch einen Notar aufzunehmen.

(13) *Bekanntmachung von Beschlüssen.*

Die Emittentin hat die Beschlüsse der Gläubiger auf ihre Kosten in geeigneter Form öffentlich bekannt zu machen. Die Beschlüsse sind unverzüglich gemäß § 11 zu veröffentlichen. Außerdem hat die Emittentin die Beschlüsse der Gläubiger sowie, wenn ein Gläubigerbeschluss diese Emissionsbedingungen ändert, den Wortlaut der ursprünglichen Emissionsbedingungen vom Kalendertag nach der Gläubigerversammlung an für die Dauer von mindestens einem Monat auf ihrer Internetseite ("www.bankaustria.at") zugänglich zu machen.

(14) *Vollziehung von Beschlüssen.*

Beschlüsse der Gläubigerversammlung, durch welche der Inhalt dieser Emissionsbedingungen abgeändert oder ergänzt wird, sind in der Weise zu vollziehen, dass die maßgebliche Globalurkunde ergänzt oder geändert wird. Im Fall der Verwahrung der Globalurkunde durch eine Wertpapiersammelbank hat der Vorsitzende oder Abstimmungsleiter dazu den in der Niederschrift dokumentierten Beschlussinhalt an die Wertpapiersammelbank zu übermitteln mit dem Ersuchen, die eingereichten Dokumente den vorhandenen Dokumenten in geeigneter Form beizufügen. Er hat gegenüber der Wertpapiersammelbank zu versichern, dass der Beschluss vollzogen werden darf.

(15) *Gemeinsamer Vertreter.*

[Falls kein gemeinsamer Vertreter in den Emissionsbedingungen bestellt wird, einfügen: Die Gläubiger können durch Mehrheitsbeschluss zur Wahrnehmung ihrer Rechte einen gemeinsamen Vertreter (der "**gemeinsame Vertreter**") für alle Gläubiger bestellen.]

[Falls ein gemeinsamer Vertreter in den Emissionsbedingungen bestellt wird, einfügen: Gemeinsamer Vertreter (der "**gemeinsame Vertreter**") für alle Gläubiger zur Wahrnehmung ihrer Rechte ist [Namen und Adresse des gemeinsamen Vertreters einfügen]. Die Haftung des gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last.]

Die Haftung des gemeinsamen Vertreters ist auf das Zehnfache seiner jährlichen Vergütung beschränkt, es sei denn, dem gemeinsamen Vertreter fällt Vorsatz oder grobe Fahrlässigkeit zur Last.

Der gemeinsame Vertreter hat die Aufgaben und Befugnisse, die ihm von den Gläubigern durch Mehrheitsbeschluss eingeräumt wurden. Er hat die Weisungen der Gläubiger zu befolgen. Soweit er zur Geltendmachung von Rechten der Gläubiger ermächtigt ist, sind die einzelnen Gläubiger zur selbständigen Geltendmachung dieser Rechte nicht befugt, es sei denn, der Mehrheitsbeschluss sieht dies ausdrücklich vor. Über seine Tätigkeit hat der gemeinsame Vertreter den Gläubigern zu berichten. Der gemeinsame Vertreter haftet den Gläubigern als Gesamtgläubigern für die ordnungsgemäße Erfüllung seiner Aufgaben; bei seiner Tätigkeit hat er die Sorgfalt eines ordentlichen und gewissenhaften Vertreters anzuwenden. Die Haftung des gemeinsamen Vertreters kann durch Beschluss der Gläubiger beschränkt werden. Über die Geltendmachung von Ersatzansprüchen der Gläubiger gegen den gemeinsamen Vertreter entscheiden die Gläubiger. Der gemeinsame Vertreter kann von den Gläubigern jederzeit ohne Angabe von Gründen abberufen werden. Der gemeinsame Vertreter kann von der Emittentin verlangen, alle Auskünfte zu erteilen, die zur Erfüllung der ihm übertragenen Aufgaben erforderlich sind.]

§ [9]
(Mitteilungen)

Im Fall von börsenotierten Gedeckten Schuldverschreibungen einfügen:

(1) Mitteilungen

[*Wenn Mitteilungen nicht durch elektronische Veröffentlichung auf der Webseite der maßgeblichen Börse bewirkt werden dürfen, einfügen*:

Alle Mitteilungen in Bezug auf die Gedeckten Schuldverschreibungen sind, soweit gesetzlich erforderlich, in einem Börsenpflichtblatt in [Luxemburg (*Luxemburger Wort*)][Wien (*Amtsblatt zur Wiener Zeitung*)] zu veröffentlichen mit der Ausnahme, dass, wenn und soweit die Regeln der Wiener Börse dies zulassen, Mitteilungen hinsichtlich solcher Gedeckter Schuldverschreibungen seitens der Emittentin durch Zustellung der betreffenden Mitteilung (gegebenenfalls) an OeKB

§ [10]
(Rückkauf)

Die Emittentin ist berechtigt, jederzeit Gedeckte Schuldverschreibungen am Markt oder auf sonstige Weise und zu jedem beliebigen Preis zu kaufen. Von der Emittentin zurückgekaufte Gedeckte Schuldverschreibungen können nach Ermessen der Emittentin von der Emittentin gehalten, erneut verkauft oder der Hauptzahlstelle zur Entwertung übermittelt werden.

§ [11]
(Verjährung)

Ansprüche gegen die Emittentin auf Zahlungen hinsichtlich der Gedeckten Schuldverschreibungen verjähren und werden unwirksam, wenn diese nicht innerhalb von zehn Jahren (im Falle des Kapitals) und innerhalb von drei Jahren (im Falle von Zinsen) ab dem maßgeblichen Fälligkeitstag geltend gemacht werden.

§ [12]
(Teilunwirksamkeit)

Sollte eine Bestimmung dieser Bedingungen der Gedeckten Schuldverschreibungen ganz oder teilweise unwirksam oder undurchführbar sein oder werden, so bleiben die übrigen Bestimmungen davon unberührt. Eine in Folge Unwirksamkeit oder Undurchführbarkeit dieser Bedingungen der Gedeckten Schuldverschreibungen entstehende Lücke ist durch eine dem Sinn und Zweck dieser Bedingungen der Gedeckten Schuldverschreibungen und den Interessen der Parteien entsprechende Regelung auszufüllen.

§ [13]
(Rechtswahl, Erfüllungsort, Gerichtsstand, Sprache)

(1) Die Gedeckten Schuldverschreibungen und alle außervertraglichen Schuldverhältnisse, die sich aus oder im Zusammenhang mit den Gedeckten Schuldverschreibungen ergeben, unterliegen österreichischem Recht unter Ausschluss seiner Kollisionsnormen, soweit diese zur Anwendung fremden Rechts führen würden, und werden in Übereinstimmung mit österreichischem Recht ausgelegt.

(2) Erfüllungsort ist Wien, Österreich.

(3) Die für den ersten Wiener Gemeindebezirk, Österreich, zuständigen Gerichte sind zuständig für die Streitigkeiten, die aus oder im Zusammenhang mit den Gedeckten Schuldverschreibungen entstehen können. Dementsprechend können nur bei diesen Gerichten alle Klagen oder Verfahren, die aus oder im Zusammenhang mit den Gedeckten Schuldverschreibungen entstehen (die "**Verfahren**"), anhängig gemacht werden. Die Emittentin unterwirft sich unwiderruflich der Gerichtsbarkeit dieser Gerichte und verzichtet auf jeden Einwand gegen Verfahren vor diesen Gerichten, sei es aus Gründen des Gerichtsstands oder weil das Verfahren in einem ungünstigen Forum eingeleitet wurde.

Diese Gerichtsstandsklausel gilt nicht für Verbraucher, die in Österreich wohnen, ihren gewöhnlichen Aufenthalt haben oder beschäftigt sind. Der allgemeine Gerichtsstand in Österreich für Klagen eines Verbrauchers oder gegen einen Verbraucher, die zum Zeitpunkt des Vertragsabschlusses gesetzlich vorgesehen sind, bleibt auch dann bestehen, wenn der Verbraucher nach Vertragsabschluss seinen Wohnsitz ins Ausland verlegt und österreichische Gerichtsentscheidungen in diesem Land vollstreckbar sind.

Unberührt bleiben weiters die Rechte von Verbrauchern nach den Bestimmungen des europäischen Zivilprozessrechts, die ihren Wohnsitz in einem anderen Mitgliedstaat der Europäischen Union als Österreich oder in einem Drittstaat haben, die Emittentin vor den Gerichten des Staates zu klagen, in dem sie ihren Wohnsitz haben, bzw. das Recht, dass Verfahren gegen sie nur vor dem Gericht des Staates, in dem sie ihren Wohnsitz haben, geführt werden können.

The Final Terms are divided into a "Part I" and a "Part II".
Die Endgültigen Bedingungen sind gegliedert in einen "Teil I" sowie in einen "Teil II".

In Part I of the Final Terms, the Terms and Conditions will be completed and specified by the information contained in Part I as follows:
In Teil I der Endgültigen Bedingungen werden die Anleihebedingungen durch die in Teil I enthaltenen Angaben vervollständigt und spezifiziert. Dabei gilt:

(a) In the case of "Type A" Final Terms, the following applies:
The completed and specified provisions of the Terms and Conditions represents the conditions applicable to the relevant Series of Covered Bonds (the "**Conditions**").
Im Fall von "Typ A" Endgültigen Bedingungen gilt:

---

[5] To be included if parties have determined a target market and if the managers in relation to the Notes are subject to UK MiFIR, i.e. there are UK MiFIR manufacturers.

[6] Einzufügen, wenn die Parteien einen Zielmarkt bestimmt haben und wenn die Platzeure in Bezug auf die Schuldverschreibungen der UK MiFIR unterliegen, d.h. wenn es UK MiFIR-Hersteller gibt.

*Die vervollständigten und spezifizierten Bestimmungen der Anleihebedingungen stellen für die betreffende Serie von Gedeckten Schuldverschreibungen die Bedingungen dar (die "**Bedingungen**").*

(b) In the case of "Type B" Final Terms, the following applies:
The Terms and Conditions, completed and specified by, and to be read together with, Part I of these Final Terms represents the conditions applicable to the relevant Series of Covered Bonds (the "**Conditions**").
Im Fall von "Typ B" Endgültigen Bedingungen gilt:
*Die Anleihebedingungen, vervollständigt und spezifiziert durch und in Verbindung mit Teil I dieser Endgültigen Bedingungen stellen für die betreffende Serie von Gedeckten Schuldverschreibungen die Bedingungen dar (die "**Bedingungen**").*

Part I of the Final Terms is to be read in conjunction with the Terms and Conditions that apply to Covered Bonds (Fixed Rate Covered Bonds, Floating Rate Covered Bonds and Zero Coupon Covered Bonds) set forth in the Securities Note. Capitalised terms shall have the meanings specified in the Terms and Conditions.
Der Teil I. der Endgültigen Bedingungen ist in Verbindung mit den in der Wertpapierbeschreibung enthaltenen Anleihebedingungen, die auf Gedeckten Schuldverschreibungen (Festverzinsliche Gedeckte Schuldverschreibungen, Variabel Verzinsliche Gedeckte Schuldverschreibungen, Nullkupon Gedeckte Schuldverschreibungen) Anwendung finden, zu lesen. Großgeschriebene Begriffe haben die in den Endgültigen Bedingungen verwendete Bedeutung.

All references in Part I of the Final Terms to numbered paragraphs and subparagraphs are to paragraphs and subparagraphs of the Terms and Conditions.
Bezugnahmen in Teil I. der Endgültigen Bedingungen auf Paragraphen und Absätze beziehen sich auf die Paragraphen und Absätze der Anleihebedingungen.

The placeholders in the provisions of the Terms and Conditions which are applicable to the Covered Bonds shall be deemed to be completed by the information contained in the Final Terms as if such information was inserted in the placeholder of such provisions. All provisions in the Terms and Conditions which are not selected and not completed by the information contained in the Final Terms shall be deemed to be deleted from the terms and conditions applicable to the Covered Bonds.
Die Platzhalter in den auf die Gedeckten Schuldverschreibungen anwendbaren Bestimmungen der Anleihebedingungen gelten als durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgefüllt, als ob die Platzhalter in den betreffenden Bestimmungen durch diese Angaben ausgefüllt wären. Sämtliche Optionen der Anleihebedingungen, die nicht durch die in den Endgültigen Bedingungen enthaltenen Angaben ausgewählt und ausgefüllt wurden, gelten als in den auf die Gedeckten Schuldverschreibungen anwendbaren Bedingungen gestrichen.

Part II of the Final Terms contains all other conditions which shall not be inserted in the Terms and Conditions and which apply to all Covered Bonds.
In Teil II der Endgültigen Bedingungen sind alle sonstigen Bedingungen enthalten, die nicht in den Anleihebedingungen einzusetzen sind und die für alle Gedeckten Schuldverschreibungen gelten.

[37] Insert relevant rating with regard to the rating of individual Covered Bonds, if any. Include a brief explanation of the meaning of the ratings if this has been previously published by the rating provider.

[38] Maßgebliches Rating hinsichtlich der Gedeckten Schuldverschreibungen, soweit vorhanden, einfügen. Kurze Erläuterung der Bedeutung des Ratings, wenn dieses unlängst von der Ratingagentur erstellt wurde, einfügen.

[Yes. Note that the designation "**yes**" simply means that the Covered Bonds are intended upon issue to be deposited with one of the international central securities depositaries ("**ICSD**") as common safekeeper or registered in the name of a nominee of one of the ICSDs acting as common safekeeper, excluding securities deposited with OeKB CSD GmbH and not issued in NGN form in order to be eligible for Eurosystem and does not necessarily mean that the Covered Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.]

[No. Whilst the designation is specified as "**no**" at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Covered Bonds are capable of meeting them the Covered Bonds may then be deposited with one of the international central securities depositaries ("**ICSD**") as common safekeeper (and registered in the name of a nominee of one of the ICSDs acting as common safekeeper). Note that this does not necessarily mean that the Covered Bonds will then be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.]

WARNING REGARDING TAXATION

The tax legislation of the Member State of the prospective purchasers of Instruments and the Issuer's country of incorporation may have an impact on the income received from the Instruments. Prospective purchasers of Instruments are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of Instruments, including the effect of any state or local taxes, under the tax laws of Austria, Luxembourg, Germany and each country of which they are residents or otherwise subject to taxation.

USE OF PROCEEDS

Unless otherwise specified in the relevant Final Terms, the net proceeds from each issue of Instruments by the Issuer will be used for its general corporate purposes, i.e. making profit. If, in respect of any particular issue, there is a particular identified use of proceeds other than using the net proceeds for general corporate purposes of the Issuer, i.e. making profits, this will be stated in the applicable Final Terms. In the case of Green Instruments, Social Instruments and Sustainability Instruments, the Issuer intends to apply an amount equal to the net proceeds from each offer of Green Instruments, Social Instruments and Sustainability Instruments to finance or refinance Eligible Green Projects and/or Eligible Social Projects, as applicable, in accordance with certain prescripted eligible criteria further described in UniCredit Group's Sustainability Bond Framework as further specified in the Final Terms.

Criteria for selecting the Eligible Green Projects and/or Eligible Social Projects under the Sustainability Bond Framework

The Sustainability Bond Framework sets out examples of Eligible Green Projects and Eligible Social Projects (together, the "**Eligible Projects**", which have been specifically selected in accordance with the Eligible Categories (as defined below) of UniCredit Group's Sustainability Bond Framework). The Sustainability Bond Framework further specifies the eligibility criteria for Eligible Projects. It is aligned with the ICMA Green Bond Principles as published in June 2021 and the ICMA Social Bond Principles as published in June 2021.

The list of examples included in the Sustainability Bond Framework is illustrative and not exhaustive and Eligible Green Projects and Eligible Social Projects will not be limited to those included on this list, provided that they qualify under the eligible categories presented in the Sustainability Bond Framework, as these are described below.

As of the date of this Securities Note, the Sustainability Bond Framework sets out the following "**Eligible Categories**" which are subdivided in categories for green projects and categories for social projects. Within this subdivision, Eligible Categories for Eligible Green Projects are categorised into five eligible categories:

- Renewable energy, whereas examples of Eligible Green Projects include:
    - renewable energy production: (i) onshore and offshore wind; (ii) solar; (iii) biogas from biowaste and low carbon gasses (Hydrogen); (iv) hydroelectric; (v) energy storage (batteries) and (vi) products and services related to renewable energy production.
- Clean transportation, whereas examples of Eligible Green Projects include:
    - low carbon passenger cars and commercial vehicles (electric, hybrid, etc.) and relevant infrastructure;
    - enhancement of rail transport and relevant infrastructure; and
    - improvement of public electricity-based/sustainable transportation and relevant infrastructure.
- Green buildings, whereas examples of Eligible Green Projects include:
    - construction or acquisition of commercial or residential green buildings which meet at least one of the following criteria: (i) the building meets a recognised environmental standard such as: LEED gold or higher, or BREEAM very good or higher; (ii) buildings with Energy Performance Certificate (EPC) class 'A'; (iii) the energy performance of the building is within the top 15 per cent. of the national or regional building stock; and (iv) buildings which meet other regional or national standards or certifications related to energy efficiency; and
    - implementation of energy efficiency solutions or renovations in buildings, which lead to a 30 per cent. increase in the building energy efficiency or at least two steps improvement in EPC compared to the baseline before the renovation.
- Pollution prevention and control, whereas examples of Eligible Green Projects include waste collection, process, disposal, and recycling (including related technologies and infrastructure).

- Sustainable water and wastewater management, whereas examples of Eligible Green Projects include water management and waste-water treatments.

As of the date of this Securities Note, the Sustainability Bond Framework sets out the following examples of Eligible Social Projects categorised into six eligible categories:

- Healthcare (target population - people in need of medical care), whereas examples of Eligible Social Projects include:
    - construction of hospitals and healthcare facilities; and
    - R&D and construction of medical equipment/healthcare technology.

- Social Assistance (target population - elderly, disabled and vulnerable people), whereas examples of Eligible Social Projects include construction of kindergartens, homes for the elderly, for disabled or for vulnerable people.

- Affordable housing (target population - low income population and people living without adequate housing), whereas examples of Eligible Social Projects include access to affordable housing.

- Support to disadvantaged areas housing (target population - SMEs located in economically underperforming areas), whereas examples of Eligible Social Projects include financing SMEs in deprived areas or affected by natural disasters.

- Education (target population – entire population), whereas examples of Eligible Social Projects include construction of schools, universities and campuses.

- Social Impact Banking (target population – organisations (profit and non-profit) generating proved and measurable social outcomes and individuals and small companies with limited or no access to credit), whereas examples of Eligible Social Projects include:
    - impact financing: projects and initiatives that, in addition to generating economic returns, have objectives of social, positive, tangible, and measurable impacts;
    - microcredit loans to individuals and small companies with limited or no access to credit.
    - social mission-oriented organisations and religious bodies.

Process for project evaluation and selection

The process for evaluation and selection consists of (i) the compliance of the assets with the lending policies and processes of the Issuer, (ii) the identification of assets meeting the defined criteria of the Sustainability Bond Framework, (iii) the evaluation and pre-selection of assets, and (iv) the validation and approval of the assets.

Management of proceeds

The Issuer will monitor the allocated proceeds in the selected eligible assets to ensure an allocation in accordance with the eligibility criteria as described in the Sustainability Bond Framework and a timely replacement of the assets that have matured, been repaid or for any reason no longer meet the selection criteria.

During the allocation or reallocation of the proceeds to Eligible Projects, an amount equivalent to the net proceeds of any Green, Social or Sustainability Instrument issuance will be held in accordance with the Issuer's liquidity management policy. The monitoring of the allocated proceeds will be through the external auditor's review.

Reporting

The Issuer will provide on https://www.bankaustria.at/ueber-uns-investoren-anleihe-informationen-pfandbriefe-green-covered-bonds.jsp an annual allocation and impact report for, with respect to Covered Bonds,the outstanding Green, Social or Sustainability Covered Bonds issued under the Sustainability Bond

Framework and with respect to Instruments other than Covered Bonds, each Green, Social or Sustainability Instrument, which contains information on the green and social impact of the Issuer's Eligible Projects, whereby such report is provided at the earliest one year following the issuance of the first Green, Social or Sustainability Instrument (as applicable) and until the maturity of the Green, Social or Sustainability Instruments, as applicable (the "**Sustainability Bond Report**").

The Sustainability Bond Report includes the disclosure of the outstanding amount of Green, Social and/or Sustainability Bond proceeds, the total amount of instruments outstanding, the total amount of the proceeds allocated to Eligible Projects and the unallocated amount, as well as the total amount allocated per Eligible Category and the amount or the percentage of new financing or refinancing. In addition, the expected environmental and/or social impacts of the Eligible Projects will be disclosed, subject to the availability of the relevant data. Qualitative reporting such as project descriptions or case studies might be provided instead of key environmental impact indicators, should these not be available.

Second Party Opinion

Appointed by the UniCredit Group, ISS ESG was authorised to provide an external review as an independent party in form of an assessment on the alignment of UniCredit Group's Sustainability Bond Framework with the ICMA Green and Social Bond Principles (2021) and the ICMA Sustainability Bond Guidelines (2021) as well as on the compliance of UniCredit Group's Sustainability Bond Framework with UniCredit Group's sustainability strategy (the "**Second Party Opinion**").

A Second Party Opinion on the Sustainability Bond Framework was provided by ISS ESG on 18 June 2021, assessing three core elements to determine the sustainability quality of the instrument:

(a) the Sustainability Bond Framework's link to UniCredit Group's sustainability strategy:

According to ISS ESG, the use of proceeds financed through instruments issued under the Sustainability Bond Framework is consistent with UniCredit Group's sustainability strategy and material ESG topics for the industry. The rationale for issuing sustainability instruments is clearly described by UniCredit Group;

(b) the Sustainability Bond Framework benchmarked against the ICMA Green Bonds Principles (GBPs), Social Bonds Principles (SBPs) and the Sustainability Bond Guidelines (SBGs):

According to ISS ESG, UniCredit Group has defined a formal concept for its instruments issued under the Sustainability Bond Framework regarding the use of proceeds, processes for project evaluation and selection, management of proceeds and reporting. This concept is aligned with the ICMA Green Bonds Principles (GBPs), Social Bonds Principles (SBPs) and the Sustainability Bond Guidelines (SBGs); and

(c) the sustainability quality of the selection criteria:

According to ISS ESG, the sustainability quality of the selection criteria in terms of sustainability benefits, risk avoidance and minimisation is positive.

Important notice

Neither UniCredit Group's Sustainability Bond Framework, nor the annual Sustainability Bond Report, nor the Second Party Opinion or any other report provided by ISS ESG (or any successor third party thereto appointed by UniCredit Group), each published on the UniCredit Group's website, are incorporated by reference into or do form a part of this Securities Note.

For more information regarding the risks associated with Green, Social or Sustainability Instruments, please refer to the section "*RISK FACTORS RELATING TO THE INSTRUMENTS*", in particular the risk factors "*3.4 Green Instruments, Social Instruments, Sustainability Instruments: Use of Net Proceeds may not meet investors' sustainable investment criteria*" and "*3.5 Sustainability evaluations*" of this Securities Note.

SELLING RESTRICTIONS

The Dealers have entered into an amended and restated programme agreement dated 27 March 2024, as further amended and/or restated and/or supplemented from time to time (the "**Programme Agreement**"), agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Instruments. Any such agreement for any particular purchase will extend to those matters stated under "Form of the Instruments" and "Terms and Conditions of the Instruments" above. In the Programme Agreement the Issuer has agreed to reimburse UniCredit Bank GmbH as arranger for certain of its expenses in connection with the establishment and update of the Programme and the issue of the Instruments.

General

Each Dealer has agreed that it will (to the best of its knowledge and belief) comply with all applicable laws and regulations in force in any jurisdiction in which it purchases, offers or sells the Instruments or possesses or distributes this Securities Note and will obtain any consent, approval or permission required by it for the purchase, offer or sale by it of the Instruments under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers or sales and neither the Issuer nor any other Dealer shall have responsibility therefor.

With regard to each Tranche, the relevant Purchaser will be required to comply with such additional or modified restrictions (if any) as the relevant Issuer and Purchaser shall agree and as shall be set out in the applicable Final Terms.

The restrictions on offerings may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive or the legal interpretation thereof. Any such modification will be set out in the applicable Final Terms.

United States

The Instruments have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons unless the Instruments are registered under the Securities Act or an exemption from the registration requirements of the Securities Act is available. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. The Instruments are being offered and sold outside the United States to non-US persons in reliance on Regulation S.

The Instruments are in bearer form and are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that, except as permitted by the Programme Agreement, it will not offer, sell or deliver any Instruments (i) as part of their distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering or completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Instruments on a syndicated basis, the relevant lead manager, of all Instruments of the Tranche of which such Instruments are a part within the United States or to, or for the account or benefit of, U.S. persons. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree that it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Instruments during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Instruments within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S of the Securities Act.

Until 40 days after the commencement of the offering of any Instruments, an offer or sale of such Instruments within the United States by a dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

In addition,

(a) except to the extent permitted under U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**"), each Dealer (i) represents that it has not offered or sold, and agrees that during the restricted period it will not offer or sell, Instruments in bearer form to a person who is within the United States or its possessions or to a United States person, and (ii) represents that it has not delivered and agrees that it will not deliver within the United States or its possessions definitive Instruments in bearer form that are sold during the restricted period;

(b) each Dealer represents that it has and agrees that throughout the restricted period it will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Instruments in bearer form are aware that such Instruments may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

(c) if it is a United States person, each Dealer represents that it is acquiring the Instruments in bearer form for purposes of resale in connection with their original issue and if it retains Instruments in bearer form for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. §1.163-5(c)(2)(i)(D)(6); and

(d) with respect to each affiliate that acquires from it Instruments in bearer form for the purpose of offering or selling such Instruments during the restricted period, each Dealer repeats and confirms the representations and agreements contained in sub-paragraphs (a), (b) and (c) on its behalf.

Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder, including the D Rules.

European Economic Area (EEA)

Unless the Final Terms in respect of any Instruments specify "*Prohibition of Sales to EEA Retail Investors*" as "*Not Applicable*", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Instruments which are the subject of the offering contemplated by this Securities Note as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

(a) the expression "retail investor" means a person who is one (or more) of the following:

  (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or

  (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

  (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**Prospectus Regulation**");

  and

(b) the expression an "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe for the Instruments.

If the Final Terms in respect of any Instruments specify "*Prohibition of Sales to EEA Retail Investors*" as "*Not Applicable*", in relation to each Member State of the European Economic Area, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Securities Note as completed by the final terms in relation thereto to the public in that Member State except that it may make an offer of such Instruments to the public in that Member State:

(i) if the final terms in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a "**Non-exempt Offer**"), following the date of publication of a prospectus in relation to such Instruments which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, *provided that* any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;

(ii) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

(iii) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(iv) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Instruments referred to in (ii) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer of Instruments to the public" in relation to any Instruments in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe for the Instruments and the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129, as amended.

United Kingdom of Great Britain and Northern Ireland ("United Kingdom" or "UK")

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Instruments specify the "*Prohibition of Sales to UK Retail Investors*" as "Not Applicable", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Instruments which are the subject of the offering contemplated by the Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

(a) the expression "retail investor" means a person who is one (or more) of the following:

  (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); or

  (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or

  (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA; and

(b) the expression an "**offer**" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe for the Instruments.

If the Final Terms in respect of any Instruments specify "*Prohibition of Sales to UK Retail Investors*" as "*Not Applicable*", each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Instruments which are the subject of the offering contemplated by this Securities Note as completed by the Final Terms in relation

thereto to the public in the United Kingdom except that it may, make an offer of such Instruments to the public in the United Kingdom:

(A) if the Final Terms in relation to the Instruments specify that an offer of those Instruments may be made other than pursuant to Section 86 of the FSMA (a "**Public Offer**"), following the date of publication of a prospectus in relation to such Instruments which either (i) has been approved by the Financial Conduct Authority, or (ii) is to be treated as if it had been approved by the Financial Conduct Authority in accordance with the transitional provision in Regulation 74 of the Prospectus (Amendment etc.) (EU Exit) Regulations 2019, provided that any such prospectus has subsequently been completed by final terms contemplating such Public Offer, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Public Offer;

(B) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;

(C) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(D) at any time in any other circumstances falling within Section 86 of the FSMA,

provided that no such offer of Instruments referred to in (B) to (D) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Instruments to the public**" in relation to any Instruments means the communication in any form and by any means of sufficient information on the terms of the offer and the Instruments to be offered so as to enable an investor to decide to purchase or subscribe for the Instruments and the expression "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA.

Other regulatory restrictions

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(a) (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Instruments other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the Instruments would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Instruments in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Instruments in, from or otherwise involving the United Kingdom.

Japan

Each Dealer has acknowledged and each further Dealer to be appointed under the Programme will be required to acknowledge that the Instruments have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the "**FIEA**") and each Dealer has represented and agreed, and each further Dealer to be appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell any Instruments, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including

any corporation or entity organised under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Hong Kong

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(1) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Instruments (except for Instruments which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong) (the "**SFO**") other than (a) to "professional investors" as defined in the SFO and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**C(WUMP)O**") or which do not constitute an offer to the public within the meaning of the C(WUMP)O; and

(2) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Instruments, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Instruments which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

GENERAL INFORMATION

Admission to Trading and Listing Information

Application has been made to the Luxembourg Stock Exchange for Instruments issued under the Programme up to the expiry of 12 months from the date of publication of this Securities Note to be admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and to be listed on the official list of the Luxembourg Stock Exchange.

Instruments may, after notification in accordance with Article 25 of the Prospectus Regulation, be admitted to trading on the Official Market (*Amtlicher Handel*) of the Vienna Stock Exchange or the regulated markets of and/or admitted to listing on the stock exchanges of a number of member states of the European Economic Area and/or publicly offered within the European Economic Area.

Instruments which are neither listed nor admitted to trading on any market may also be issued. The applicable Final Terms relating to each Tranche of Instruments will state whether or not the Instruments are to be listed and/or admitted to trading and, if so, on which stock exchanges and/or markets.

Post-issuance Information

Other than set out above in the section “USE OF PROCEEDS”, the Issuer will not provide any post-issuance information, except if required by any applicable laws and regulations.

Interests of Natural and Legal Persons Involved in the Issue/Offer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Instruments issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Instruments issued under the Programme. Any such positions could adversely affect future trading prices of Instruments issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

DOCUMENTS INCORPORATED BY REFERENCE

This Securities Note should be read and construed in conjunction with each set of Final Terms relating to any Instruments that are offered under the Programme at the time of this Securities Note which has previously been published and filed with the CSSF. For the avoidance of doubt, such parts of the above listed previously published base prospectuses relating to the Programme which are not explicitly listed in the tables above, are not incorporated by reference into this Securities Note as these parts are either not relevant for the investor or covered elsewhere in this Securities Note.

Under the Base Prospectus (comprising this Securities Note and the Registration Document), the Issuer may also offer instruments which have been issued under the base prospectus dated 31 March 2022 and the base prospectus dated 23 March 2023. Such instruments may include all instruments: (a) for which either (i) the first day of the subscription period; or (ii) the issue date is after 31 March 2022; and (b) which have not already been redeemed or cancelled or otherwise repaid by the Issuer.

The Issuer will provide, without charge, to each person to whom a copy of this Securities Note has been delivered, upon the oral or written request of any such person, a copy of any or all of the documents which, or

portions of which, are incorporated herein by reference. Written or oral requests for such documents should be directed to the Issuer at its head office set out at the end of this Securities Note. In addition, such documents will be available, free of charge, from the principal office of Banque Internationale à Luxembourg S.A. in Luxembourg in its capacity as listing agent (the "**Luxembourg Listing Agent**") for the Luxembourg Listed Instruments (as defined below). The documents incorporated by reference into this Securities Note are also available on the internet web site of the Luxembourg Stock Exchange (www.luxse.com) and of the Issuer (www.bankaustria.at).
