May 2016

Austrian value-added tax (VAT) is not charged if the customer is a foreign entrepreneur (i.e. not domiciled or established in Austria and not having a habitual place of abode in Austria) and if the services are not rendered to a permanent establishment in Austria. In this case, the place of supply of services for VAT purposes is the place where the recipient of the services is established (Section 3a (6) of the Austrian Value-Added Tax Act).
